Subject: UOF Reporting

Sergeants and Lieutenants,

Please see the attached IA guide for reporting UOF incidents during civil unrest.

Some specific guidance related to May 31, 2020 – June 1, 2020 below.

A DR has been assigned to the overall protest ([REDACTED]). This DR will document the protest, the declaration of an unlawful assembly and other elements of the critical incident. This DR should not be used for the filing of any UOF reports.

For any Officers, Sergeants, Lieutenants who were assigned to, or present at **Broadway and Pine** during the civil unrest while force was being used shall file a Supplement to ([REDACTED]) related to the force used. If you used force, document your assignment, how you got to this location, the direction you were given. Document your observations of the scene, criminal activity and the force you used. Document why you used force for each application of force.

For any Officers, Sergeants, Lieutenants who were assigned to, or present at **3rd Street and Pine** during the civil unrest while force was being used shall file a Supplement to ([REDACTED]) related to the force used. If you used force, document your assignment, how you got to this location, the direction you were given. Document your observations of the scene, criminal activity and the force you used. Document why you used force for each application of force.

For any Officers, Sergeants, Lieutenants who were deployed at any other location on a skirmish line and force was used, the involved Sergeant needs to contact the communications center and have a call and DR generated related to that location. Once the DR is pulled make sure all officers from that location file a supplement report related to their observations and actions. If there was a Lieutenant at the location the Lieutenant shall file a follow up related to his/her actions, observations and directions to the officers using force.

Officers and Sergeants who responded to multiple locations as part of a strike team or rapid response team need to document their actions for each location where force was used. For example, if a group of officers responded to the PIKE outlets and used force on a group of looters who fled, that force needs to be documented in a DR and the Sergeant needs to do a Blue Team UOF report. If the same officers, then responded to 5th/LBB and used force that is a separate incident and an new DR needs to be pulled.

See the “Internal Affairs Guide” and sample reports for further direction. If you have any questions related to UOF reports or Blue Team reporting please contact Internal Affairs.

Latest intel regarding the protest at City Hall today is that it should be peaceful and similar to the ones yesterday. They expect approx.. 300 ppl. Hopefully our EOW time is still 1800, but in case things get out of hand, that could be extended. We will see how things play out after it starts. Stay tuned.
