This email is important as we move forward without the support of the EOC, IMT and extra staffing we have been accustomed to the last couple of weeks. Any preparations, planning, and operational oversight of upcoming protests and marches will be handled by the division where the event initially begins. However, exceptions can be made. For example, an rally begins at Bixby Park, but the group marches to City Hall and back. I would expect this event to be handled by SD since the event is predominantly in SD.

The DOC will be operational from 0800 to 1800, but will be minimally staffed. The DOC will support the divisions, but cannot assist in any planning, preparations, or oversight of the operation.

Remember, the attached four (4) platoons were assembled during the Unrest Operation. These personnel did extensive training together and worked together throughout the entire week. They can be ordered in as a group if needed.

You also have the SWAT Strike Force Platoon as well.

Michael A. Lewis

Got it. I briefed the patrol commanders and DOC staff yesterday. The planning and oversight of any event will fall on the division commander and the WC working on the day of the event.

I will make sure the division commanders are mindful of all the events, but for sure the events indicated below.

CIS will continue to look for local events that will have an impact on our operations but it will be incumbent on the division where the events are happening to reach out to the organizer and to make plans to staff the event.

Ryan indicated the event on Wednesday at City Hall, the event on Saturday 6/20 at 1 WTC and Sunday 6/28 warrant the division commander paying attention to as they could draw a crowd. The Division commander or the assigned lieutenant can contact CIS, but they should designate a point of contact so there is not a duplication of effort.

Good morning,

The CIS office will not be staffed over the weekend.

Currently, we are unaware of any events planned for Saturday, June 13, or Sunday, June 14.

Unless we locate a new event for the weekend, the next event list will be disseminated Monday, June 15.

Let me know if you have any questions.

Jason
