I was contacted by Chief [REDACTED] from Gardenia PD. He told me that several years ago, one of his officers was involved in an OIS in which the suspect died. The family is being represented by BLM and are currently suing the City. The Department was contacted by BLM and told that they were going to print up 100K flyers with the officers information on it. The Officer lives in our city. At this time there is no indication when/if this will occur. The Chief said the officer is concerned for his safety. At this point, Gardenia is not planning on putting any of their officers at the location, but is asking for our assistance with a DCC of the residence.

The officers name is [REDACTED] and his address is [REDACTED]. His cell # is [REDACTED]. Due to the hour, I have not contacted him.

The point of contact for Gardenia PD is [REDACTED]. His cell # is [REDACTED]

Please have officers DCC the residence. CIS Lt. Lebaron and Commander O'Dowd have been notified.

(U//FOUO) The above link will download the **(U//FOUO) Joint Regional Intelligence Center (JRIC) Situation Report: Civil Unrest in the JRIC AOR – 2100 Hours, 3 June, dated 3 June 2020.**

(U//FOUO) The 25 May death of George Floyd in Minneapolis, Minnesota, has sparked nationwide protests, with some turning confrontational and leading to looting, arson, and riots, and calls for violence against law enforcement officers for perceived police brutality. On 30 May, California Governor Newsom announced a state of emergency in Los Angeles County and approved requests from Los Angeles and Los Angeles County to deploy the National Guard to assist the city and neighboring communities. Planned, and likely unplanned, demonstrations are expected as the nationwide unrest continues. In light of these nationwide demonstrations, and the ongoing potential for violent confrontations between demonstrators and police, this JRIC Situation Report provides situational awareness on notable violent, criminal incidents, curfew announcements or extensions, and other developments in the JRIC six-county AOR.
