Anthony Moser

Dear Mr. Moser:

This letter is in response to your Freedom of Information Act (“FOIA”) request received by the Department of Human Resources (“DHR”) on August 15, 2023. An extension was sought on August 22, 2023, and we are now responding to your request seeking:

*Pursuant to the Illinois Freedom of Information Act, I hereby request the following records:
A complete export of the city employees dataset, including all entries that exist in the current system of record (for example, if the city starting using the current database or software in 2010, please include everything from that point until now; archival records stored in a different format are not requested).*

*Please include *all available fields* that do not require review for redaction, including but not limited to:*

Start date

End date (if any)

Name

Job Title(s)

Department

Full or part time

Salary or hourly

Typical hours

Annual salary

Hourly rate

In response to your request, please see the attached spreadsheets. In response to your request for typical hours, the DHR has no responsive documents. To the extent another City department or agency maintains these records, please note that each City agency is a “public body” under Section 2 of FOIA, 5ILCS 140/2(a). See *Duncan Publishing, Inc. v. City of Chicago*, 304 Ill. App. 3d 778, 784, 709 N.E.2d 1281, 1286 (1st Dist. 1999) (“Clearly, each of the individual departments are subsidiary bodies of the City and are ‘public bodies’ as defined by the FOIA.”). A FOIA request must be directed to the department or agency that maintains the records you are seeking.

To the extent that you consider this a denial of your FOIA request, you have a right of review by the Illinois Attorney General’s Public Access Counselor, Leah Bartelt, who may be contacted at 500 South 2nd Street, Springfield, IL 62701, by telephone at (877) 299-3642, or via email at public.access@ilag.gov. You may also seek judicial review of a denial under 5 ILCS 140/11 of FOIA.

Sincerely,

Melissa Nunchuck
Compliance Officer
