October 6, 2020

Dear Open Records Division Officials of the Attorney General of Texas,

This is a clarification that relates to an online Open Records legal complaint against the Texas DPS Office of General Counsel that I submitted to your state agency at your official website on September 30, 2020.

That particular legal complaint of mine relates to the absence of any response from the DPS to my August 13, 2020, PIR to the DPS that was focused on the Capitol Complex DPS peace officers and me.

In my complaint to your state agency, I apparently neglected to also provide you with a correction I had submitted in writing to the DPS on August 31, 2020, in regard to the second paragraph my August 13, 2020, public-information request to the DPS.

I would like to include with my complaint through your state agency the following correction to the second paragraph of my August 13, 2020, PIR to the DPS that was focused on the Capitol Complex DPS peace officers and me:

**"INCLUDED in the scope of this request are any and all e-mail communications or reports referring at least once in any manner to myself, John Kevin McMillan of Austin, that your Capitol Region Headquarters Regional Director during the applicable nine and one-half-year time period ever on any occasion wrote or sent to, or received from, his immediate supervisor---the Deputy Director of Law Enforcement Operations for the Department of Public Safety."**

I hope this clarification is helpful to you as you review my online complaint and accompanying e-mailed documents.

Please do not hesitate to call me or write to me if you have any questions in regard to this clarification from myself.

Sincerely and Best Wishes,

**John Kevin McMillan.**

Dear Texas Department of Public Safety Director McCraw,

Please note the following correction to the text of the second paragraph of my August 13, 2020, public-information request---a correction that I had submitted in writing (below) on August 31, 2020, to the Office of General Counsel for your state agency in Austin.

I hope this clarification I was reminded this morning that I had made will be helpful to you and your staff:

"INCLUDED in the scope of this request are any and all e-mail communications or reports referring at least once in any manner to myself, John Kevin McMillan of Austin, that your Capitol Region Headquarters Regional Director during the applicable nine and one-half-year time period ever on any occasion wrote or sent to, or received from, his immediate supervisor--the Deputy Director of Law Enforcement Operations for the Department of Public Safety."

Colonel McCraw, thank you for your patience and understanding in regard to this one total paragraph substitution I have made to the text of my August 13, 2020, public-information request (final item, below, reflects that revision) to your state agency.

I hope to hear from you soon in regard to my revised August 13, 2020, public-information request to your state agency's Office of General Counsel that they have not replied to in any manner so far.

Best Wishes,  
John Kevin McMillan, requestor.

Dear Open Records Administrator for the Texas Department of Public Safety state law-enforcement agency headquarters in Austin,

This is a friendly reminder from a former full-time employee of your state agency in Austin, myself, that if I don't receive a reply from you by Thursday morning, September 3, in response to my August 13 public-information request (below), I will have no choice but to myself file a civilly-worded written legal complaint against your state agency with the Attorney General of Texas Open Records Division.

Incidentally, I would like to take this opportunity to offer you a corrected, clarified, and revised version of the entire second paragraph (below) of my August 13 public-information request:

"INCLUDED in the scope of this request are any and all e-mail communications or reports referring at least once in any manner to myself, John Kevin McMillan of Austin, that your Capitol Region Headquarters Regional Director during the applicable nine and one-half-year time period ever on any occasion wrote or sent to, or received from, his immediate supervisor--the Deputy Director of Law Enforcement Operations for the Department of Public Safety."

Please note that I have also substituted that revised and corrected version of my second paragraph in the text of the full public-information request below. Please disregard the second paragraph of the original public-information request on this that I sent you on August 13, 2020.

Thank you in advance for your prompt reply letter to me on this.

Sincerely and Best Wishes,

John Kevin McMillan, public-information requestor.

Dear Open Records Coordinator for the Texas Department of Public Safety,

This is a Texas Open Records request in which I seek to obtain from your state-government law-enforcement agency in Austin a copy of any and all e-mail communications or reports referring to myself, John Kevin McMillan of Austin, at least once in any manner, and that were written, e-mailed, sent, mailed, received, or FAXed at any time since 12:01 a.m. April 28, 2011, by any certified peace officer or law-enforcement officer or administrator based at the Texas DPS Capitol Complex, Capitol Region Headquarters, with your Regional Director who directly supervises your Capitol Region Headquarters being one such applicable DPS administrative official.

INCLUDED in the scope of this request are any and all e-mail communications or reports referring at least once in any manner to myself, John Kevin McMillan of Austin, that your Capitol Region Headquarters Regional Director during the applicable nine and one-half-year time period ever on any occasion wrote or sent to, or received from, his immediate supervisor--the Deputy Director of Law Enforcement Operations for the Department of Public Safety.

My legal name is John Kevin McMillan. I was born on April 27, 1957.

I have resided in Austin proper ever since mid-March 1997, during which time I have been employed by a variety of reputable employers, including the Texas Department of Public Safety state law-enforcement agency. I was employed full-time in your DPS Motor Carrier Bureau along Guadalupe Street for one year in the late 1990s.

My primary personal e-mail address of "mcmillanj@att.net" and my primary personal phone number of "512-342-2295" have remained the same throughout the entire nine-year period applicable to this public-information request.

I am a former Salutatorian of Stephen F. Austin High School of Austin Independent School District in Austin, Texas. I am an alumnus of The University of Texas at Austin and The University of Minnesota Graduate School of Journalism and Mass Communications in Minneapolis, respectively.

During the nine-and-one-third-year period applicable to this public-information request, I have resided at the following locations, listed chronologically from oldest address for me to most recent address:

- Wind River Crossing Apartments, 11411 Research Boulevard, Apt. 325, Austin, TX 78759;
- Crossland Economy Studios, 12621 Hymeadow Road, Apt. 133, Austin, TX 78729;
- Village Oaks Apartments, 10926 Jollyville Road, Apt. 902, Austin, TX 78759;
- Village Oaks Apartments, 10926 Jollyville Road, Apt. 1609, Austin, TX 78759;
- Austin Motor Inn, 11400 North Interstate Highway 35, a first-floor room, Austin, TX 78753;
- and
- Pebble Creek Apartments, 8805 North Plaza Drive, Apt. 2418, Bldg. 17, Austin, TX 78753.

I am the founder and only approved current member of a new and non-Christian non-proselytizing "Honor Society" religion, the anti-marijuana, anti-medical-marijuana, anti-illicit-drugs, anti-tobacco, anti-drinking-alcohol, anti-tattoos, anti-profanity-minded, anti-facial-hair-minded "Progressive Prohibitionist Religion", that has very stringent membership-eligibility

requirements.

That one total religion of mine opposes home-invasion crimes, opposes personal-injury-crimes, opposes sexual assault crimes, opposes the sex crime of pederasty, opposes the infliction of profanity or obscene speech on anyone in a context that violates their own privacy rights, opposes anonymous communications that violate the privacy of the person being subjected to those communications, opposes fraudulent or knowingly dishonest communications, opposes thought-control projects, opposes so-called "deprogramming" projects, opposes kidnappings, opposes hostage-takings, opposes compelled speech that violates the privacy rights of the individual being subjected to that compelled speech against his wishes, and opposes deliberate infliction of continuous noise pollution on anyone in a context that harms that individual's own medical health or that is aimed at punishing him or her for having political or religious or personal beliefs---or personal prejudices, even---that are disliked or opposed by the perpetrators or sponsors of that noise pollution.

Numerous current or former Central Texas residents have stated to me over a multi-year period that they either dislike or intensely dislike or question the authenticity of my own fully-independent "Progressive Prohibitionist Religion" (PPR). Around the turn of the century I gave several televised speeches on behalf of that religion of mine on local Community Access Television in Austin. One younger Central Texan man left a violent-sounding and obscene anonymous recorded phone message on my telephone-answering machine inside my apartment near UT-Austin---a recorded phone message in which he volunteered that he himself is "Catholic". In his recorded message to me, he stated that he was reacting to one or more locally televised speeches of mine that I gave on behalf of my PPR religion.

October 1, 2020

Dear Open Records Division officials for the Office of Attorney General of Texas,

Thank you in advance for kindly reviewing this documentation on behalf of my Texas Open Records formal legal complaint this afternoon (online form, final item below) against the Office of General Counsel for the Texas Department of Public Safety state law-enforcement agency here in Austin.

This particular complaint refers to the alleged failure by the Texas DPS to send me any reply in response to my revised and corrected February 21, 2020, e-mail Open Records request (next-to-last item, below) that I had written and sent to the DPS Office of General Counsel.

I would appreciate receiving a legal complaint number from you for this second Texas Open Records legal complaint of mine this week against the Office of General Counsel for the Texas Department of Public Safety state law-enforcement agency here in Austin.

Please note that I had difficulty in attempting to download the supporting documents (below), and that is why I am sending you this portion of my online complaint to your state agency via e-mail. Thank you for your patience and understanding about that.

I hope to hear from you soon.

Sincerely and Best Wishes,  
former Texas DPS full-time employee and current public-information complainant John Kevin McMillan.

**Dear Texas Department of Public Safety Director and Captain McCraw,**

**Congratulations again on your successful 11-year tenure thus far as the Austin-based chief statewide administrator of the Texas Department of Public Safety state law-enforcement agency.**

**Captain McCraw, I would greatly appreciate it if you would please ask your DPS Office of General Counsel that handles Open Records requests to respond in writing as soon as possible to my corrected February 21, 2020-dated public-information request (final item, below) to your state agency. I have contacted your state agency several times to politely request that response, and so far have not received any reply.**

**Dear Tracy,**

**Thank you for authorizing me on the phone today to send you a copy of my Feb 21, 2020-dated PIR (final item, below) to the Texas DPS Office of General Counsel, along with my several follow-up reminder notes to the DPS here in Austin that went unanswered.**

**I will be very pleased when I receive my first-ever reply letter from the DPS in response to that PIR.**

**That PIR of mine stated as follows:**

"This is a Texas Open Records request in which I seek to obtain from you copies of 10 separate very recent photo images that I myself had e-mailed to your state-law enforcement agency's Texas Rangers Division during the multi-month period (clarification on time frame) from December 21, 2019 (correction on year by JKM on 5-23-20), through the present, and that each appear to contain an image of someone other than myself apparently having been physically present inside the bedroom of my current solo-occupancy and always-bolt-locked and fully-secured efficiency apartment unit in north Austin."

Thank you again for your kind assistance on this.

Best Wishes,

John Kevin McMillan, longstanding criminal-law complainant in Austin and former full-time DPS employee in Austin.

**Dear Staff Members in the Office of General Counsel for the Texas Department of Public Safety state law-enforcement agency here in Austin,**

**Please provide me with a confirmation e-mail note indicating that you have received my February 21, 2020-dated e-mail public-information request (ORR) that was addressed and sent by me three months ago to your state agency's Office of General Counsel.**

**As of 2:31 p.m. today (Saturday, May 23, 2020), I still have not received that courtesy confirmation reply note from your state law-enforcement agency.**

**I would like to respectfully remind you that your official Texas DPS motto emphasizes "Courtesy, Service, Protection" to all Texan residents. I myself am a gainfully employed longtime Texan gentleman and former full-time employee of the Texas DPS in Austin who left on good terms with your state agency. I myself do not have any criminal-conviction record.**

**My February 21, 2020-dated public-information request (farther below is the entire text of that e-mail ORR) to your state agency began with the following paragraph:**

**Dear Ms. Frischen in the Office of General Counsel at the Texas Department of Public Safety (DPS) headquarters offices in north Austin,**

**This is a courtesy follow-up note to politely remind you that your Texas DPS Office of General Counsel here in Austin has apparently failed to meet the 10-working-days deadline imposed by the Texas Legislature for providing me with a written response to my February 21, 2020, e-mail public-information request (below) to your State of Texas law-enforcement agency.**

**I apparently have not received any reply letter from your widely-admired state law-enforcement agency in response to the above-cited public-information request.**

**If I don't receive a reply note from your Office of General Counsel by 5 p.m. Monday, March 30, 2020, I will have no choice but to file a civilly-worded legal complaint against your state agency through the Attorney General of Texas.**

**I hope to hear from you soon.  
 With Friendly Best Wishes,  
 from former Texas DPS full-time employee John Kevin McMillan.**

Dear Open Records Coordinator for the Texas Department of Public Safety,

**This is a Texas Open Records request in which I seek to obtain from you copies of 10 separate very recent photo images that I myself had e-mailed to your state-law enforcement agency's Texas Rangers Division during the multi-month period (clarification on time frame) from December 21, 2019 (correction on year by JKM on 5-23-20), through the present, and that each appear to contain an image of someone other than myself apparently having been physically present inside the bedroom of my current solo-occupancy and always-bolt-locked and fully-secured efficiency apartment unit in north Austin.**

My legal name is "John Kevin McMillan". I am a longtime celibate-by-choice, single-by-choice, gainfully-employed Anglo gentleman, and I live alone.

I might add with polite emphasis that I NEVER permit ANYONE other than on-duty Austin Police Department officers to enter my current always-bolt-locked and always-fully-secured rental apartment unit at any time during the nighttime or early-morning hours.

I might also add with polite emphasis that as of the late afternoon of my move-in-date here of June 21, 2019, I never with my own eyes ever once definitely saw any person other than myself who was himself or herself physically present anywhere inside my bedroom of my current efficiency rental unit at any time during my own conscious hours.

I was born on April 27, 1957, at Lincoln, Nebraska. I have been a resident of Austin, Texas, on a continuous and uninterrupted basis ever since mid-March 1997.

I was a full-time employee of your state agency's Motor Carrier Bureau in north Austin from October 1997 through October 1998.

I am predominantly English in ancestry, and also part-Scottish and part-German in ancestry. I am a white and light-skinned Anglo-Saxon single gentleman. I am approximately 6-feet tall and of medium build. My arms and legs and thighs are NOT heavily muscular or massive in size. I do not have ANY tattoo anywhere on my own body. I NEVER wear any jewelry, with the possible exception of the watch I wear on my left wrist. My ears and nose and mouth have never been pierced. My weight has generally been between 210 pounds and 205 pounds throughout the most recent two-month period. I am not morbidly obese. My nostrils DO NOT flare. My facial features are not flat. My eyes are not tiny in width or slanted. My eyebrows are thick----NOT THIN. I have NEVER had any mustache or beard on my own face at any time during the most recent six-month period. My hair color THROUGHOUT THE MOST RECENT SIX-MONTH PERIOD, AT LEAST, HAS ALWAYS BEEN and continues to be light brown and gray---NOT black or dark brown. My hair follicles on my head are thin in texture, not thick in texture. I have a bald spot on my head; and my hairline has receded quite a bit in the most recent three-year period.

My facial features and skin complexion have also aged significantly in the nine-year time period ever since I submitted my first-ever Sex Crimes criminal-law complaint with the Austin Police Department--- on the morning of April 28, 2011---that actually resulted in my obtaining an APD-authorized forensic medical-evidence DNA-traces rape-evidence exam on myself inside a hospital in Austin, Texas. No arrest of any crime suspect by APD was made in connection with that crime report from myself for APD Case 11-1180447.

I have been and continue to be THE ONLY rent-paying official tenant and ONLY management-team-approved occupant ever since my move-in-date of June 21, 2019, inside my current solo-occupancy apartment unit, Apartment 2418 in Building 17 near the northeastern corner of Pebble Creek Apartments, a large and gated-community complex at 8805 North Plaza Drive in north Austin.

My current 12-month signed lease-agreement with the management team here clearly states that I am the ONLY tenant and ONLY occupant on my current lease for Apartment 2418 here at this complex.

To assist you in your search for photo images responsive to this public-information request, I am providing you, below, with the texts of some very recent e-mail letters I sent to your state agency's Texas Rangers Division that each referred to attachments of recently-obtained photo-images or recently-obtained photo images I emailed to the Texas Rangers along with those letters:

Subject: 2-4-2020 special thank-you to TEXAS RANGERS re: APD case 16-1340923

I am very grateful to the Austin-based Texas Rangers Division of the Texas Department of Public Safety state agency for their very helpful and potentially life-saving willingness to accept (below) from me today eight very recent crime-evidence infrared motion-sensitive camera-generated photo images that were each obtained for me very recently during my sleeping hours of allegedly illegal trespassers inside my one total of bedroom of my current solo-occupancy efficiency apartment unit in Austin District 4---the district for which Austin City Council member Greg Casar, a resident of that district, is currently my official City Government of Austin representative on the City Council.

I have emphasized to the Texas Rangers that I insist on myself pressing criminal-law charges against any and all persons other than myself --- regardless of who they are --- who are ever determined to have been physically present ANYWHERE inside my current always-bolt-locked and always-fully-secured solo-occupancy efficiency apartment unit at any time during my own sleeping hours or my own napping

hours.

I am the ONLY apartment-management-team-approved official tenant for my current unit at Pebble Creek Apartment in north Austin, and I am also the only management-team-approved occupant in this rental-housing unit.

I always sleep ALONE on a bed I myself own inside my bolt-locked apartment unit. I am a longtime-celibate-by-choice (this on a continuous and uninterrupted basis ever since and including the day I moved to northern Austin in August 2001), single-by-choice, gainfully-employed, permanently-drinking-alcohol-free (ever since 1990), permanently-marijuana-free (ever since 1984) and anti-marijuana-minded, lifelong-illicit-drug-free in regard to any and all illicit drugs other than marijuana, lifelong-tobacco-free and anti-tobacco-minded, lifelong-tattoo-less, facially-cleanshaven (no beard, no mustache, no goatee ever on me), consistently clean-talking (no profanity by me in my everyday conversations with others), platonically polite, permanently jewelry-less, lawfully non-Christian and implicitly deistic, white Anglo-Saxon gentleman of English, Scottish, and German ancestry.

I would welcome a reply note from any of you on any aspect of this.

Sincerely and Best Wishes,

longstanding criminal-law complainant John Kevin McMillan in regard to Austin Police Department Sex Crimes Case 16-1340923, with the APD Sex Crimes Unit in 2019 and in early January 2020 having accepted eight total respective flashdrives of additional photo-images crime evidence from me for that alleged continuous-and-continuing-daily-and-year-round-and-multi-year felony-crimes case in which I am the self-identified victim.

No DNA-traces forensic medical exam has ever been authorized for me at any time by APD for this particular very alarming and outrageous continuous personal-injury-crimes-and-sex-crimes case that was originally activated through a crime report of mine to APD in 2016.

Throughout all of calendar year 2016, I resided as either a rent-paying tenant or a rent-paying approved occupant in a locked bedroom of my own inside a two-bedroom apartment I shared with one total management-approved roommate in Building 9 at Village Oaks Apartments, a Northland property in northwest Austin.

Subject: 2-4-20 more spy-camera crime-evidence photos from my bedroom of current apt.

February 4, 2020

Dear Texas Rangers Division Crime Investigators for the Texas Department of Public Safety state law-enforcement agency in Austin,

I wish to again politely emphasize to your very influential and much-admired State of Texas law-enforcement agency here in Austin that I myself ALWAYS sleep or nap alone on my own bed here in Austin.

I might add that during my own conscious or waking hours, I have never once seen anyone other than myself anywhere inside my bedroom of my current bolt-locked solo-occupancy efficiency apartment unit at Pebble Creek Apartments, 8805 North Plaza Drive, in north Austin. And in the entire multi-month period in which I have resided inside my current unit, Apt. 2418 at Pebble Creek, I have never at any time permitted any relative of mine, any coworker of mine, any work supervisor of mine, any neighbor of mine, or any personal acquaintance of mine or friend of mine, or any religious group, to enter my apartment unit at any time.

The ONLY persons I have permitted to enter my apartment unit have been an on-duty investigator for the Texas Department of Family and Protective Services, Ms. Diana McGeehan, who interviewed me here during that one total visit by herself for DFPS Case 7292-2668; on-duty pest-control-services employees on a contact with the apartment management team here at this complex; on-duty maintenance staff members for this complex; on-duty Grande Communications technicians who over a multi-day period helped me to set up my cable TV service, landline-telephone service, and internet service at this complex where Grande holds an exclusive contract with the management team here for media services of those types for any and all tenants here; several respective on-duty APD officers; and, on June 21, 2019, only, two on-duty male staff members for Austin Affordable Moving company, one of them Anglo and the other gentleman an African-American assigned by Austin Affordable Moving to perform that service for me, who moved my belongings into this new unit, and whom I paid in full for their very helpful assistance on that.

NO ONE should ever be anywhere inside my current bolt-locked apartment unit during my bedtime or sleeping hours. In fact, the ONLY persons I have permitted to enter my current bolt-locked apartment unit at nighttime have solely and exclusively been on-duty Austin Police Department officers.

This is a follow-up letter to previous spy-camera photos I have sent in recent weeks to your noble law-enforcement agency in connection with Austin (TX) Police Department (APD) Sex Crimes Case 16-1340923.

I wish to emphasize that my own hair color is gray and brown, not black; I have not dyed my hair on any occasion in many months; I am a light-skinned white Anglo-Saxon gentleman of English, Scottish, and German ancestry; my nostrils do not flare; I am of medium build and I DO NOT have massive leg muscles, thighs, or arm muscles; I DO NOT have any tattoo anywhere on my body; I am 62 years old and weigh about 210 pounds; I am about 6-feet tall; my eyebrows are thick (not thin); and my eyes are oval-shaped and NOT slanted or very very slender and tiny in width.

That is a very alarming and major felony-crimes case in which APD ---- several years after that crime case was first activated in 2016 with help from ADT video clips I myself obtained and paid for of alleged intruders during my sleeping hours inside my locked and fully-secured private bedroom of a Village Oaks Apartments rental unit, Apartment 902, that I shared during that multi-month time period with a Northland employee, Brett Andrew Meyer, at 10926 Jollyville Road in northwest Austin, with Village Oaks being a Northland property, and the for-profit Northland realty corporation reportedly being headquartered in Newton, Mass. ----- still has not arrested any actual crime suspect.

Each of the spy-camera photos I have sent to your Texas Rangers law-enforcement agency in recent weeks were obtained for me during my bedtime hours. All these photos I am sending you today were obtained for me in either the latter half of 2019 or early 2020 by one or two of the new motion-sensitive, infrared hunter's cameras that I purchased separately in 2019 at an Academy store in northwest Austin in 2019. The two video cards I am using with my two total hunter's cameras at present were also purchased brand-new by me in 2019 here in Austin.

The crime-evidence photos I previously sent you in a recent prior week, along with the photos that I am sending to you today, were each obtained during my sleeping hours at nighttime or my napping hours as I lay alone, asleep and unconscious, on my own bed inside my always-bolt-locked and always-fully-secured current solo-occupancy (myself, only) efficiency apartment unit at Pebble Creek Apartments, 8805 North Plaza Drive, in the District 4 section of Austin.

I very politely and very emphatically insist on my legal right to press criminal-law charges --- including home-invasion-crime charges, trespassing charges, assault by physical contact charges, deliberate-sleep-ruination-charges or harassment charges relating to frequent interruption of my sleep that has been very injurious to me, charges of illegal and unauthorized "medical" services, such as unwanted "nasal inhalants" (I DO NOT use or own any nasal inhalants) or unwanted anal-vibration services (I DO NOT own any vibrator of any type, and do NOT want any anal-vibrator inserted anywhere into my anus during my sleeping hours) or unwanted hydration services that I very emphatically did NOT authorize (I have had to urinate several times per night, after being awakened abruptly in the middle of my sleep without any intruder visible), alleged-personal-injury crimes charges, and criminal charges referring to alleged sexual assault crimes allegedly being inflicted on me against my wishes --- against any person who is ever determined by a law-enforcement agency to have been physically present anywhere inside my current always-bolt-locked apartment unit at any time during my sleeping or napping hours.

I was specifically informed in person at between 5 p.m. and 5:30 p.m. Tuesday, January 28, 2020, by Miranda Vasquez, an assistant manager at Pebble Creek Apartments, who herself confirmed that information after checking briefly with this complex's General Manager, Juan Acosta, who was seated inside his office while I was myself inside their management team office main office area in order to pay my monthly rent in full for February 2020, that there are only three total possible "points of entry" into my current apartment unit, Ms. Vasquez stated. Ms. Vasquez politely added, in response to a question from me during my visit to her management team office on January 28, that she is not aware of any case that has ever occurred anywhere at this complex in which any wall of any apartment unit anywhere at this entire complex has ever moved outward or inward or ever been found to be in motion at any time.

I maintain that one or more hidden or secret points of entry into my bolt-locked and fully-secured apartment unit have, in fact, allegedly been used by alleged home-invasion-crimes perpetrators allegedly victimizing me during my sleeping hours inside my current efficiency apartment unit at Pebble Creek Apartments. My motion-sensitive infrared spy-camera photos have shown protrusions emanating from a wall of my bedroom and higher-level movement a matter of inches from a wall of my bedroom, and have also shown a wall of my bedroom illuminated or glowing, even though all my lights were turned off.

The City Council member who represents me on the City Council is District 4 representative Greg Casar, a Hispanic gentleman who also resides in District 4. Council Member Casar has not indicated to me at any time that he questions my own accuracy or integrity as a gainfully employed and law-abiding single adult Anglo male criminal-law complainant here in Austin.

I am very hopeful that your integrity-minded Texas Rangers will please officially authorize for me or obtain for me what will be my first-ever DNA forensic exam on myself since 2011 in this alleged felony crimes case that I have repeatedly informed the Austin Police Department is, in fact, a continuous and continuing personal-injury-crimes and anal-rape crimes and illegal-nasal-inhalant-infliction-crimes case and illegal-hydration-case in which I am the victim and complainant.

As a former full-time DPS employee of very fine integrity and a gentleman who myself does not have any criminal-conviction record, I also welcome any opportunity to myself visit your Texas Rangers complex for an interview with a crime investigator for your very influential state law-enforcement agency.

I hereby politely insist on my legal right to myself file charges through your Texas Rangers Division of the DPS if there is any evidence of alleged obstruction of justice by any law-enforcement agency or any government official, regardless of whether that public official currently holds the position of Chief of State for the U.S. Government, who has allegedly had any role in blocking or impairing or interfering with investigation of this alleged continuous-felony-crimes case by a reputable law-enforcement agency with jurisdiction or possible jurisdiction.

In regard to our current Chief of State, I would like to respectfully point out that Donald Trump in recent months has repeatedly refused to send me any reply letter I requested from him which would have stated to me whether President Trump supports safe housing conditions for me inside my then-current apartment unit in Austin, Texas.

I am a longtime celibate single adult Anglo gentleman, and I am a longtime permanent abstainer from drinking alcohol, marijuana, and any and all of the other illicit drugs. I have not had ANY sexual contact

with anyone or any intimate physical contact with anyone at any time during any of my own waking or conscious hours at any time since or including the day in August 2001 when I moved to the northern section of Austin after moving out of an efficiency apartment unit I had resided in near the University of Texas at Austin campus.

Please do not hesitate to contact me if you need any additional information or documentation from me.

Thank you in advance for your helpful reply letter or reply phone call to me on this.

Sincerely and Best Wishes,

John Kevin McMillan, criminal-law complainant and a former state agency employee who is also myself a former full-time employee of the Texas Board of Pardons and Paroles state agency in Austin.

Dear Office of the Attorney General of Texas state agency Open Records Division Officials in Austin,

Thank you for your confirmation message (final item, below) to me late this Wednesday night, September 30, that your State of Texas agency has received my online public-information-request complaint against the Office of General Counsel of the Texas Department of Public Safety state law-enforcement agency state headquarters offices in north Austin.

Below, please find the text of my politely-worded written appeal to Texas DPS Director Steven McCraw. My appeal relates to the alleged failure of the DPS Office of General Counsel to send me a reply letter of any type in response to my August 13, 2020, public-information request (below) to the DPS.

DPS Director McCraw chose not to send me any written response to my appeal through his state agency.

Incidentally, I am e-mailing you the full exact text of my August 13 public-information request because I had difficulty attempting to download my public-information request and accompanying appeal to DPS Director McCraw.

Please let me know if this e-mailed documentation from me is not adequate on behalf of finalizing and making complete my official online complaint I had submitted to your state agency at about 11:53 p.m. this Wednesday night, September 30, 2020.

Best Wishes,

Dear Open Records Coordinator for the Texas Department of Public Safety,

This is a Texas Open Records request in which I seek to obtain from your state-government law-enforcement agency in Austin a copy of any and all e-mail communications or reports referring to myself, John Kevin McMillan of Austin, at least once in any manner, and that were written, e-mailed, sent, mailed, received, or FAXed at any time since 12:01 a.m. April 28, 2011, by any certified peace officer or law-enforcement officer or administrator based at the Texas DPS Capitol Complex, Capitol Region Headquarters, with your Regional Director who directly supervises your Capitol Region Headquarters being one such applicable DPS administrative official.

INCLUDED in the scope of this request are any and all e-mail communications or reports that your Capitol Region Headquarters Regional Director wrote, sent, or received during the applicable multi-year time period to his immediate supervisor, the Deputy Director of Law Enforcement Operations for the Department of Public Safety.

My legal name is John Kevin McMillan. I was born on April 27, 1957.

I have resided in Austin proper ever since mid-March 1997, during which time I have been employed by a variety of reputable employers, including the Texas Department of Public Safety state law-enforcement agency. I was employed full-time in your DPS Motor Carrier Bureau along Guadalupe Street for one year in the late 1990s.

My primary personal e-mail address of "mcmillanj@att.net" and my primary personal phone number of "512-342-2295" have remained the same throughout the entire nine-year period applicable to this public-information request.

I am a former Salutatorian of Stephen F. Austin High School of Austin Independent School District in Austin, Texas. I am an alumnus of The University of Texas at Austin and The University of Minnesota Graduate School of Journalism and Mass Communications in Minneapolis, respectively.

During the nine-and-one-third-year period applicable to this public-information request, I have resided at the following locations, listed chronologically from oldest address for me to most recent address:

---Wind River Crossing Apartments, 11411 Research Boulevard, Apt. 325, Austin, TX 78759;  
---Crossland Economy Studios, 12621 Hymeadow Road, Apt. 133, Austin, TX 78729;  
---Village Oaks Apartments, 10926 Jollyville Road, Apt. 902, Austin, TX 78759;  
---Village Oaks Apartments, 10926 Jollyville Road, Apt. 1609, Austin, TX 78759;  
---Austin Motor Inn, 11400 North Interstate Highway 35, a first-floor room, Austin, TX 78753; and  
---Pebble Creek Apartments, 8805 North Plaza Drive, Apt. 2418, Bldg. 17, Austin, TX 78753.

I am the founder and only approved current member of a new and non-Christian non-proselytizing "Honor Society" religion, the anti-marijuana, anti-medical-marijuana, anti-illicit-drugs, anti-tobacco, anti-drinking-alcohol, anti-tattoos, anti-profanity-minded, anti-facial-hair-minded "Progressive Prohibitionist Religion", that has very stringent membership-eligibility requirements.

That one total religion of mine opposes home-invasion crimes, opposes personal-injury-crimes, opposes sexual assault crimes, opposes the sex crime of pederasty, opposes the infliction of profanity or obscene speech on anyone in a context that violates their own privacy rights, opposes anonymous communications that violate the privacy of the person being subjected to those communications, opposes fraudulent or knowingly dishonest communications, opposes thought-control projects, opposes so-called "deprogramming" projects, opposes kidnappings, opposes hostage-takings, opposes compelled speech that violates the privacy rights of the individual being subjected to that compelled speech against his wishes, and opposes deliberate infliction of continuous noise pollution on anyone in a context that harms that individual's own medical health or that is aimed at punishing him or her for having political or religious or personal beliefs---or personal prejudices, even---that are disliked or opposed by the perpetrators or sponsors of that noise pollution.

Numerous current or former Central Texas residents have stated to me over a multi-year period that they either dislike or intensely dislike or question the authenticity of my own fully-independent "Progressive Prohibitionist Religion" (PPR). Around the turn of the century I gave several televised speeches on behalf of that religion of mine on local Community Access Television in Austin. One younger Central Texan man left a violent-sounding and obscene anonymous recorded phone message on my telephone-answering machine inside my apartment near UT-Austin---a recorded phone message in which he volunteered that he himself is "Catholic". In his recorded message to me, he stated that he was reacting to one or more locally televised speeches of mine that I gave on behalf of my PPR religion.

**Dear Open Records Division Officials of the Attorney General of Texas,**

**This is a clarification that relates to an online Open Records legal complaint against the Texas DPS Office of General Counsel that I submitted to your state agency at your official website on September 30, 2020.**

**Please note the following correction to the text of the second paragraph of my August 13, 2020, public-information request---a correction that I had submitted in writing (below) on August 31, 2020, to the Office of General Counsel for your state agency in Austin.**

**I hope this clarification I was reminded this morning that I had made will be helpful to you and your staff:**

**"INCLUDED in the scope of this request are any and all e-mail communications or reports referring at least once in any manner to myself, John Kevin McMillan of Austin, that your Capitol Region Headquarters Regional Director during the applicable nine and one-half-year time period ever on any occasion wrote or sent to, or received from, his immediate supervisor---the Deputy Director of Law Enforcement Operations for the Department of Public Safety."**

**Colonel McCraw, thank you for your patience and understanding in regard to this one total paragraph substitution I have made to the text of my August 13, 2020, public-information request (final item, below, reflects that revision) to your state agency.**

**I hope to hear from you soon in regard to my revised August 13, 2020, public-information request to your state agency's Office of General Counsel that they have not replied to in any manner so far.**

**Best Wishes,  
John Kevin McMillan, requestor.

**Dear Open Records Administrator for the Texas Department of Public Safety  
state law-enforcement agency headquarters in Austin,**

**This is a friendly reminder from a former full-time employee of your state  
agency in Austin, myself, that if I don't receive a reply from you by Thursday  
morning, September 3, in response to my August 13 public-information request  
(below), I will have no choice but to myself file a civilly-worded written legal  
complaint against your state agency with the Attorney General of Texas Open  
Records Division.**

**Incidentally, I would like to take this opportunity to offer you a corrected,  
clarified, and revised version of the entire second paragraph (below) of my  
August 13 public-information request:**

**"INCLUDED in the scope of this request are any and all e-mail communications  
or reports referring at least once in any manner to myself, John Kevin McMillan  
of Austin, that your Capitol Region Headquarters Regional Director during the  
applicable nine and one-half-year time period ever on any occasion wrote or**

sent to, or received from, his immediate supervisor---the Deputy Director of Law Enforcement Operations for the Department of Public Safety."

Please note that I have also substituted that revised and corrected version of my second paragraph in the text of the full public-information request below. Please disregard the second paragraph of the original public-information request on this that I sent you on August 13, 2020.

Thank you in advance for your prompt reply letter to me on this.

Sincerely and Best Wishes,

John Kevin McMillan, public-information requestor.

Dear Open Records Coordinator for the Texas Department of Public Safety,

This is a Texas Open Records request in which I seek to obtain from your state-government law-enforcement agency in Austin a copy of any and all e-mail communications or reports referring to myself, John Kevin McMillan of Austin, at least once in any manner, and that were written, e-mailed, sent, mailed, received, or FAXed at any time since 12:01 a.m. April 28, 2011, by any certified peace officer or law-enforcement officer or administrator based at the Texas

DPS Capitol Complex, Capitol Region Headquarters, with your Regional Director who directly supervises your Capitol Region Headquarters being one such applicable DPS administrative official.

INCLUDED in the scope of this request are any and all e-mail communications or reports referring at least once in any manner to myself, John Kevin McMillan of Austin, that your Capitol Region Headquarters Regional Director during the applicable nine and one-half-year time period ever on any occasion wrote or sent to, or received from, his immediate supervisor---the Deputy Director of Law Enforcement Operations for the Department of Public Safety.

My legal name is John Kevin McMillan. I was born on April 27, 1957.

I have resided in Austin proper ever since mid-March 1997, during which time I have been employed by a variety of reputable employers, including the Texas Department of Public Safety state law-enforcement agency. I was employed full-time in your DPS Motor Carrier Bureau along Guadalupe Street for one year in the late 1990s.

My primary personal e-mail address of "mcmillanj@att.net" and my primary personal phone number of "512-342-2295" have remained the same throughout the entire nine-year period applicable to this public-information request.

I am a former Salutatorian of Stephen F. Austin High School of Austin Independent School District in Austin, Texas. I am an alumnus of The University of Texas at Austin and The University of Minnesota Graduate School of Journalism and Mass Communications in Minneapolis, respectively.

During the nine-and-one-third-year period applicable to this public-information request, I have resided at the following locations, listed chronologically from oldest address for me to most recent address:

---Wind River Crossing Apartments, 11411 Research Boulevard, Apt. 325, Austin, TX 78759;  
---Crossland Economy Studios, 12621 Hymeadow Road, Apt. 133, Austin, TX 78729;  
---Village Oaks Apartments, 10926 Jollyville Road, Apt. 902, Austin, TX 78759;  
---Village Oaks Apartments, 10926 Jollyville Road, Apt. 1609, Austin, TX 78759;  
---Austin Motor Inn, 11400 North Interstate Highway 35, a first-floor room, Austin, TX 78753; and  
---Pebble Creek Apartments, 8805 North Plaza Drive, Apt. 2418, Bldg. 17, Austin, TX 78753.

I am the founder and only approved current member of a new and non-Christian non-proselytizing "Honor Society" religion, the anti-marijuana, anti-medical-marijuana, anti-illicit-drugs, anti-tobacco, anti-drinking-alcohol, anti-tattoos, anti-profanity-minded, anti-facial-hair-minded "Progressive Prohibitionist Religion", that has very stringent membership-eligibility requirements.

That one total religion of mine opposes home-invasion crimes, opposes personal-injury-crimes, opposes sexual assault crimes, opposes the sex crime of pederasty, opposes the infliction of profanity or obscene speech on anyone in a context that violates their own privacy rights, opposes anonymous communications that violate the privacy of the person being subjected to those communications, opposes fraudulent or knowingly dishonest communications, opposes thought-control projects, opposes so-called "deprogramming" projects, opposes kidnappings, opposes hostage-takings, opposes compelled speech that violates the privacy rights of the individual being subjected to that compelled speech against his wishes, and opposes deliberate infliction of continuous noise pollution on anyone in a context that harms that individual's own medical health or that is aimed at punishing him or her for having political or religious or personal beliefs---or personal prejudices, even---that are disliked or opposed by the perpetrators or sponsors of that noise pollution.

Numerous current or former Central Texas residents have stated to me over a multi-year period that they either dislike or intensely dislike or question the authenticity of my own fully-independent "Progressive Prohibitionist Religion" (PPR). Around the turn of the century I gave several televised speeches on behalf of that religion of mine on local Community Access Television in Austin. One younger Central Texan man left a violent-sounding and obscene anonymous recorded phone message on my telephone-answering machine inside my apartment near UT-Austin---a recorded phone message in which he volunteered that he himself is "Catholic". In his recorded message to me, he stated that he was reacting to one or more locally televised speeches of mine that I gave on behalf of my PPR religion.
