Tarra Denton (AKA Lawson) was arrested for a series of controlled buys. Malaika Angevine was arrested for aiding Denton in the completion of two of the buys that Denton arranged. The arrests took place on 9/30/11, the same day that a warrant was served on Denton's place of residence. A search warrant was then secured for her rental car and purse based on PC developed at the time of her arrest and the investigation.

Denton and Angevine were booked into KCSO jail on 9/30/11. The warrant served on the car and purse yielded more prescription pills, a stolen handgun and evidence that Denton was dealing marijuana. Denton was charged with Possession of a Stolen Firearm, Unlawful Possession of a Firearm (felon) and Possession with Intent to Deliver (marijuana). These charges were added on 10/1/11 while she was in jail.

This file may be forwarded to the prosecutor for charges on Denton, and Angevine.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

 10/7/11

Race: Sex: DOB: Age:

Employer:

Home Phone:

On September 20th, 2011, I was working as the detective sergeant assigned to the Bremerton Police Department's Special Operations Group (SOG). Also on this date, I assisted Detective Elton with the controlled purchase of three Percocet (Oxycodone) pills with the use of a police operative (PO). The suspect involved in this case has been identified as Tarra Denelle Denton, DOB: 11/19/1977. Prior to the deal, the PO told Detective Elton and me that he/she expected Denton to be in her grey Honda Odyssey van during the drug transaction.

Prior to the "controlled buy", Detective Elton and I met with the PO at a pre-determined, secure location. At that time, I searched the PO's vehicle. During that search, I did not locate any illegal contraband or cash. I did not observe it, but was told by Detective Elton that he searched the PO's person. While at the secure location, the PO called Tarra Denton and arranged the purchase of 3 15 mg Percocet pills for \$60.00. During that conversation Denton told the PO to meet her at a parking lot near "Big-O Tires" on Kitsap Way.

I followed the PO to the area of Kitsap Way and when we got to the area of McDonald's, I was contacted by Detective Elton who told me that Denton had changed the location of the deal and it was set to occur in the Taco Bell parking lot. The Taco Bell is located at 3320 Kitsap Way, Bremerton, Washington. I turned my vehicle around in the area of Kitsap Way and National Avenue and as I did, I lost sight of the PO. I then traveled to the Taco Bell parking lot, where I set up surveillance on the parking lot. Detective Elton had taken over surveillance of the PO during this time.

Moments later, I observed the PO arrive in the Taco Bell parking lot and park. While we waited in this lot, I observed a 1999 Toyota Corolla, bearing Washington license: AEF5940, park directly behind my car. (I later ran this license plate and it comes back registered to 8A) This car was occupied by two younger looking females (approximately 17-19 years of age). At one point, the passenger exited this vehicle and walked into the Taco Bell for a moment and then exited within a minute or two and got back into this vehicle. The vehicle was parked there for at least 10 to fifteen minutes and never moved. I thought this was suspicious because they never went in to get food and appeared to be there waiting for something other than food. I suspected they were there to purchase drugs and I relayed this information to Detective Elton.

Shortly thereafter, I observed another vehicle (a red, 1994, Toyota Camry, bearing Washington license: 037TCX) (I later ran this license plate and it comes back registered to 8A) arrive in the parking lot and park deeper in the lot. This car was occupied by at least two younger females (approximately 17-19 years of age) and a medium sized, brown dog.

At approximately 1723 hours, I observed a grey, 2009, Honda Odyssey, bearing Washington license: 532ZCH, park near the PO's vehicle. (I later ran this license plate and it comes back registered to 8A) I then observed the PO exit his/her vehicle and walk over to the passenger side of Tarra Denton's van and get in. While the PO was in Denton's vehicle, a white female exited the red Toyota Camry (described above) and walked over to the driver's side of Tarra Denton's van. I could see this female reach into the vehicle at least two different times and I suspected she was purchasing controlled substances from Tarra at this point. Within about a minute, this female

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

walked away from Tarra Denton's van and approached the passenger side of the 1999 Toyota Corolla that had parked directly behind my vehicle. I then observed this female reach into the passenger compartment of this vehicle as if she was handing something to the passenger. The female then returned to her car.

At about the same time, the PO exited Denton's van and returned to his/her car. At approximately 1727 hours, Tarra Denton backed out and exited the parking lot followed by the PO and the two additional cars that I had described earlier.

I radioed this information to Detective Elton who ultimately followed the PO back to a secure location. After clearing the Taco Bell parking lot, I went to the secure location where I again searched the PO's vehicle.

This time, during the search of the PO's car, I located a music cd (compact disk) case tucked between the passenger seat and the center console. I opened this case and located a small plastic baggie containing what is suspected to be one half of a 30 mg Percocet pill. I then immediately observed a piece of tin foil with burn marks and the remnants of what appeared to be another possible Percocet pill. This piece of tin foil was found on the passenger seat, but I believe it had fallen out of the cd case when I initially picked it up. This belief is based on the statement made by the PO when questioned about these items that both items had been in the cd case. It is my belief that these items were in fact in the vehicle during my first search, before the controlled buy, but that I simply did not find them during that search.

I showed the PO the baggie containing half of a pill and the piece of tin foil with suspected Percocet residue and burn marks on it and asked him/her about it. The PO told Detective Elton and me that these items had been in the car previous to our controlled buy and that he/she did not purchase the pill from Tarra Denton. The PO indicated he/she had simply forgotten about the items. Detective Elton advised the PO that he was going to take custody of the pill and paraphernalia and place the items into evidence. I turned these two items of evidence over to Detective Elton at that time, for placement into the evidence system. Detective Elton ultimately did place these two items into evidence under BPD case number B11-009106, item #1 (bag with skulls printed on it containing one half of a 30 mg Percocet pill) and item #2 (foil with Percocet residue on it).

The three pills that the PO had purchased from Tarra Denton, on this date, were placed into evidence by Detective Elton under this case number (B11-009105, item #B1).

In researching Tarra Denton in a Bremerton Police Department records system (ILEADS), I found that on August 31st, 2011, Tarra Denton was the victim of what appears to be a home invasion robbery. This robbery was documented under BPD report B11-008414. The robbery occurred at 2503 Baymont Place, Bremerton, Washington. During the robbery the suspects stole 360 Vicoden pills and approximately \$2,500.00 in cash, along with her grey "Coach" purse that contained a white I-phone, a Bank of America debit card, a Washington State driver's license, and approximately \$300.00 cash. The PO in this case had indicated that Tarra Denton lived in the area of N. Cambrian Avenue, or somewhere near there. It should be noted that Baymont Place is near the 2400 to 2600 block of N. Lafayette Avenue which is very near N. Cambrian Avenue. Additionally, the PO in this case indicated Denton was living there with her boyfriend, who is a black male, but did not know his name. While I was reviewing this case, I noted that during the interview of Denton, she indicated she was living there with an individual by the name of Isaac Miller. Isaac Miller was fully identified as Isaac Shandon Miller, DOB: 11/15/1982 and happens to be a black male.

This concludes my involvement in this operation.

Home Phone:

INFORMATION/VENUE: On 9/27/11, I was working as a Detective assigned to the Bremerton Police Department's Special Operations' Group ("SOG"). On this date, I assisted Detective Elton with a controlled purchase of narcotics involving a confidential informant ("CI"). Detective Elton advised that Tarra Denton was the suspect in his investigation.

ACTIONS: Prior to conducting the buy, Detective Elton and I met with the CI at a secure location. I searched the CI's vehicle; no contraband was located. I followed the CI to Taco Bell on Kitsap Way where he/she arranged to meet with Denton. A few minutes later, I learned from Detective Elton that the meeting place had been changed to McDonalds.

I pulled into the McDonald's parking lot after the CI. I observed the CI walk to a black Jeep bearing the license plate 556UTW. The CI got inside the jeep, remained there for a few minutes and then returned to his/her vehicle. The Jeep left the parking lot, and was last seen in the area of Rocky Point Rd and Jackson. I performed a records' check that showed the vehicle returns to 8A and 8A with an 8A address. I-leads shows that Reanna Brown (6/9/89) was recently stopped in the vehicle. I-leads indicates that Brown, who has a history of narcotics use involving pills, lives at 1904 Marine Dr. It should be noted that this address is approximately mile from the area where the vehicle was last seen.

Following the buy, I met Detective Elton and the CI in a secure location. Detective Elton provided me with two round green pills bearing the inscription A 214 packaged in a cigarette wrapper. I took custody of the pills, and placed them into evidence pursuant to department procedure. A check of drugs.com showed that the pills were 15 mg oxycodone hydrochloride, a schedule 2 narcotic.

DISPOSITION: Attach to original report; retain at SOG.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

NARRATIVE REPORT**

REPORT NUMBER: B11-009105	REPORT DATE: 09/28/2011
ORIGINAL REPORT SUPPLEMENTARY REPORT <input checked="" type="checkbox"/>	Officer Reporting (print) Rauback, R.L.

On 09/29/2011 at about 1700 hours I responded to 2503 Baymont Place to assist Special Operations Group Detective Elton with a search warrant that he was executing under case number B11-009105.

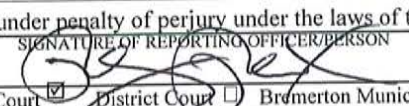

Upon arrival Det. Elton requested that I transport Tarra Denton to the KCSO jail. Denton was already in hand restraints when I arrived. Before I placed Denton in the back seat of my patrol vehicle I conducted a search of her person. Denton was wearing a loose fitting blouse with no pockets, black-colored nylon stretch pants, and open toed sandals. I checked the front and back pockets of Denton's pants and along her waist line. I did not locate any items on Denton's person.

Prior to the execution of the search warrant Det. Elton advised that Denton is know to carry drugs and items tucked into her bra and underwear.

I transported Denton to the KCSO jail. Upon arrival I observed as Kitsap County Corrections Officer S. Slipper conducted a pat down search of Denton in the intake lobby of the booking area at the jail. I advised Corrections Officer Slipper that Det. Elton requested that a strip search be conducted of Denton's person. Corrections Ofc. Slipper escorted Denton to the private room to conduct the search. After a short time Ofc. Slipper exited the private room and advised myself and jail staff that Denton was swallowing something. Jail staff confronted Denton and I could hear her denying that she had swallowed anything. Due to the fact that Denton swallowed unknown items she was escorted to a crisis holding cell.

Corrections Officer Slipper advised that while Denton was undressing Denton had her back facing Ofc. Slipper's direction. Ofc. Slipper was did not see Denton put anything into her mouth nor did she see any contraband while Denton was removing her clothing. Ofc. Slipper advised that when she asked Denton to open her mouth for a standard mouth check Denton refused to open and lower her mouth while she pointed her face upwards. Ofc. Slipper advised that it appeared as if Denton was holding something inside her mouth. Ofc. Slipper said that Denton then began repeatedly swallowing and lowered her head where she continued swallowing the unknown item.

Attach to original report.

I certify under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Home Phone:

INFORMATION/VENUE: On 9/29/11, I was working as a Detective with the Bremerton Police Department's Special Operations' Group ("SOG"). On this date, I took part in a search warrant executed at 2503 Baymont Pl in Bremerton. Detective Elton, who served as the case agent for the warrant, advised that the target was Tarra Denton. Detective Elton had probable cause to arrest Denton for delivery of a scheduled narcotic.

SAFETY BRIEFING: Prior to executing the warrant, Detective Elton conducted a pre-operational safety briefing at the SOG Office. During the safety briefing Detective Elton provided background information regarding the case, and reviewed the plan for executing the warrant. Each entry team member was present for the briefing, and given a specific assignment. I was assigned to handle the shield, and perform the announcement.

WARRANT EXECUTION: While other units staged for the warrant, Detective Musselwhite took a position of surveillance near the residence. When Detective Musselwhite observed Denton return to the residence, we responded to serve the warrant.

Detective Musselwhite detained Denton by her vehicle while other entry team members moved to the basement door on the S/W side of the residence. As I approached the door, I drew my handgun. I did so because I know from my training and experience that the execution of narcotics' related search warrants are inherently dangerous. Drug dealers often use weapons to avoid apprehension.

I knocked on the door, and announced loudly that we were with the Bremerton Police Department, and serving a search warrant. As I knocked with my foot, the door, which had not been securely shut, swung open. We stayed outside, continuing to announce our presence and instructing anyone inside to come out. After a few moments, three females exited the residence, and were passed off to other officers. I then entered the residence with others behind me, and cleared it room by room.

After clearing the residence of people, I assisted with searching it. I focused on the bathroom, and laundry room. I discovered a zip-lock baggie in the bathroom trashcan that contained trace amounts of a green leafy substance. From my training and experience, I immediately recognized the substance as marijuana. I subsequently NIK tested the substance, which was positive for marijuana. I also discovered an unmarked RX bottle in a blue box next to the washing machine that contained 21 greenish blue elliptical pills with the inscription 2089 V. I subsequently looked up the pills on Drugs.com, and determined that they were Alprozolam, a schedule 4 narcotic. It should be noted that there was women's' clothing in the vicinity of the box. Two 9 mm bullets were discovered with women's' make-up accessories in the laundry room. The bullets were left on scene. The other listed items were placed into evidence per department procedure. I took digital photos of the residence and collected items, which were transferred to CD and placed into evidence. This ended my involvement.

DISPOSITION: Attach to original report, and forward to the Prosecutor.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON
THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

Supplement Type: SUPPLEMENTAL REPORT

Race: Sex: DOB: Age:
Employer:

Home Phone:

Ono 9/29/2011 I was on duty and assigned to the Special Operations Group of the Bremerton Police Department. The Special Operations Group arrested Tarra D. Denton outside of her home at 2503 Baymont Place in Bremerton at about 1658 hrs. I had probable cause to arrest her based on a series of operations wherein she agreed to provide a police operative with prescription pills in exchange for money or other negotiable instruments during the month of September 2011.

The operative in this case is working with the Bremerton Police Department in order to receive a favorable recommendation on pending theft charges. The operative also reported that their addiction to prescription drugs has landed them in the position they are in currently and expressed interest in assisting me and SOG with narcotics investigations they had the ability to complete with drug dealers in the Kitsap County area. The operative has further shown credibility through their own admissions against their interest. The operative has demonstrated a current and accurate knowledge of prescription pill, and Oxycodone Hydrochloride (Percocet) prices, based on their own experiences. The operative was able to accurately describe to me the different drug packaging methods, methods of drug use, and the process of doing illicit drug deals, which are in line with my experiences as a narcotics detective and police officer since 1997. The operative has shown reliability through the completion of controlled substance purchases. I have completed 7 controlled purchases of prescription pills from three different dealers in the area with the assistance of this operative and detectives from the Bremerton police department. The operative in this case has no criminal history at this time.

Denton was arrested after she arrived at the Baymont address in a silver Dodge Avenger (Budget Rental car) with WA plate # ADY9372 (about 1658 hrs). She had exited and was manipulating something that was in the open trunk when Det. Musselwhite approached her. He was wearing police equipment and marking that said "POLICE". She quickly shut the trunk when she heard and then saw him. She was placed into restraints that were double locked and checked for fit.

I had a search warrant for the lower portion of the house where it was determined that Denton was residing (filed under #20110346). The warrant was authorized by Kitsap County Superior Court Judge M. K. Haberly on the morning of 9/29/2011. I had secured a warrant previous to this that covered the whole house at 2503 Baymont Plc.

Once Denton was arrested other detectives from SOG moved towards the lower portion of 2503 Baymont (Det. Whatley, Det. Heffernan, Det. Musselwhite and I). The team members were all wearing police equipment and patches identifying them as "POLICE". They were wearing these marking and police equipment so that they could be easily identified. They were carrying duty weapons out and ready in case of an armed confrontation. It is known that drug dealers often carry weapons to aid in avoiding apprehension and to guard themselves against rip-offs. Ofc. Inklebarger arrived and assisted at the house as well. While knocking and announcing their presence at the door to the lower portion of the residence the team encountered three females; Maliaka Angevine, Sarah Gatchalian, and her mother, Rosalinda Frazer.

Malaika indentified herself as Malaika Angevine verbally. Malaika is the associate of Denton's who completed some of the deals with the police operative in this case, which Denton arranged each time. The arrest of Malaika was based on probable cause developed during the investigation of Denton and her drug

dealing endeavors.

I advised Malaika of her Miranda warnings, and I explained why she was arrested. She denied selling any drugs, admitted to smoking marijuana, and using one 5mg Vicodin pill on one occasion. I told her that I watched her meeting with the informant on more than one occasion and she changed her story slightly. She said that she has driven Denton to location where Denton sold drugs. Angevine said she wanted to speak to an attorney, and was then transported to the jail where she was booked for Delivery of a Controlled Substance (schedule 2 prescription drugs - Percocet).

I interviewed Gathalian and her mother, Frazer. Gatchalian said she was friends with Malaika and Denton, but denied being there to buy or sell illicit drugs. She said that she had been in drug court and did not complete the program. She said she was a previous abuser of prescription drugs, but again denied being involved in drug deals with Denton or Malaika. Frazer is elderly and terminally ill per Gatchalian. She denied any involvement in illicit drug use, buying or dealing. She said she had no idea what Denton was involved in. Gatchalian and Frazer were released from the scene.

I then interviewed Denton after advising her of her Miranda warnings. She admitted to abusing prescription pills, she admitted to using meth, and marijuana. She said she has a medical marijuana card in her purse, which was on the trunk of the car she was arrested at. She also told me and other officers there was marijuana in the purse. This bag was visible through the open top of the purse near her. I noticed a baggie containing 3 pills in it on the ground at Denton's feet. These pills are similar to the ones purchased from Denton during this investigation. I recognized these pills to be Oxycodone Hydrochloride based on their appearance. I picked them up and they were later placed into the BPD property room. Denton was reluctant to discuss her part in selling drugs and asked to have her attorney present before she would speak about this further. She was placed into a patrol car and later transported to the jail.

Based on the investigation, and probable cause developed to arrest Denton and Malaika for delivery, and the fact that drug dealers carry items related to drug dealing on them or in their cars, I asked Ofc. Glasgow to apply his narcotics K9 to the exterior of the car she arrived in. I could actually see what appeared to be leafy marijuana residue on the back seat and floor board of the car as I looked into it through the windows. I asked Ofc. Glasgow to search the exterior of the van that had been used in the drug deals as well (WA# 532 ZCH). The van was parked next to where Denton parked the Avenger. Ofc. Glasgow applied K9 Lance to the exterior of the Dodge Avenger (WA# ADY9372) and on the way to doing this Lance gave a positive alert to the purse that Denton had been in possession of at the time of her arrest. Ofc. Glasgow continued the application and advised that Lance also gave a positive alert at the trunk seam on the Avenger (Lance's K9 resume is attached). I could smell the odor of marijuana coming from this area of the trunk when I put my nose to the area as well. I am familiar with the smell of marijuana and this is based on my years as a police officers since 1997 and about 5 years as a narcotics detective.

The car was towed to a locked and alarmed Bremerton Police Facility by Silverdale Towing in preparation for a search warrant. The purse was not search, and it was placed into the BPD property room in preparation for a search warrant as well.

SOG detective's took photographs of the residence and completed a search. Items seized from the house were described on a property sheet. A copy of this sheet was left on scene with the warrant, and inventories (copies attached). Drug paraphernalia items were located in the house (meth and marijuana pipes with residue), along with 21 Lorazepam pills (identified by Det. Heffernan), 23 white pills in a bag (found by Det. Whatley, the boxes that had contained the perfume and straightener traded to Denton for Percocet during deal #4, and small amount of marijuana. Paper documents were located in the house too showing dominion and control of the area by Denton. Drug notes and ledgers were also located during the warrant inside the house.

SUPPLEMENTAL REPORT

Bremerton Police Dept

OCA B11009105

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

I completed a probable cause statement for the arrest of Denton and Angevine, which were faxed to the prosecutor (see both attached).

On 9/30/11 I secured another search warrant through Kitsap County Judge M. K. Haberly. She authorized warrant #20110349 for the search of Denton's Coach purse, and the silver Dodge Avenger bearing WA# ADY9372 and VIN: 1B3BD4FB6BN551585. This warrant was received based on a new complaint and the information developed through my investigation, Denton's arrest and the K9 search of these items that occurred on 9/30/11.

Once the warrant was authorized and filed I went to the BPD property room to retrieve the purse (item A2). I checked this item out and received a receipt for doing so (see attached). I took the purse to the location where the Avenger was secured at. I searched the car and the purse with the assistance of Det. Whatley. Photos were taken during the search. I searched the purse and located the following items of evidence; 2 bags of marijuana in her purse (40 grams total weight), notes ledgers and paperwork showing ownership by Denton was located in the purse, there was a Budget Rental car agreement located with Denton's AKA of Lawson on it in the car as well. I located an AWS digital scale in the purse that was operable, and 18 yellow oval shaped pills with the marking Watson 853 on them located in a small container that had "chill pills" printed on the lid. These were confirmed to be Acetaminophen and hydrocodone bitartrate, and located in the trunk of the car as well. 21 white rectangle shaped pills were located in the purse inside of an orange container with a white cap. They were marked with M and 57/71 and confirmed to be Methadone hydrochloride 10 mg (see attached). Her purse also contained 8 six sided pills marked N8 with a symbol or picture of a sword on them. These were confirmed to be Suboxone. I also located 2 pills that were white and round in shape and marked with M4. These are suspected to be Hydromorphone Hydrochloride, or Acetaminophen and Codeine Phosphate. These both require a prescription to possess. I seized two phones from her purse as well; a Nokia and an Apple I phone. I also seized \$393 in cash from her purse. She is not employed, and her sole source of income is dealing pills based on my investigation.

The car was searched and the following items of evidence were seized from the vehicle; 11 individual bags of marijuana (179 grams combined weight) were located in the trunk inside of black bag with 2 straps and multicolored paisleys on it. This bag also contained other bags that had contained marijuana at one time, packaging materials in a box, and smaller bags with red print in another bag, there were 4 packets of Spice, and a black digital scale in there as well.

I searched a black case with silver accents that was located in the trunk too. It contained a 32 caliber Kel Tec semi-automatic handgun that was wrapped in a black cloth. It was with a magazine that fit the gun, which was loaded with 6 hollow point bullets. The serial number was checked and found to be a locally reported stolen gun, serial #73855 (B11-007599). I contacted the gun owner who reported it stolen on August 7th 2011. He confirmed it was still stolen and he was advised that we recovered it during the service of a search warrant. I advised Casady that he would be able to recover it when the prosecutor determined the gun was no longer needed for evidentiary reasons. There were other items in this black case as well. There was a clear box with a purple lid on it containing 23 oval shaped pills marked with Watson 853 on them. They were confirmed to be Acetaminophen and hydrocodone bitartrate allowed to be possessed only with prescription. There was a pill bottle located in this box that was issued to Kyle Young (per label) and the prescription was for Acetaminophen and hydrocodone bitartrate. It contained 15 white oval shaped pills marked with V and 35/92. These also also Acetaminophen and hydrocodone bitartrate.

I located a small silver carry case and it contained a broken glass meth pipe with signs of use within it. I located a red pouch with a zipper in the trunk too. It contained a glass methamphetamine pipe and it contained residue. It contained small containers that had meth residue in them too. This bag also carried a black film

SUPPLEMENTAL REPORT

Bremerton Police Dept

OCA B11009105

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

container with two small bags of methamphetamine in them. The meth from one of these bags was tested with a narcotics identification kit and it revealed a positive result for the presence of meth.

I located a pill bottle issued to Jesse Byron for Suboxone in the back seat area of the interior of the car. It contained no pills. I located and photographed leafy substance on the floor and seats of the car. It appeared to be marijuana based on my training and experience.

I left a copy of the warrant, inventories and property sheets in the purse and a copy in the car as well. I took photos of these forms in these places.

On 10/1/11 I asked Det. Musselwhite to fax a new probable cause statement to the jail for the new PC charges against Denton. I forwarded a narrative regarding the PC for the new charges of; Possession of a Controlled Substance with Intent to Deliver (marijuana), Possession of a Stolen Firearm, and Felon in Possession of a Firearm. The bail was set at \$75,000 for the new charges (see statement attached).

This concluded my involvement in this case through 10/1/11.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

Home Phone:

On 9/22/11 I was on duty and assigned to the Special Operations Group. I conducted a controlled buy operation with the assistance of another SOG detective (Det. Whatley) and a police operative. I was with the operative when they made a call to Tarra Denton and arranged for the purchase of 2 Percocet pills (a schedule 2 prescription drug).

I met with Det. Whatley and the operative prior to the buy. I searched the operative and Det. Whatley searched the operative's car there. We located nothing of consequence during these searches. During the conversation with Denton (on speaker phone) I heard Denton tell the operative that she would not sell them any pills because the operative would not "boost" for her. She wanted the operative to steal merchandise from stores. The operative told her that they were afraid of getting caught and asked her to sell the pills at a higher than normal price. Denton refused and told the operative that they needed to get her "stuff" from Fred Meyer on the east side of Bremerton. She went on to tell the operative that she had bags waiting for her at Fred Meyer under the name Tina Dennis. She said that she wanted the operative to go to Fred Meyer to pick up the bags. He refused and again asked for the pills at a higher price. She ultimately agreed to sell the Percocet to the operative for \$40 a piece. This is higher than the normal street value of \$30 to \$35 each. Denton told the operative that Malaika (last name Angevine), would meet them near Chip's Casino on Wheaton Way. When the call ended I asked the operative about the bags at Fred Meyer. The operative told me that Denton expected him to asked for the bags from Fred Meyer staff, act as if they were going to pay for the merchandise in the bags and then run from the store with the bags without paying. Denton would then trade Percocet for the stolen items.

I provided the operative with \$80 in pre-recorded SOG funds at this location which consisted of 4 \$20 bills. The serial numbers were copied into my notebook and then transferred to this report, and they were; CE49126787D, EF58667544B, ED31647304A, and EC91022638F.

The operative was followed to the deal location. Det. Whatley parked in the lot with the operative in view during surveillance. I was parked in the lot as well, but east of them with the operative in view.

At about at about 1653 hrs, I observed the van Denton had arrived in during buy #1. This van came n/b on Wheaton Way and turned onto Riddell, the van then turned into the parking lot where the operative and Det. Whatley were waiting. The van passed by the front of my car and I recognized the driver as Malaika from a past buy arranged by Denton. The van parked near the operative and the operative entered the van (bearing WA# 532ZCH). The operative entered the van and was inside for a very short period of time (estimated one minute). The operative exited and re-entered their car. The operative left the deal location and was followed to the post-buy meeting where the operative would again meet with Det. Whatley and I. The van left the lot w/b on Riddell.

Det. Whatley and I followed the operative away from the deal location and we met with the operative at the post-buy location where the operative and their vehicle were again searched. Nothing of consequence was located during these searches. The operative provided me with 2 pills (Percocet). They were marked with K9 on one, blue and round in shape. I confirmed that these pills are Oxycodone Hydrochloride (see attached).

OCA B11009105

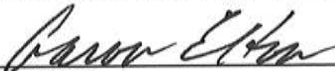

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

I asked the operative what happened during the meeting. The operative said that Denton was not in the van and Malaika was the sole occupant. The operative said that the female was provided with the SOG funds and then she handed the operative the Percocet pills which she retrieved from a pocket on her jacket or shirt. The operative said that they exited the van when the deal was done.

I placed the pill into the property room after completing the post-buy meeting with the operative.

This concludes my involvement in this case through 9/22/11.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

INFO:

On 9/29/2011, I was working as a Detective with the Bremerton Police Department's Special Operations Group. On this date I assisted Det. Elton the execution of a drug related search warrant at 2503 Baymont Place in Bremerton, WA.

Prior to the execution of this warrant, Det. Heffernan and I were asked to attempt to approach the residence from the rear in order to gather intelligence about the possible entrances into the house. Research into the suspect, Tarra Denton, and her associates led us to believe that Denton was renting the basement of the residence from a friend. It was believed that Denton had her own entrance into the residence that was separate from the entrance used by the people living on the main floor of the house. In an attempt to determine the best entry point for the basement of the residence, Det. Heffernan and I approached the residence from a wooded area to the west of the house.

We approached the residence covertly and I was able to observe the rear of the house. I noticed that there were two doors that appeared to go into the basement of the residence. The residence was designed with a daylight basement that was accessed only in the rear of the house. I also noticed that there appeared to be a male in the back yard as we approached. The male did not walk around the residence to the main floor entrance, which led me to believe that he entered the residence through one of the rear doors. Det. Heffernan and I did not remain in our position for very long based on the fact that we were too close to egress without being observed if someone walked to the edge of the wooded area.

I was able to identify two possible points of entry for the basement of the residence based on this surveillance. I provided this information to Det. Elton prior to the service of the warrant.

BRIEFING:

With the updated information, Det. Elton conducted a pre-operational safety briefing. During this briefing Det. Elton covered the details surrounding the investigation and gave each SOG member an assignment. I was assigned to conduct surveillance of the residence prior to the service of the warrant. I would also serve as a member of entry team, including mechanically breaching the door if no answer was received after a reasonable amount of time. Det. Elton advised that there was probable cause to arrest Tarra Denton and another white female named "Malika" for Delivery of a Controlled Substance. Both suspects were believed to be living at 2503 Baymont Place.

Our plan was to make entry through the basement and detain anyone located in that part of the residence. We would then determine the level of access between the basement and the main part of the residence. In the event that there was unimpeded access between the upper and lower levels of the residence, we would continue upstairs and conduct a sweep of the main floor of the residence for people. This protective sweep was thought to be necessary for the safety of the SOG Detectives who would be searching the basement for evidence. There was also evidence to suggest that the residents of the upstairs part of the house were close friends of Denton's, which suggested that they could be involved in the illegal drug distribution.

Our approach and all contacts in the residence were planned to be made with our duty weapons drawn. This

SUPPLEMENTAL REPORT

Bremerton Police Dept

OCA B11009105

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

is due to the fact that drug related search warrants are inherently dangerous, based my training and experience as a police officer and SOG Detective. It is commonly known that people involved in trafficking and distribution of illegal drugs routinely arm themselves with dangerous weapons such as firearms, knives, and blunt objects. It is also common for such people to use these weapons against others in an attempt to protect their drugs and money from theft and/or against law enforcement in an attempt to avoid arrest.

SURVEILLANCE:

At approximately 1510 hours I took up a position of surveillance at a residence just north of 2503 Baymont Pl. I could see Denton's grey Honda Odyssey parked at the end of Baymont Pl. I did not see the Jeep Cherokee or the silver Dodge Avenger, which had been the last two vehicles Denton was known to use. Just after I arrived, I observed a black male and a white female leaving the carport in a dark orange colored passenger car. I was aware that the people who lived in the main level of the residence were the owners of this vehicle. I informed Det. Elton that it appeared as though the upstairs tenants were leaving the residence. Other SOG members and patrol officers were in the area waiting to serve the warrant until there was an indication that Denton was present.

At approximately 1600 hrs I observed two males arrive at the residence in a white Nissan Sentra. I relayed this information, including the license plate, to Det. Elton. The two males (one black male and one Asian / Pacific Islander male) walked around to the rear of the residence. A short time later two females were dropped off at the residence, both of whom also walked around to the rear of the residence. These two females arrived in a maroon Toyota passenger car. I relayed this information to Det. Elton as well. A few minutes after the two females were dropped off at the residence I observed the two males getting back into the white Nissan Sentra. The males were accompanied by two children, a boy and girl who appeared to be approximately 6 to 10 years old. The two males and the two children left the area in the white Sentra. I relayed this information to Det. Elton.

At approximately 1655 hours I observed the silver Dodge Avenger approaching the residence. I could see that Denton was driving the vehicle. I recognized Denton from a recent DOL photo that Det. Elton presented during the pre-operational briefing.

I alerted the other units that Denton had arrived. I decided that it would be safer and more beneficial to the investigation to take Denton into custody as she was exiting her vehicle, rather than allow her to enter the residence.

IN CUSTODY:

I pulled my unmarked vehicle up behind Denton's just as she was exiting the Dodge Avenger. Denton opened the trunk of the car and was manipulating something in the trunk as I made contact with her. I was wearing a protective vest that was clearly marked with the word "Police." Due to the fact that I could not see Denton's hands while she was at the trunk of the car, I un-holstered my duty weapon, identified myself as "Bremerton Police," and I instructed her to show me her hands. Denton complied with my instructions. Denton closed the lid of the trunk as she turned around to face me with her hands up.

I removed Denton's purse from her left arm and took control of both of her arms. As I was taking Denton into custody I could smell the obvious odor of what I recognized as marijuana, based on my training and experience as police officer and SOG Detective. I advised Denton that she was under arrest for Delivery of a Controlled Substance. I placed her into hand restraints that were checked for fit and double locked. Denton was wearing a brace on her right wrist at the time. I used two interlocked sets of cuffs to prevent putting too much pressure on Denton's wrist in the event that it was injured.

ENTRY MADE:

SUPPLEMENTAL REPORT

Bremerton Police Dept

OCA B11009105

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

Sgt. Plumb and the rest of the SOG entry team arrived. I left Denton in Sgt. Plumb's custody as Det. Heffernan, Det. Whatley, and I made contact at the residence. Prior to entering the basement I knocked on the front door of the main level in order to attempt to contact anyone in that part of the residence. No answer was received upstairs. We then went to the rear of the residence and prepared to serve the search warrant on the basement. Det. Heffernan attempted to knock on the door with his foot. When Det. Heffernan's foot hit the door, the door swung open due to the fact that it was not latched closed. We stood outside the door and announced loudly that we were the Police with a search warrant. We called loudly for anyone inside the residence to come out with their hands up. It should be noted that I could smell the obvious odor of marijuana as I stood outside the open door, based on my training and experience as a police officer.

Det. Whatley advised that he could see at least one female in the residence. Three females emerged from the basement of the residence and were detained outside of the residence. I asked the females how many more people were inside the residence and one of them said, "No more people are here." We entered the basement at this time and cleared it of people. We noticed there was a stairway that led to the upper level of the main residence. There was an open door leading to the stairway. Due to the fact that access between the upper and lower floors of the house was completely unimpeded, we cleared the upper floor of the house of people as well.

After the house was found to be clear of people, Det. Heffernan took overall photographs of the basement. After these photographs were taken, we began to search the basement of the residence for evidence in accordance with Det. Elton's search warrant.

SEARCH OF BASEMENT:

While searching the basement I located what appeared to be a baggy of methamphetamine (Item SW 1), based on my training and experience. This baggy was located on a table behind a flat screen television. I also located an electric Conair curling brush (Item SW 7) on a shelf above the bed that was still in the box, which I recognized as evidence of one of Det. Elton's controlled buys. Det. Elton had purchased the curling brush and a bottle of perfume prior to his last controlled buy and traded the two items for pills. On a table in the middle of the basement I located a black Samsung cell phone (Item SW 12). This phone was taken so that it could be forensically examined. On the same table I located a Dell laptop computer (Item SW 14), which was also taken to be forensically examined.

I assisted Det. Whatley and Det. Heffernan with the packaging and labeling of the evidence collected in the basement. This evidence was later entered into our property system by Det. Whatley.

INFO:

On 9/27/2011, I was working as a Detective with the Bremerton Police Department's Special Operations Group. On this date I assisted Det. Elton with a controlled buy of prescription medication using a confidential informant.

I was briefed prior to the buy and asked to conduct close surveillance of the suspect's residence. The suspect, Tarra Denton, was said to reside at 2503 Baymont Place in Bremerton, WA. I was asked to position myself near the residence so that I could monitor the traffic to and from the residence during the controlled buy.

At approximately 1700 hrs I took up a position of surveillance at a residence just north of 2503 Baymont Place. I was able to observe a silver Dodge passenger car, a dark colored Jeep Cherokee, a grey Honda Odyssey, a white Mercury Cougar, and an early model grey Buick parked at the residence. After several minutes I noticed the silver Dodge, the white Mercury, and the Jeep Cherokee all leave the residence at approximately the same time. I alerted Det. Elton of the activity.

I observed a white female driver and white female passenger in the Jeep Cherokee as it passed my location. I also noticed a black male driver in the white Mercury. I could not see the driver of the silver Dodge.

At approximately 1810 hrs I observed the Jeep Cherokee and the silver Dodge arriving back at the residence. I was able to observe the two white females exiting the Jeep and walking back to the residence of 2503 Baymont Place. The females walked around the carport on the south side of the residence as if they were going to the rear of the residence. I alerted Det. Elton of this. After several minutes I left the area. As I was leaving, the white Mercury passed me on its way back up Baymont Place towards the suspect residence.

Home Phone:

On 9/27/11 I was on duty and assigned to the Special Operations Group. I conducted an investigation wherein Percocet pills were delivered to a police operative. This was completed with the assistance of SOG detectives (Det. Whatley, Sgt. Plumb, Det. Musselwhite, Det. Heffernan) and a police operative.

I met the operative at a pre-buy location with Det. Heffernan. I searched the operative and Det. Heffernan searched the operative's car there. We located nothing of consequence during these searches.

Det. Whatley was in the area of Denton's home at 2503 Baymont Plc. He gave periodic updates while on surveillance. He was able to run a plate on a silver Dodge Avenger (WA# ADY9372). This returned to a holding company, which I know are commonly how rental cars are registered. He advised that another car came and went a few times and the occupants actually waved at him once.

The operative made contact with Denton via cell phone and I heard the conversation over the operative's speaker phone. During the conversation with Denton the operative told her that they had some of the specific items she requested from Fred Meyer. She had asked the operative to "boost" some perfume, some size 5 jeans and a hair straightener that cost \$59.99 prior to this investigation. The operative told her what they had to trade to her for the pills (Juicy Couture perfume and the hair straightener). Denton said that she couldn't talk right then because she thought she was about to "get raided" and then hung up. The decision was made to put the deal off because of Tarra's suspicion, and the possibility that she or her associates had seen Det. Whatley on surveillance at the house.

A few hours later the operative called me and advised that Denton had called back wanting to do the deal we intended to do earlier. I asked Det. Musselwhite to take over surveillance on Baymont in order to keep Det. Whatley's vehicle out of that area due to the concern that he was compromised there. Det. Musselwhite arrived there at about 1700 hrs.

I met with the operative at a secure location prior to the buy. I was with Det. Heffernan at this location. Det. Heffernan searched the operative's car and I searched the operative. Nothing of consequence was located during these searches. I was present with the operative who called Denton. I listened to their conversation over speaker phone and heard Denton arranging to meet the operative at the Taco Bell on Kitsap Way. I sent surveillance units to the Taco Bell at this time. Det. Whatley, and Sgt. Plumb were set up in the area of Taco Bell to watch for the arrival of Denton and the operative.

I provided the operative with the perfume and straightener, which were photographed prior to the meeting (see attached). Once the searches were done and the operative was provided with the merchandise to trade Denton for Percocet Det. Heffernan was sent to Taco Bell to assist with surveillance. I followed the operative to the buy location at the Kitsap Way Taco Bell. I was across the street from Taco Bell on Wilbert Ave. Det. Musselwhite called and told me that several cars left the Baymont location at the same time. One was a silver car, one was described as a dark colored Jeep Cherokee. The operative was at Taco Bell a few minutes before calling me and telling me that Denton called and changed their meeting location to the McDonalds on Kitsap Way (a short distance from Taco Bell).

SUPPLEMENTAL REPORT

Bremerton Police Dept

OCA B11009105

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

I advised surveillance units of the change in locations and the vehicles seen leaving the Baymont address. I also warned of the possibility that Denton would be using counter surveillance due to the multiple cars leaving Baymont at the time that this deal was supposed to occur. Surveillance units moved to the area of McDonald's in preparation for the operative and suspect's arrival.

The operative moved to McDonalds and shortly after this I saw a dark colored Jeep Cherokee coming from Corbet (s/b) and turning onto Kitsap Way w/b towards the McDonalds. Det. Heffernan was inside the McDonalds on surveillance, I moved across the street from McDonalds and saw the arrival of the dark colored Jeep Cherokee. Surveillance units were able to provide a plate for that Jeep (WA# 556UTW), a black 1998 Jeep Cherokee, registered to 8A and 8A in Bremerton WA. I could see the operative's car parked in the parking lot to the rear of where the Jeep parked (facing the McDonald's play area). I saw the operative exiting their car with the perfume and straightener and walking towards the Jeep. The operative entered the jeep on the driver's side sitting behind the driver. The operative was in the Jeep for a few minutes until I saw the operative exiting the Jeep without the merchandise they arrived with. The operative returned to their car and left the lot with Det. Whatley and I following. The Jeep left the lot w/b on Kitsap and surveillance units remaining at the scene were tasked with following that suspect car from the lot to it's next location.

Surveillance units lost the Jeep at Rocky Point and Jackson Ave. Records indicate that this vehicle is owned by a woman who lives within a mile of that area. Det. Musselwhite called me minutes after the Jeep was lost. He was still on surveillance at the Baymont address. He advised that the Jeep had returned to the Baymont address and that two female exited it walking towards the house, and around the end of the carport towards the back of the house.

Det. Heffernan and I met with the operative at the post-buy location where they handed me 2 Percocet pills. They were marked with a symbol similar to an "R" and 214. They were confirmed to be Oxycodone Hydrochloride (see attached). I provided these to Det. Heffernan for later placement into the property room. I searched the operative and Det. Heffernan searched the operative's car locating nothing of consequence during these searches.

I asked the operative what happened during the meeting. The operative said that Denton was in the Jeep Cherokee that I saw arriving in the McDonald's lot. The operative said there was a female driver that they did not know. The operative said that Denton was provided with the merchandise that she was told were stolen items from Fred Meyers. The Juicy Couture perfume was actually still inside of a security device (clear with a tan base), in order to make it appear as if it was stolen. The operative said that Denton gave them one Percocet pill in exchange for the items. The operative said they asked for more due to the value of the items traded to Denton. Denton offered to give the operative some marijuana in addition to the pill and they operative refused the marijuana asking for more pills. Denton provided the operative with one more pill and the operative exited the van when the deal was done.

I presented the operative with a photo line up made up of six photographs. Denton's photo was one of the included photos. The operative was asked to identify anyone they recognized in the line up. They were advised that there might be no one in the line up that they knew. The operative was also asked not to try to identify anyone if they were no certain of the identification. I advised the operative that it was not an issue if they identified anyone from the photograph or not. The operative looked at the line up and immediately pointed to the photo of Denton. The operative said "that's Tarra" and commented about her disheveled appearance. The operative circled the photograph of Tarra Denton, initialed and dated it "9/27/11". (see line up attached)

This concludes my involvement in this case through 9/27/11.

Buy #1 and Buy #2 occurred in the parking lot of the Taco Bell on Kitsap Way in Bremerton WA. This location is within 1000 feet of a school zone. By searching for bus stops on the Bremerton School District web site, I learned that there is a documented bus stop for Mountain View Middle School children at 11th and Wilbert Ave in Bremerton, WA. This location is on bus route "Y" as shown in the attachment. I have pasted route Y's stops into this report from the web site. I have converted the mapped distance of .1211 miles into feet revealing that .1211 miles equals 639.408 ` (feet). I measured from the farthest corner of 11th and Wilbert to the wooded area well beyond the parking lot where the drug deals that Angevine and Denton completed occurred to find this distance (see points in red on map).

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

Home Phone:

On September 27th, 2011, I was working as the detective sergeant assigned to the Bremerton Police Department's Special Operations Group (SOG). Also on this date, I assisted Detective Elton with the controlled purchase of Percocet pills using a police operative (PO). My role in this operation was to assist with surveillance during and after the buy. The plan was to conduct a "follow-away" of the suspect after the controlled buy. This buy took place in the afternoon hours (daylight hours).

I was made aware that the suspect involved in this deal was Tarra Denton. Initially we were told to set up surveillance in the area of the Taco Bell on Kitsap Way. I set up surveillance in a parking lot to the west of the Taco Bell, but on the same side of the street (north side). While we waited for the suspect to arrive and after the PO had already parked in the Taco Bell parking lot, we were made aware of the deal location change. Detective Elton advised us that the location had changed to the McDonald's parking lot, which is a few businesses to the west of the Taco Bell, on the same side of the street.

I remained in my position, while other detectives moved into a position to be able to see the McDonald's parking lot. A short time later, we were advised by Detective Elton that a green or dark colored Jeep had arrived in the parking lot and that the PO was walking over to that vehicle. I was not able to observe any of this meeting from my vantage point. At the conclusion of the transaction, I was advised the suspect had left the lot traveling northbound on Morgan Road.

I quickly drove to the area of Rocky Point Road and Jackson Drive and waited. In less than a minute, I observed a dark colored Jeep traveling westbound on NW 18th Street at Jackson Drive. It appeared the vehicle was going to travel southbound on Rocky Point Road from Jackson Drive, so I ducked down in my car so as not to be seen by the suspects if they drove by my location. (I had pulled over to the west side of the road just south of Jackson Drive and NW 18th Street.) After waiting approximately 30 seconds, I did not see the vehicle drive by so I began checking the area for the vehicle but could not locate it.

I cleared surveillance. This concludes my involvement in this operation. Report with case file.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

Supplement Type: SUPPLEMENTAL REPORT

Race: Sex: DOB: Age:
Employer:

Home Phone:

On 9/20/11 at about 1723 hrs, I was on duty and assigned to the Special Operations Group. I conducted a controlled purchase of 3 Oxycodone Hydrochloride pills (15mg each). These are a schedule 2 drug. The operation was completed with the assistance of Sgt. Plumb of SOG.

We met with the operative before and after the purchase. Sgt. Plumb searched the vehicle and I searched the operative at the pre and post-buy location. I located nothing of consequence during my searches. Nothing was located in the operative's car at the pre-buy search by Sgt. Plumb.

I was present with the operative when the suspect who was selling the pills was contacted via cell phone. I heard a female, whom I believe to be Tarra Denton, arranging to sell the operative three pills for the sum of \$60. The suspect agreed to meet with the operative at a parking lot on the north side of Kitsap Way between 11th and Marine Dr, within the City of Bremerton. The operative was provided with \$60 in pre-recorded SOG funds to make the purchase with. The serial numbers for the \$20 bills provided were copied into my notebook and then transferred to this report and they were; GE58925414A, GL13406476A, and IL506488905C.

The operative was then followed from the pre-buy search location to the deal location on Kitsap Way. I parked across the street waiting for the suspect's arrival. Sgt. Plumb parked in the lot where the operative was parked waiting for Denton to arrive. The operative had advised that Denton should arrive in a silver Honda mini-van. At about 1723 Denton arrived in a silver Honda mini-van bearing WA# 532 ZCH. This vehicle is registered to Denton but under the last name Lawson. I took photos of the van as it arrived at the deal location.

At the post-buy meeting the operative entered my car. While we debriefed the meeting with Denton Sgt. Plumb completed a search of the operative's car. The operative provided me with the purchased pills. There were three pills in a baggie. They were small and round and marked with a 214. With the markings on the pill I confirmed they were Oxycodone Hydrochloride (schedule 2). The operative said that Denton often keeps pills, marijuana and meth with her as she travels. The operative said that Denton retrieved the purchased pills from her bra and she was provided the SOG funds, which she placed in the console of her van. The operative said the female we observed at the driver's window was also buying pills from Denton. This female reported stood at the window, covertly dropped cash into the window which fell on the floorboard and Denton sold pills to the female too. I found nothing of consequence on the operative's person at the post buy search of his person.

During Sgt. Plumb's search of the operative's car he location a baggie containing half of a pills inside of a CD case. The baggie from the purchase and the baggie Sgt. Plumb located were not the same. Sgt. Plumb also located a piece of foil in the car with obvious signs of use to smoke pills on it. These items were placed into the BPD property room under case 11-009106. The operative said that they had forgotten that these were in the car and said that they had been there prior to the purchase with Denton today.

I placed the three pills that the PO had purchased from Terra Denton into evidence under this case number (B11-009105, item #B1).

SUPPLEMENTAL REPORT

Bremerton Police Dept

OCA B11009105

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

Sgt. Plumb learned the following about Tarra Denton through research;

On August 31st, 2011, Tarra Denton was the victim of what appears to be a home invasion robbery. This robbery was documented under BPD report B11-008414. The robbery occurred at 2503 Baymont Place, Bremerton, Washington. During the robbery the suspects stole 360 Vicoden pills and approximately \$2,500.00 in cash, along with her grey "Coach" purse that contained a white I-phone, a Bank of America debit card, a Washington State driver's license, and approximately \$300.00 cash. The PO in this case had indicated that Tarra Denton lived in the area of N. Cambrian Avenue, or somewhere near there. It should be noted that Baymont Place is near the 2400 to 2600 block of N. Lafayette Avenue which is very near N. Cambrian Avenue. Additionally, the PO in this case indicated Denton was living there with her boyfriend, who is a black male, but did not know his name. It was noted that during the 11-008414 interview of Denton, she indicated she was living there with an individual by the name of Isaac Miller. Isaac Miller was fully identified as Isaac Shandon Miller, DOB: 11/15/1982 and happens to be a black male.

This concludes my involvement in this operation 9/20/11.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

Home Phone:

On September 29th, 2011, I was working as the detective sergeant assigned to the Bremerton Police Department's Special Operations Group (SOG). Also on this date, I assisted Detective Elton with the execution of a search warrant at 2503 Baymont Place, Bremerton, Washington. Prior to the service of the search warrant, I attended a safety briefing. During that briefing, Detective Elton went over details of the case and provided assignments for the service of the search warrant. Detective Elton identified his primary suspect as Tarra Denton and indicated he had probable cause to arrest Denton for Delivery of a Controlled Substance, Percocet. Detective Elton also identified a female by the name of "Malaika" who he also had probable cause to arrest for Delivery of a Controlled Substance, Percocet. In addition to these two individuals, Detective Elton identified a subject by the name of Isaac Miller, who might also be residing at the residence. Apparently Isaac Miller is Tarra Denton's boyfriend.

The plan was to set up surveillance on 2503 Baymont Place and have an arrest / entry team waiting nearby until we knew for sure that Denton was at home. After the briefing, Detective Musselwhite cleared the office and responded to the area of the suspect's home. Detectives Elton, Whatley, Heffernan and I geared up and waited close-by until we got confirmation that Denton was home.

After a substantial period of time, Detective Musselwhite advised us that Denton had just arrived home in a silver, four-door, rental car. Detective Musselwhite was instructed to take Denton into custody. Denton was taken into custody at approximately 1658 hours. The entry team responded to the residence where I stood by with Denton, while the rest of the team made contact at the residence.

Once the residence was cleared, the people found inside had been detained and the residence was photographed, I assisted with a search of the residence. During my search, I located a purse on the floor, next to a couch. I searched this purse and located a used, marijuana smoking pipe (Item #SW10). I could not identify the owner of this purse, as there was no D&C evidence inside the purse that would help with that. I then located a used, glass, methamphetamine smoking pipe (Item #SW2) wrapped up in some cloth on the couch. Next to the couch, on a bottom shelf of a shelving unit, I located a large can of "Cheetos" (Item #SW13). I opened the top lid of this can and found that it was still sealed. Since this can of food was located in a place where there was no other food, I became suspicious that it contained a hidden compartment. I unscrewed the bottom of the can, which is normally where a hidden compartment would be on these types of containers, and the bottom actually unscrewed revealing a hidden container. This container was empty, but was taken as evidence. I unsealed the top port of the can and located Cheetos.

I located no other items of evidence. This concludes my involvement in this operation.

Supplement Type: SUPPLEMENTAL REPORT

Race: Sex: DOB: Age:
Employer:

Home Phone:

This report is being forwarded to summarize jail phone calls made to Isaac Miller from Tara Denton (AKA Lawson) between the dates of 9/30/11 and 10/6/11. These calls are recorded on the Telmate system. The caller and the person receiving the call are made aware that the calls are recorded and they are given the opportunity to continue on or disconnect the call.

In the following instances Denton contacts Miller on his cell phone (360) 286-3400. Denton used her PIN for calls 1, and 3 identifying herself properly. She is identified during other calls by voice even though she used the PIN assigned to Suzanna Braswell. This was the case during calls 2,4,5, and 6.

On 10/2/11 at 1403 a call coming from Denton's PIN to Miller's cell is recorded. Miller accepts the call and the terms that the call is recorded. In summary I heard Isaac asking Denton how "they" raided the "spot", which meant how did the police serve a warrant on Baymont Place. Denton responds to this question by saying that she did not know because none of the deliveries occurred from the Baymont address. She goes on say that she and Malaika were both accused of making deliveries to a "snitch" named "Jesse". Miller responds to this by saying "Wow, you were still fucking with him?". He said he told her the first time (referring to Jesse). Denton said "I know weird huh?". He said "that ain't weird, I told you the first time". These statements were made on the recording between 1:03 and 1:39. Denton was told that the people upstairs at the Baymont address had gotten rid of all of her belongings, and she told Miller that she had over \$1000 in the pockets of her clothing there (@ 3:58 into conv.). She told Miller that we were acting as if she was a big time drug dealer, or a meth house cook (@8:00). At 8:35 into the conversation Miller is heard telling Denton "didn't I tell you that you had to fade to black?", telling her that he had warned her about getting caught prior to the arrest.. Denton responded to Miller by saying that she would stop smoking marijuana, selling marijuana, stealing from stores and that she would even stop talking to Miller (after this arrest). Denton said that she was "out there" for six months and before that she was a good church girl. Miller tells Denton that he told her not to "fuck with him (Jesse) from jump". Miller also told Denton that he had warned her to keep her shit (marijuana) in separate bags or in jars. Denton replied telling him that she had the names of what she bought on each bag, as if to imply that she was legal under the guise of medical marijuana use and possession.

On 10/2/11 at about 1449 hrs, a call coming from Denton's Telmate PIN to Miller's cell phone is recorded. Miller accepted the call and the terms that it would be recorded. In summary I heard Miller telling Denton that he picked up a grow light and grow tent up from the Baymont address after we left from serving the warrant. I heard Denton telling Miller that she did not believe that she would get off of the charges after he asked if she had prescriptions for all the pills she was arrested with. I heard Denton telling him that she was not going to do drugs anymore, and that she was not going to hustle anymore (street term for drug dealer), "that's not me". She tells Miller that she was dealing to impress him and that she was a female version of him. She referred to herself by saying something similar to I was a "boss" (street term for dealer with high status, or high ranking gang member). Isaac responds by telling her that she didn't have to do those things to impress him, and then he tells her that he is getting "it" legal (9:00) I can tell that he is referring to the purchase of marijuana because he goes on to say that he buys from dispensaries and changes dispensaries. Miller says "that's what you were doing when we first met". Denton and Miller discuss her methamphetamine use during this and other calls. Miller said he warned her about using meth.

SUPPLEMENTAL REPORT

Bremerton Police Dept

OCA B11009105

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

On 10/3/11 at 1800 a call from Denton's PIN to Miller's cell is recorded. Miller accepts the call and the terms that the call is recorded. In summary I heard Denton telling Miller that she swallowed something at the jail to avoid being caught with it. He asked, "how many?" Denton responded by saying "it wasn't that". At 8:00 into the conversation Denton talks with Miller about him picking up her grow equipment. He tells Denton that he turned and left when he saw "everything going down" (the warrant service) at 9:45 into the conversation.

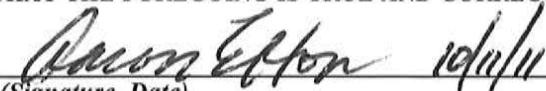

10/4/11 at 1236, Calls Miller from Suzanna Braswell's Telmate PIN. Explains that her PIN is not working for 48 hrs and she has gotten Braswell's PIN from her so that she can make calls. She said she and Braswell knew each other from the last time she was in jail.

On 10/5/11 at 1147 Denton calls Miller from her Telmate PIN. This call is recorded. Miller accepts the call and the terms that the call is recorded. In summary I heard Denton asking Miller if he had money for her. At 00:49 Miller said he "can't make mother fuckers buy weed". He tells her that he had Denton's "QP". He tells her that he had two zips left out of that quarter pound and that he sold a zip for her yesterday. He said he had a zip and a half left for her. Denton told Miller that "Bryant" would buy it from him. Miller said he didn't have his number. He said "I don't know your clientele like that. Denton was frustrated and told Miller that she would give him all of her customers since she was going to be in prison. During an argument between the two, Miller asks Denton if she expects him to take a QP of weed to the bail bondsman in trade for \$1000 worth of their services, or does she want him to "get that weed off" in order to get her some "greenbacks that fold (street slang for cash)". Zips, and QPs are slang terms most commonly used when referring to marijuana sales. A zip is an ounce, and a QP is a quarter pound. Marijuana typically sells for \$10 per gram, but the value goes down when the weight goes up. At 12:44 Miller tells Denton he has been working on his deals, and her deals, and has no helper out here. Denton tells him that she has people who can help him and people who owe her a lot of money. Miller said that he understands that people owe her money, and he does not want to "fuck with" her people because he is suspicious of them due to her arrest.

10/6/11 at 1342 Denton calls Miller from her Telmate PIN. I heard Denton telling Miller that she would pay someone \$500 if they would co-sign for her bail. She said she needs someone with a good job. She tells Miller that a female in jail with her has a boyfriend in the Navy who would co-sign for her. At 4:26 she tells Miller that she is not messing around with illegal activities when she gets out. She says that she "knows" she is going to prison. She tells Miller that her attorney (Tom Weaver) thinks she will get DOSA and a small amount of prison time. She said she thinks she will get two years for the Hydrocodone delivery, but do 6 months in prison with DOSA.

This concludes call content summaries between Denton and Miller between 9/30/11 through 10/6/11.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

Home Phone:

On 29 Sept, 2011, I was performing my duties as a plain clothes detective with the Bremerton Police Department Special Operations Group. I assisted Det. Elton with the execution of a search warrant at 2503 Baymont Place in Bremerton WA.

Prior to service of the warrant, SOG conducted a briefing. During the briefing we discussed the target location, persons associated with the location and detective assignments at the location.

Before going directly to 2503 Baymont Place, SOG set a detective on surveillance of the location. We suspected the primary offender, Tarra Denton, was not at the location, as her vehicle was not present. The entry team stayed hidden away from the location and waited for her to arrive.

When Denton arrived, SOG moved in and arrested her as she exited her vehicle. The entry team then formed up to approach the target residence.

Everyone who was to be on scene was dressed in a manner clearly showing they were a police officer. Breaching tools were available and a detective was designated to force entry if needed. A team was designated to enter, clear the house and secure the occupants.

Duty weapons were out and ready. Based on my training and experience I know of the high risk involved in the service of narcotics related warrants. It is known that drug dealers often keep weapons to protect their investments (drugs and money). These weapons include clubs, knives and guns. They have also been known to use weapons to aid in their escapes, causing major officer safety issues. Safety is a primary concern for all involved.

My clothing and equipment for this search warrant consisted of a black utility vest with a badge and the word POLICE clearly marked on the front and back, black gloves and boots. I was armed with a handgun for back up and my assigned CAR 15 rifle as my primary entry weapon.

We approached the primary door used for the lower portion of the residence. At the door we knocked and announced our presence. The door was opened and I could see 3 female subjects in the living room. Maliaka Angevine, Sarah Gatchalian, and her mother, Rosalinda Frazer. The subjects were brought outside and detained.

We then entered the residence and secured it. No other people were found inside. I did note the odor of freshly burned marijuana in the residence.

I assisted in taking photos of the residence and collecting evidence. This included 23 white prescription pills (SW6) from a desk drawer in the living room, a plastic bag containing 92.6 grams of processed marijuana (SW4), which was also in the desk in the living room. Various items showing dominion and control for the residence and several items which appeared to be drug notes and ledgers.

I also found a perfume box (SW11) and a security box (SW11) from items used to purchase drugs in an early conducted controlled buy.

SUPPLEMENTAL REPORT

Bremerton Police Dept

OCA B11009105

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

I later assisted with placing the evidence in the BPD property room.
I did not assist in the interviews of any subjects involved.

On 30 Sept. 2011 I assisted Det Elton as he executed a search warrant on the car Denton had been driving at time of arrest. In the trunk of the car we found 11 bags of marijuana packaged in the manner commonly used for individual sale.

In the trunk we also found a stolen handgun.

In the trunk we also found meth smoking paraphernalia, and storage items containing meth residue.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON
THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

(Signature, Date)

(420) WHATLEY, HAROLD

KITSAP COUNTY, WA

Clerk Code _____

CERTIFICATE OF PROBABLE CAUSE

SUSPECT NAME: Tarra D. Denton (11/19/1977)

COURT: ☒ Superior ☐ District ☐ Juvenile ☐ Bremerton Municipal

ARREST CRIME: VUCSA Delivery of a Controlled Substance (4 counts) – Schedule 2 prescription drugs.

ARREST DATE & TIME: 9/29/11 at about 1658 hrs

ARREST LOCATION: 2503 Baymont Plc Bremerton WA.

PROBABLE CAUSE

I conducted multiple controlled purchases of Oxycodone Hydrochloride (Percocet pills) with suspect Tarra D. Denton. These deals occurred within the city of Bremerton during the month of September 2011.

Each deal occurred in the same manner. I met with a police operative and another detective from SOG before each buy occurred. I searched the operative and the other detective searched the operative's car at this meeting. I provided the operative with the pre-recorded SOG funds used to purchase the drugs in this case. I was present at this meeting with the operative who would contact Tarra Denton each time to arrange the deal. I could hear their conversation via the operative's speaker phone. Denton is the main source of supply in this case. Denton would then arrange the pill deals with the operative and then either Tarra or Malaika Angevine would meet the operative in order to complete the purchase.

In each case the operative ended the call with Denton, and then the operative was followed to the deal location where they were observed meeting with Angevine or Tarra Denton. Denton used a van registered to her under the name Tarra Denton on a few of these occasions. I was on surveillance during four buys that were arranged with Denton. I visually observed Denton arriving and leaving from the deal locations during buy #1 and #4.

The operative was followed away from the controlled buys and met at a post-buy secure location. I met with the operative and at least one other detective, after the buys

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct		
Signature:	Print Name: Detective Aaron Elton	# 452

Date: September 29, 2011	Place: City of Bremerton	Agency: Bremerton PD
	Case #: 11-009105	Page 1 of 2

occurred. The operative provided me with the purchased drugs while at this location. The operative and their vehicle were again searched at this location. The operative provided a description of what transpired during the buys with Denton or Malaika at this location as well. The operative said that Denton handed them the pills that were purchased with the SOG funds we provided during buy #1 and #4.

I put the purchased evidence into the BPD evidence room after each buy. I was able to confirm that the purchases drugs from buys #1 and 4 were schedule 2 drugs. This was determined by their appearance and the use of a pill identifier. They were specifically indentified as Oxycodone Hydrochloride.

I located and arrested Denton at about 1658 hrs today while serving a warrant on Baymont Place in Bremerton WA. She was arrested on the probable cause detailed above and advised of her rights. After a short interview she was transported to jail where she was booked for Delivery of a CS (prescription drugs – schedule 2) \$75,000 bail.

I was contacted by Ofc. Rauback who had transported Denton to the jail. He advised that Denton swallowed evidence when she had the opportunity during a more intimate search of her by female jail staff. I requested this search based on my investigation, and in the interest of keeping any drugs that were hiding in or on her person, out of the jail population. They were not able to recover the item she swallowed, she would not give details about what she swallowed. I provided what information I had learned through this investigation to Sgt. Craig Dick of the Kitsap County Jail so that they could monitor Denton's health in case she swallowed the type of drugs we were buying or that we located during the search of her and her residence (meth or marijuana).

CERTIFICATE OF PROBABLE CAUSE

SUSPECT NAME: Malaika Laurie Angevine 06/25/1993

COURT: ☒ Superior ☐ District ☐ Juvenile ☐ Bremerton Municipal

ARREST CRIME: VUCSA Delivery of a Controlled Substance (2 counts) -- Schedule 2 prescription drugs.

ARREST DATE & TIME: 9/29/11 at about 1658 hrs

ARREST LOCATION: 2503 Baymont Plc Bremerton WA.

PROBABLE CAUSE

I conducted multiple controlled purchases of Oxycodone Hydrochloride (Percocet pills) from Malaika Angevine. These deals occurred within the city of Bremerton during the month of September 2011.

Each deal occurred in the same manner. I met with a police operative and another detective from SOG before each buy occurred. I searched the operative and the other detective searched the operative's car at this meeting. I provided the operative with the pre-recorded SOG funds used to purchase the drugs in this case. I was present at this meeting with the operative who would contact Tarra Denton. Denton is the main source of supply in this case. Denton would then arrange the pill deals with the operative and then send Angevine to meet the operative in order to complete the purchase.

In each case the operative ended the call with Denton, and then the operative was followed to the deal location where they were observed meeting with Angevine. Angevine showed up to the arranged meet location in Denton's van. I recognized this van due to the fact it was registered to Tarra and it was used to transport drugs to a police operative in other buys. I was on surveillance during the two buys that Angevine helped facilitate and complete for Denton. She showed up to those deals alone. I visually observed her arriving and leaving from the deal locations each time. The operative in this case knew Malaika by first name and provided a description of her for me.

The operative was followed away from the pill buys completed with Malaika. I again met with the operative and at least one other detective, after the buys occurred. The

Malaika Anaevine

CERTIFICATE OF PROBABLE CAUSE**SUSPECT NAME:** Tarra A. Denton (aka Tarra Lawson) **DOB:** 11/19/1977**COURT:** ☒ Superior ☐ District ☐ Juvenile ☐ Bremerton Municipal**ARREST CRIME:** (1) Possession of Controlled Substance with Intent to Deliver / Marijuana
(2) Possession of a Stolen Firearm
(3) Unlawful Possession of Firearms 1st Degree**ARREST DATE & TIME:** 9/28/2011 @ 1658 hrs**ARREST LOCATION:** 2503 Baymont Place, Bremerton, WA 98312

This written statement of probable cause is presented by Det. Matt Musselwhite, as prepared by Det. Aaron Elton. Det. Elton's written statement has not been altered in any way.

On 9/30/11 I was on duty and I served a warrant on the vehicle and purse that Denton was in possession of when she was arrested on 9/29/11. She was arrested based on probable cause for delivery of of a controlled substance (Percocet).

The warrant served on the car and purse was authorized by Kitsap County Superior Court Judge M. K. Haberly. During a search of the car covered by the warrant I located evidence that Denton was in possession of different prescription drugs, meth and marijuana that appeared to be packaged for sale. The marijuana was in 11 bags with a combined weight of 179 grams. The marijuana was recognized by me based on its appearance, and smell and my experience as a police officer since 1997 and approx.. 5 years as a narcotics detective. There were digital scales located in the car with packaging materials, and a meth pipe too. I also located a stolen semi-automatic handgun in the trunk of the car where these drugs were located. I ran the gun through Cencom who advised it was stolen. It was a 32 cal. Kel Tec. It was found next to a magazine that fit the gun, which was loaded with 6 hollow tip bullets. I ran the serial number for this weapon and learned that it was stolen from a vehicle and reported to police. I contacted the owner (Casady) and I advised him that the gun was recovered. He said that the magazine had been loaded with plain tipped practice ammunition and not the hollow tips I described to him.

I located 56 Acetaminophen and hydrocodone pills in three different locations between the car and the purse, 21 Methadone hydrochloride 10 mg pills (purse), 6 Suboxone pills (purse), and 2 Hydromorphone hydrochloride 4 mg pills (purse).

I located two bags of marijuana totaling 40 grams, several prescription pills, a digital scale and cash during a search of the purse Denton was in possession of at the time of her arrest. This was also covered by the warrant authorized by Judge M. K. Haberly.

I contacted the jail to add the following charges on Denton; Possession with Intent to Deliver- Marijuana, Possession of a Stolen Firearm, and Felon in Possession of a Firearm. A criminal history check of Denton showed she was convicted of a felony assault 2nd degree. Total bail \$75,000.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct

Home Phone:

On 9/21/11 at about 1525 hrs, I was on duty and assigned to SOG. I conducted a controlled purchase of one 15mg Percocet (Oxycodone Hydrochloride), a schedule 2 drug, from Tarra Denton. This buy was completed with the assistance of a police operative and two other SOG detectives; Det. Heffernan and Det. Whatley.

I met with Det. Heffernan and the operative prior to the buy. I searched the operative and Det. Heffernan searched the operative's car there. We located nothing of consequence during these searches. I was present with the operative at this location when Denton was contacted via cell phone. I heard their conversation and Denton agreeing to sell the operative one pill for \$30. Denton agreed to meet the operative at the same location as they met during buy #1, within the City of Bremerton.

I provided the operative with \$30 in pre-recorded SOG funds at this location which consisted of a \$20 and a \$10 bill. The serial numbers were copied into my notebook and then transferred to this report, and they were; (\$20) IL9238670D, (\$10) IF82618838A.

The operative was followed to the deal location. Det. Heffernan parked in the lot with the operative in view during surveillance. I was parked across the street where I was during buy #1. Det. Whatley was parked in the area anticipating the arrival and departure of Denton. He was tasked with following the suspect away from the deal to their next destination.

At about 1525 hrs, I observed the van Denton had arrived in during buy #1. This van came w/b on Kitsap Way and turned into the parking lot where the operative and Det. Heffernan were waiting. The van parked next to the operative and the operative entered the van (bearing WA# 532ZCH). The operative entered the van and was inside for one minute. The operative exited and re-entered their car. The operative left the deal location and was followed to the post-buy meeting where the operative would again meet with Det. Heffernan and I.

Det. Heffernan and I followed the operative away from the deal location and we met with the operative at the post-buy location where the operative and their vehicle were again searched. Nothing of consequence was located during these searches. The operative provided me with a baggie containing a pill. It was marked with 214 on one side and resembled the pills purchased during buy #1. I confirmed that these pills are Oxycodone Hydrochloride.

I asked the operative what happened during the meeting. The operative said that Denton was not in the van. The operative said that there was one female in the van and that this female was only known as "Malikai". I asked the operative if they had ever seen this person before. The operative said yes, but did not know an exact name of the female. The operative said that the female was provided with the SOG funds and then she handed the operative the baggie with the pill in it, which she retrieved from a pocket on her jacket or shirt. The operative said that they exited the van when the deal was done.

Det. Whatley reported to me that he followed the female in Denton's van to an address on Baymont Plc. This address was confirmed to be 2503 Baymont Plc. in Bremerton WA. This is the same address where the robbery of Denton occurred (11-008414).

Narrative	B11-009105
	On 09/29/11 I was assisting SOG units with a search warrant on Baymont Place. I was requested to apply my narcotics detection canine to two vehicles which were parked in the driveway. Both vehicles were parked facing south. The vehicles were not running and all windows were up. The vehicles were Washington license plates ADY9372 and 532-ZCH
	I placed K9 Lance into his harness and was walking him to the vehicles, when I observed K9 Lance's head snap back and he began to alert. K9 Lances alert consist of rapid closed mouth breathing, a change in body posture and ear set. K9 Lane then gave a sit indication on a purse. I advised Sgt Plumb of my findings.
	I moved K9 Lance over to the vehicles; we started with WA LIC ADY9372, I gave K9 Lance the command "find it." K9 Lance began to search the vehicle. K9 Lance began to alert and gave a sit indication on the drivers side trunk seam. K9 Lance did not alert to any other vehicles.
Sketch	I advised Sgt Plumb of my findings.
	This ended my involvement.

DAVID W. PETERSON

Plaintiff,

v.

COMPLAINT FOR SEARCH
WARRANT FOR FRUITS /
INSTRUMENTALITIES AND / OR
EVIDENCE OF A CRIME FOR A
Violation of the Uniformed Controlled
Substances Act ("V.U.C.S.A."), R.C.W.
69.50.401, Delivery/Possession/
Possession with Intent to Deliver and or
Delivery of a Controlled Substance, to
wit: schedule two prescription drugs
such as; Oxycodone Hydrochloride
(Percocet) and Possession of Marijuana.

A silver Dodge Avenger 4 door, bearing
Washington license plate number #ADY9372
and VIN: 1B3BD4FB6BN551585 and;

A black and gray colored Coach purse containing a
bag of marijuana in plain view, and other items,
which I believe belong to Tarra Denton.

These items are both secured in locked and
alarmed facilities in the city of Bremerton, the
County of Kitsap, State of Washington.

Defendant.

STATE OF WASHINGTON TO: Any peace officer in said County:

WHEREAS, upon the sworn complaint heretofore made and filed in the above entitled
court, it appears to the undersigned Judge of the above entitled court that there is
probable cause to believe that a violation of the following 69.50.401, R.C.W. 69.50.401,
Delivery/Possession/ Possession with Intent to Deliver and or Delivery of a Controlled
Substance, to wit: schedule two prescription drugs such as; Oxycodone Hydrochloride
(Percocet) and Possession of Marijuana, and/or instrumentalities of said offense(s) are
presently being kept, stored, or possessed, in violation of the provisions of the State of
Washington, in about and upon certain premises and/or vehicles above described within
the State of Washington, hereinafter designated and described as;

**A silver Dodge Avenger 4 door, bearing Washington license plate number
#ADY9372 and VIN: 1B3BD4FB6BN551585 and;**

**A black and gray colored Coach purse containing a bag of marijuana in plain view, and
other items, which I believe belong to Tarra Denton.**

1
2 **These items are both secured in locked and alarmed facilities in the city of**
3 **Bremerton, the County of Kitsap, State of Washington.**

4 I am a duly appointed and qualified, acting commissioned police officer with the City of
5 Bremerton Police Department assigned to the Special Operations Group. I have been employed
6 by the City of Bremerton Police Department since July of 2000. I was assigned to the Special
7 Operations Group from August of 2003 to March 2008. I was assigned to the Patrol Division in
8 March 2008 and I worked there until May 16th, of 2011 when I was assigned to SOG again.

9 Preceding my employment with the City of Bremerton, I was employed with the Suquamish
10 Police Department from May of 1999 to July of 2000. While working for Suquamish PD, I was
11 assigned to patrol. I attended 440 hours training at the Washington State Criminal Justice
12 Training Center in Burien completing this training in February of 2000. Included in this training
13 I received instruction about drug identification, trafficking, and drug paraphernalia for my duties
14 as a line police officer.

15 Prior to working at Suquamish I worked with the Subase Bangor Security Police Department
16 from July 1996 through May of 1999. While employed there I attended 200 hours of initial
17 training in Law Enforcement and Physical Security and logged numerous hours of other related
18 training. I gained the title and position of Corporal/ Field Training Officer prior to moving on to
19 Suquamish PD.

20 I was also a Reserve Deputy with the Kitsap County Sheriff's Office, in the State of
21 Washington from January 1, 1997 to May of 1999. While working with the Sheriff's Office I was
22 assigned to patrol. I attended a 220 basic law enforcement academy upon employment with the
23 Sheriff's Office. I received instruction about drug identification, trafficking, and drug
24 paraphernalia for my duties as a line Deputy.

25 During my law enforcement career, I have participated in multiple narcotics investigations,
26 most of which resulted in arrests, and seizures of various controlled substances, which consisted
27 of Oxycodone Hydrochloride (Percocet), Powder, and Rock/ Crack Cocaine, Methamphetamine,
28 Black Tar Heroin, methylenedioxy-methamphetamine (MDMA or Ecstasy) and Hallucinogens.
29 In these investigations, I have become familiar with the methods of packaging controlled
30 substances, values of controlled substances, terms associated with the manufacture, distribution,
31

1 and use of these controlled substances. I have been the affiant in approximately 100 search
2 warrants, a majority being narcotics related

3 Based on my training and experience from 1997 to present, I know:
4

- 5 1. Persons manufacturing, possessing and distributing controlled substances
6 maintain books, records, receipts, notes, ledgers, airline tickets, money orders,
7 and other papers related to the transportation, ordering, possession, sale and
8 distribution of drugs. The aforementioned items may be carried by the
9 suspect, or in the suspect's vehicle, or be kept in the suspect's house;
- 10 2. Individuals manufacturing, possessing and distributing controlled substances
11 more often than not maintain addresses and/or telephone numbers in books or
12 papers or in computers that reflect names, addresses and/or telephone numbers
13 for drug customers and associated in their illegal drug organizations;
- 14 3. Individuals manufacturing, possessing and distributing controlled substances
15 take or cause to be taken photographs and video recording of them, their
16 associates, their property and their illegal product. These individuals usually
17 maintain these photographs and recording in their possession or at their
18 premises.
- 19 4. Individuals manufacturing, possessing and distributing controlled substances
20 almost always keep paraphernalia for packaging, weighing and distribution of
21 their illegal drugs. That paraphernalia includes, but is not limited to scales,
22 packaging material, and chemicals to cut the drug product, razor blades,
23 straws, and pipes.
- 24 5. Individuals manufacturing, possessing and distributing controlled substances
25 commonly hide the drugs, their paraphernalia, the proceeds of their drug sales,
26 and records of drug transactions in vehicles under their control, on their
27 person, or in their residence, not only for easy access, but also to conceal them
28 from law enforcement personnel;
29
30
31

- 1 6. Individuals manufacturing, possessing and distributing controlled substances
2 almost always maintain amounts of money, financial instruments, jewelry and
3 valuables, which are proceeds from or intended to be used to facilitate drug
4 transactions. Further, that these individuals often place their assets under false
5 names, or under other persons' names to avoid Detection. Even though these
6 assets are in some other person's name, the drug trafficker continues to use the
7 assets and exercises dominion and control over them. All such items, in
8 addition to being evidence of drug trafficking violations, are forfeitable to the
9 State pursuant to R.C.W. 69.50;
- 10
11 7. Individuals manufacturing, possessing and distributing controlled substances
12 secrete contraband including drugs, the proceeds and records of drug
13 transactions in secure locations within the premises under their dominion and
14 control, in their vehicles, safe deposit boxes, self storage units and on their
15 person not only for ready access but also to conceal them from law
16 enforcement;
- 17 8. In addition to weapons, people manufacturing, possessing and distributing
18 controlled substances protect their illegal enterprises through the use of
19 surveillance equipment, scanners, binoculars, and other miscellaneous
20 equipment;
- 21
22 9. In order to conduct their illegal enterprise with the smallest amount of
23 Detection from law enforcement officers, yet to allow their customers easy
24 access to them, people manufacturing, possessing and distributing controlled
25 substances commonly use pagers, cellular telephones, telephones, answering
26 machines, computer monitors, and other types of communication devices;
- 27 10. People manufacturing, possessing and distributing controlled substances will
28 often accept stolen property in exchange for controlled substances. They will
29 also accept jewelry in lieu of cash for their product. From my training and
30 experience this occurs quite often. Most people caught burglarizing homes
31

1 often take jewelry to trade for controlled substances. These items are not only
2 sizeable as evidence of the trade, but are forfeitable under R.C.W. 69.50.505
3 as proceeds from their illegal operation;

4 11. Dogs or other pets are situated on the property to warn suspects of intruders or
5 law enforcement personnel;

6 12. Fictitious names on utility records and/or fictitious business names associated
7 with the suspect's property and/or placing property and utility records in the
8 names of others.
9

10 This affidavit is made in support of an application for search warrant for the property
11 described as:

12 **A silver Dodge Avenger 4 door, bearing Washington license plate number**
13 **#ADY9372 and VIN: 1B3BD4FB6BN551585 and;**

14 **A black and gray colored Coach purse containing a bag of marijuana in plain view, and**
15 **other items, which I believe belong to Tarra Denton.**

16 **These items are both secured in locked and alarmed facilities in the city of**
17 **Bremerton, the County of Kitsap, State of Washington.**

18 **Probable cause for this search warrant is as follows:**

19 Ono 9/29/2011 I was on duty and assigned to the Special Operations Group of the Bremerton
20 Police Department. The Special Operations Group arrested Tarra D. Denton outside of her home
21 at 2503 Baymont Place in Bremerton at about 1658 hrs. I had probable cause to arrest her based
22 on a series of operations wherein she provided a police operative with prescription pills in
23 exchange for money or other negotiable instruments during the month of September 2011.
24

25 Denton was arrested after she arrived in a silver Dodge Avenger with WA plate # ADY9372. She
26 had exited and was removing something from the trunk when Det. Musselwhite approached her.
27 He was wearing police equipment and marking that said "POLICE". She quickly shut the trunk
28 when she saw him. Once she was arrested other detectives from SOG moved towards the lower
29 portion of 2503 Baymont where it was determined that Denton was residing. Through the
30 investigation into Denton and the probable cause I developed during that case I received a
31

1 warrant to search the residence on Baymont. The complaint was presented to Kitsap County
2 Superior Court Judge M. K. Haberly on the morning of 9/29/2011. She authorized the warrant
3 which was filed with the clerk's office under #20110346.

4
5 A second female was encountered in the house and she was also arrested. I had identified her as
6 Malaika Angevine verbally. Malaika is an associate of Denton's. The arrest of Malaika was
7 based on probable cause developed during the investigation of Denton and her drug dealing
8 endeavors. Drug deals arranged between the operative and Denton were completed by Malaika
9 on two of multiple occasions. I was present to hear the speaker phone conversation between the
10 operative and Denton who arranged the terms of the deals. Malaika drove Denton's van to meet
11 the operative, deliver Denton's drugs, and collect the money (pre-recorded SOG funds) for
12 Denton on two occasions.

13
14 I advised Malaika of her Miranda warnings, and I explained why she was arrested. She denied
15 selling any drugs, admitted to smoking marijuana, and using one 5mg Vicodin pill on one
16 occasion. I told her that I watched her meeting with the informant on more than one occasion and
17 she changed her story slightly. She said that she has driven Denton to location where Denton sold
18 drugs. Angevine was transported to the jail where she was booked for Delivery of a CS (schedule
19 2 prescription drugs - Percocet).

20
21 I interviewed Denton after advising her of her Miranda warnings. She admitted to abusing
22 prescription pills, she admitted to using meth, and marijuana. She said she has a medical
23 marijuana card in her purse, which was on the trunk of the car she was arrested at. She also told
24 me and other officers there was marijuana in the purse. I noticed a baggie containing 3 pills in it
25 on the ground at Denton's feet. These pills are similar to the ones purchased from Denton during
26 this investigation.

27
28 Based on the investigation, and probable cause developed to arrest Denton and Malaika for
29 delivery, and the fact that drug dealers carry items related to drug dealing on them or in their cars,
30 I asked Ofc. Glasgow to apply his narcotics K9 to the exterior of the car she arrived in. I could
31

1 actually see what appeared to be leafy marijuana residue on the back seat and floor board of the
2 car as I looked into it through the windows. I asked Ofc. Glasgow to search the exterior of the
3 van that had been used in the drug deals as well (WA# 532 ZCH). The van was parked next to
4 where Denton parked the Avenger. Ofc. Glasgow applied K9 Lance to the exterior of the Dodge
5 Avenger (WA# ADY9372) and on the way to doing this Lance gave a positive alert to the purse
6 that Denton had been in possession of at the time of her arrest. Ofc. Glasgow continued the
7 application and advised that Lance also gave a positive alert at the trunk seem on the Avenger
8 (Lance's K9 resume is attached). I could smell the odor of marijuana coming from this area of
9 the trunk when I put my nose to the area as well. I am familiar with the smell of marijuana and
10 this is based on my years as a police officers since 1997 and about 5 years as a narcotics
11 detective.

12
13 The operative in this case is working with the Bremerton Police Department in order to receive a
14 favorable recommendation on pending theft charges. The operative also reported that their
15 addiction to prescription drugs has landed them in the position they are in currently and expressed
16 interest in assisting me and SOG with narcotics investigations they had the ability to complete
17 with drug dealers in the Kitsap County area. The operative has further shown credibility through
18 their own admissions against their interest. The operative has demonstrated a current and
19 accurate knowledge of prescription pill, and Oxycodone Hydrochloride (Percocet) prices, based
20 on their own experiences. The operative was able to accurately describe to me the different drug
21 packaging methods, methods of drug use, and the process of doing illicit drug deals, which are in
22 line with my experiences as a narcotics detective and police officer since 1997. The operative has
23 shown reliability through the completion of controlled substance purchases. I have completed 7
24 controlled purchases of prescription pills from three different dealers in the area with the
25 assistance of this operative and detectives from the Bremerton police department. The operative
26 in this case has no criminal history at this time. Detective's conducting pre and post-buy searches
27 of the operative's car have located items in that car that had to be removed and placed into
28 evidence. On one occasion at a post-buy search of the operative's car Sgt. Plumb located a small
29 bag with half of a prescription pill inside of it with a piece of foil with signs of prescription pill
30 use on it. It appeared to be an oversight since it was not located before the buy occurred, and they
31

1 are small items found in small places. The operative admitted to recognizing the items, and said
2 they received the pill from someone days prior to our working relationship. The operative said
3 that they forgot they were in the car. One a separate occasion, after this, Det. Heffernan located a
4 bag with a small piece of marijuana leaf in it inside the car. The operative said they had cleaned
5 the car out, and must not have seen this bag there. The operative is not the registered owner of
6 the car and others in the family have access to it. It is possible that the item was left there by
7 another. The packaging used in the deals completed by this operative was different from the
8 packaging found in these two cases, leading me to believe that the operative was not stealing
9 from me.

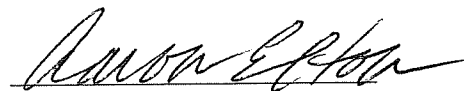

10
11 A criminal history of Denton shows a Felony conviction for Assault 2nd degree. A criminal
12 history check of Angevine shows a 2010 Gross Misdemeanor conviction for Obstruction.

13 **Therefore, I request authority to search for and seize the following items;**

- 14 1. Any and all Oxycodone Hydrochloride (Percocet); and marijuana.
- 15 2. Any books, records books, research products and materials, including formulas, tapes,
16 film, photographs, data, calendars, receipts, notes, ledgers, computer disks or records,
17 and other papers relating to the use, sale, ordering, transporting, purchase, possession
18 and distribution of Oxycodone Hydrochloride (Percocet);
- 19 3. Drug paraphernalia (all equipment, products, and materials of any kind which are
20 used, intended for use, or designed for use in compounding, converting, producing,
21 processing, weighing, packaging, containing, concealing, inhaling, ingesting or
22 otherwise introducing into a human body: Oxycodone Hydrochloride (Percocet)),
23 including, but not limited to: paper bindles, plastic bags, "cutting" agents, scales and
24 other weighing devices, heat sealing devices, pipes, hypodermic, tin foil and
25 containers commonly associated with the storage, sale, and use of Oxycodone
26 Hydrochloride (Percocet); and any items described as drug paraphernalia under RCW
27 69.50.102;
- 28 4. All monies, jewelry, proceeds, securities, and negotiable instruments that relate to the
29 possession and distribution of controlled substances;
30
31

- 1 5. Any weapons and ammunition, including by not limited to, handguns, pistols,
2 revolvers, rifles, shotguns, automatic weapons, parts there of, and any records or
3 receipts pertaining to the firearms and ammunition;
4 6. Any papers and/or items showing evidence of occupancy, residency, and ownership,
5 or dominion and control of the premises and/or vehicle/s described;
6 7. Any papers, documents, computer disks that would indicate how drug transaction
7 funds are utilized, such as tax records, bank records, bills, expenditure records and
8 receipts, and any other items of evidence showing the obtaining, secreting, transfer,
9 and/or concealment of assets and expenditures of monies.
10 8. Telephone and address books, telephone records, bills, and any documents relating to
11 co-conspirators or persons to whom controlled substances have been delivered. Also
12 photographs or video recordings that record drug manufacturing operations, use, or
13 transactions by the suspect or co-conspirators for the manufacture, use, delivery or
14 purchase of controlled substances;
15 9. Electronic equipment, such as pagers, cell phone, telephones, answering machines,
16 scanners, computers, facsimile machines, currency counting machines, calculators,
17 cell phones and related manuals used to generate, transfer, count, record and/or store
18 information and photos about drug manufacturing, use and trafficking;
19 10. Any items used for surveillance or to protect the premises from law enforcement
20 officers.

BREMERTON POLICE DEPARTMENT
NARCOTICS DETECTION K9 "Lance"
WORK RESUME
01/01/2011

K9 "Lance" is an approximately 8 year old male, black and tan, Rottweiler who was rescued from the Seattle Animal Shelter. "Lance" and his former handler/trainer, Sgt Billy Renfro, received their training in Narcotics Detection-K9 Handler's course at McNeal Island Correctional Center at McNeal Island, Washington. This team successfully completed the 240 hour course in Canine Narcotics Detection. In addition, prior to this course, "Lance" received approximately one week of training in the previous K9 academy. Sgt Renfro and K9 Lance were trained by Master Trainer Sgt. Barbara Davenport who is employed with the Department of Corrections as a narcotics K9 team trainer.

On June 22, 2009 Officer Glasgow was assigned to the canine unit and began the Washington State Patrol Narcotics Detection Canine Class. Washington Administrative Code (W.A.C) 139-05-915 (3b) for the Narcotics Dog Handler (general detection) requires a minimum of 180 hours of specified training. This training consisted of approximately 217 hours of training in the classroom as well as the practical applications, which covered all specified areas by W.A.C. At the beginning of the class Officer Glasgow was assigned "Lance" a 6 year old Rotweiler.

"Lance" and his handler completed training as a "team", both handler and the canine are trained as a unit. 237 finds of laboratory tested narcotics substances and training aids have been completed by the team during the initial training. K9 "Lance" is trained to detect the presence of Marijuana/Hashish, Cocaine, Heroin, and Methamphetamine. "Lance" is trained to "alert" on controlled substances / odor by giving a "Passive" indication, which consist of him pin-pointing with his nose at an area as close to the source of the odor, then going to a "Sit" or "Down" position. This "alert" is demonstrated by a change of his behavior (rapid, closed mouth breathing, body animation, and ear set) that the handler has been trained to recognize. If "Lance" does not work to the source, his handler may then make presentations, which will assist "Lance" in locating the source of the odor.

The following topics were included in the Washington state Patrol Narcotics Canine Detection Course:

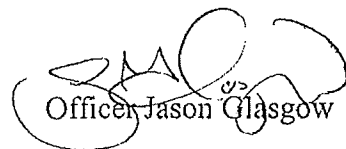

- Instincts Drives and Character Traits
- Modular Training Concept, Theory and Practice
- Conflict Training Concept, Theory and Practice
- Detection Canine Selection testing
- Detection Canine Handling Basics Detection Canine Training Progression
- Scent Production and Movement

- Search Patterns
- Proper Maintenance of Training Records
- Principals of Daily Grooming
- Canine First Aid

K9 "Lance" and his handler meet the minimum required standards as set forth in the Washington State Administrative Code (WAC: 139.05.915) for Narcotics Dog Teams / Handlers. This team's work is further enhanced by conducting maintenance training. Through **October 1, 2010** K9 Lance has accumulated approximately **949.85 hours** of Drug Detection Training. This team has accumulated approximately **319.85 hrs** of Drug Detection Training.

As of this date K9 "Lance" has been used in approximately **642** applications which has resulted in numerous "**alerts**" with approximately **568 "locates"** of controlled substances, paraphernalia, positive alert cash sniffs, or there are search warrants pending from alerts. This has led to the arrest of, or reinforced the Probable Cause for the arrests of approximately **326** suspects.

To date, K9 Lance has located illegal drugs at estimated street value of approximately **\$254,980.50** and these efforts have led to the seizure / impounding of cash (not including other property seized) for civil seizure action, totaling approximately **\$378,518.00**

DAVID W. PETERSON

THE SUPERIOR COURT OF THE STATE OF WASHINGTON
IN AND FOR THE COUNTY OF KITSAP

STATE OF WASHINGTON

Plaintiff,

vs.

A silver Dodge Avenger 4 door, bearing
Washington license plate number #ADY9372
and VIN: 1B3BD4FB6BN551585 and;

A black and gray colored Coach purse
containing a bag of marijuana in plain view,
and other items, which I believe belong to
Tarra Denton.

) NO. 2011 0349

) SEARCH WARRANT FOR FRUITS /
) INSTRUMENTALITIES AND/OR
) EVIDENCE OF A CRIME FOR:

) A Violation of the Uniformed Controlled
Substances Act ("V.U.C.S.A."), R.C.W.
69.50.401, Delivery/Possession/ Possession
with Intent to Deliver and or Delivery of a
Controlled Substance, to wit: schedule two
prescription drugs such as; Oxycodone
Hydrochloride (Percocet) and marijuana

These items are both secured in locked and
alarmed facilities in the city of Bremerton, the
County of Kitsap, State of Washington.

Defendant

STATE OF WASHINGTON TO: Any peace officer in said County:

WHEREAS, upon the sworn complaint heretofore made and filed in the above entitled court,
it appears to the undersigned Judge of the above entitled court that there is probable cause to believe
that, in violation of the laws of the State of Washington with respect to the Possession, Possession
with Intent to Deliver and/or Delivery of a Controlled Substance, to wit: Oxycodone Hydrochloride
(Percocet), as defined by law in violation of the Uniformed Controlled Substances Act
("V.U.C.S.A."), R.C.W. 69.50.401, Delivery/Possession/ Possession with Intent to Deliver and or
Delivery of a Controlled Substance, to wit: schedule two prescription drugs such as; Oxycodone
Hydrochloride (Percocet) and marijuana.
and evidence, fruits, and/or instrumentalities of said offense(s) are presently being kept, stored, or
possessed, in violation of the provisions of the State of Washington, in about and upon certain
premises and/or vehicles above described within the State of Washington, hereinafter designated and
described as;

1 A silver Dodge Avenger 4 door, bearing Washington license plate number #ADY9372 and
2 VIN: 1B3BD4FB6BN551585 and;

3 A black and gray colored Coach purse containing a bag of marijuana in plain view, and other
4 items, which I believe belong to Tarra Denton.

5 These items are both secured in locked and alarmed facilities in the city of Bremerton, the
6 County of Kitsap, State of Washington.

7
8 NOW THEREFORE, in the name of the State of Washington, you are hereby commanded,
9 with the necessary and proper assistance, to enter and search the said premises and/or vehicle and to
10 seize any fruits, instrumentalities and/or evidence of a crime, to wit:

- 11 1. Any and all Oxycodone Hydrochloride (Percocet); and marijuana
- 12 2. Any books, records books, research products and materials, including formulas, tapes, film,
13 photographs, data, calendars, receipts, notes, ledgers, computer disks or records, and other papers
14 relating to the use, sale, ordering, transporting, purchase, possession and distribution of
15 Oxycodone Hydrochloride (Percocet);
- 16 3. Drug paraphernalia (all equipment, products, and materials of any kind which are used, intended
17 for use, or designed for use in compounding, converting, producing, processing, weighing,
18 packaging, containing, concealing, inhaling, ingesting or otherwise introducing into a human
19 body: Oxycodone Hydrochloride (Percocet)), including, but not limited to: paper bindles,
20 plastic bags, "cutting" agents, scales and other weighing devices, heat sealing devices, pipes,
21 hypodermic, tin foil and containers commonly associated with the storage, sale, and use of
22 Oxycodone Hydrochloride (Percocet); and any items described as drug paraphernalia under
23 RCW 69.50.102;
- 24 4. All monies, jewelry, proceeds, securities, and negotiable instruments that relate to the possession
25 and distribution of controlled substances;
- 26 5. Any weapons and ammunition, including by not limited to, handguns, pistols, revolvers, rifles,
27 shotguns, automatic weapons, parts there of, and any records or receipts pertaining to the
28 firearms and ammunition;
- 29 6. Any papers and/or items showing evidence of occupancy, residency, and ownership, or dominion
30 and control of the premises and/or vehicle/s described;
- 31 7. Any papers, documents, computer disks that would indicate how drug transaction funds are

utilized, such as tax records, bank records, bills, expenditure records and receipts, and any other items of evidence showing the obtaining, secreting, transfer, and/or concealment of assets and expenditures of monies.

8. Telephone and address books, telephone records, bills, and any documents relating to co-conspirators or persons to whom controlled substances have been delivered. Also photographs or video recordings that record drug manufacturing operations, use, or transactions by the suspect or co-conspirators for the manufacture, use, delivery or purchase of controlled substances;
9. Electronic equipment, such as pagers, cell phone, telephones, answering machines, scanners, computers, facsimile machines, currency counting machines, calculators, cell phones and related manuals used to generate, transfer, count, record and/or store information and photos about drug manufacturing, use and trafficking;
10. Any items used for surveillance or to protect the premises from law enforcement officers.

And to safely keep that same and to make a return of said warrant within (10) days; with a particular statement of all the articles seized and the name of the person or persons in whose possession the same were found, if any; and if no person is found in possession of said articles, the return shall so state. A copy of said warrant shall be served upon the person or persons found in possession thereof; if no such persons are found, a copy of said warrant shall be posted upon said premises and/or vehicle(s) where the same are found, then in any conspicuous place upon the premises and/or vehicle(s), together with a receipt for all the articles seized.

GIVEN UNDER MY HAND this 30 day of September, 2011.

JUDGE

IN THE KITSAP COUNTY SUPERIOR COURT

STATE OF WASHINGTON,

Plaintiff,

v.

)
) No. 20110349
)
) INVENTORY AND RETURN OF PROPERTY
) TAKEN UNDER SEARCH WARRANT

A silver Dodge Avenger 4 door, bearing)
Washington license plate number)
#ADY9372 and VIN:)
1B3BD4FB6BN551585 and;)

A black and gray colored Coach purse
containing a bag of marijuana in plain view,
and other items, which I believe belong to
Tarra Denton.

These items are both secured in locked and
alarmed facilities in the city of Bremerton,
the County of Kitsap, State of Washington.

Defendant.

The following property was taken from the above-described person/place/vehicle(s)
pursuant to a Search Warrant having the same cause number—

1. See Bremerton Police Department Property Report Forms, Items #1 CI thru C10
PI thru P10

) Hydrochloride (Percocet)

STATE OF WASHINGTON TO: Any peace officer in said County:

WHEREAS, upon the sworn complaint heretofore made and filed in the above entitled court, it appears to the undersigned Judge of the above entitled court that there is probable cause to believe that, in violation of the laws of the State of Washington with respect to the Possession, Possession with Intent to Deliver and/or Delivery of a Controlled Substance, to wit: Oxycodone Hydrochloride (Percocet), as defined by law in violation of the Uniformed Controlled Substances Act ("V.U.C.S.A."), R.C.W. 69.50.401, Delivery/Possession/ Possession with Intent to Deliver and or Delivery of a Controlled Substance, to wit: schedule two prescription drugs such as; Oxycodone Hydrochloride (Percocet)

and evidence, fruits, and/or instrumentalities of said offense(s) are presently being kept, stored, or possessed, in violation of the provisions of the State of Washington, in about and upon certain premises and/or vehicles above described within the State of Washington, hereinafter designated and described as;

A stick built residence, cream colored with dark colored trim and the numbers "2503" affixed to the front of the structure, which has an attached carport on the south side. This residence is located in the city of Bremerton, the County of Kitsap, State of Washington. ON BAYMONT PLACE. #2503 NE

1 NOW THEREFORE, in the name of the State of Washington, you are hereby commanded,
2 with the necessary and proper assistance, to enter and search the said premises and/or vehicle and to
3 seize any fruits, instrumentalities and/or evidence of a crime, to wit:

- 4 1. Any and all Oxycodone Hydrochloride (Percocet); and
- 5 2. Any books, records books, research products and materials, including formulas, tapes, film,
6 photographs, data, calendars, receipts, notes, ledgers, computer disks or records, and other papers
7 relating to the use, sale, ordering, transporting, purchase, possession and distribution of
8 Oxycodone Hydrochloride (Percocet);
- 9 3. Drug paraphernalia (all equipment, products, and materials of any kind which are used, intended
10 for use, or designed for use in compounding, converting, producing, processing, weighing,
11 packaging, containing, concealing, inhaling, ingesting or otherwise introducing into a human
12 body: Oxycodone Hydrochloride (Percocet)), including, but not limited to: paper bindles,
13 plastic bags, "cutting" agents, scales and other weighing devices, heat sealing devices, pipes,
14 hypodermic, tin foil and containers commonly associated with the storage, sale, and use of
15 Oxycodone Hydrochloride (Percocet); and any items described as drug paraphernalia under
16 RCW 69.50.102;
- 17 4. All monies, jewelry, proceeds, securities, and negotiable instruments that relate to the possession
18 and distribution of controlled substances;
- 19 5. Any weapons and ammunition, including by not limited to, handguns, pistols, revolvers, rifles,
20 shotguns, automatic weapons, parts there of, and any records or receipts pertaining to the
21 firearms and ammunition;
- 22 6. Any papers and/or items showing evidence of occupancy, residency, and ownership, or dominion
23 and control of the premises and/or vehicle/s described;
- 24 7. Any papers, documents, computer disks that would indicate how drug transaction funds are
25 utilized, such as tax records, bank records, bills, expenditure records and receipts, and any other
26 items of evidence showing the obtaining, secreting, transfer, and/or concealment of assets and
27 expenditures of monies.
- 28 8. Telephone and address books, telephone records, bills, and any documents relating to co-
29 conspirators or persons to whom controlled substances have been delivered. Also photographs
30 or video recordings that record drug manufacturing operations, use, or transactions by the
31 suspect or co-conspirators for the manufacture, use, delivery or purchase of controlled

substances;

9. Electronic equipment, such as pagers, cell phone, telephones, answering machines, scanners, computers, facsimile machines, currency counting machines, calculators, cell phones and related manuals used to generate, transfer, count, record and/or store information and photos about drug manufacturing, use and trafficking;

10. Any items used for surveillance or to protect the premises from law enforcement officers.

And to safely keep that same and to make a return of said warrant within (10) days; with a particular statement of all the articles seized and the name of the person or persons in whose possession the same were found, if any; and if no person is found in possession of said articles, the return shall so state. A copy of said warrant shall be served upon the person or persons found in possession thereof; if no such persons are found, a copy of said warrant shall be posted upon said premises and/or vehicle(s) where the same are found, then in any conspicuous place upon the premises and/or vehicle(s), together with a receipt for all the articles seized.

Known as 2503 Baymont Plc. AS

I am a duly appointed and qualified, acting commissioned police officer with the City of

COMPLAINT FOR SEARCH WARRANT; Page 1

Russell D. Hauge, Prosecuting Attorney
Adult Criminal and Administrative Divisions
614 Division Street, MS-35
Port Orchard, WA 98366-4681
(360) 337-7174; Fax (360) 337-4949

1 Bremerton Police Department assigned to the Special Operations Group. I have been employed
2 by the City of Bremerton Police Department since July of 2000. I was assigned to the Special
3 Operations Group from August of 2003 to March 2008. I was assigned to the Patrol Division in
4 March 2008 and I worked there until May 16th, of 2011 when I was assigned to SOG again.

5 Preceding my employment with the City of Bremerton, I was employed with the Suquamish
6 Police Department from May of 1999 to July of 2000. While working for Suquamish PD, I was
7 assigned to patrol. I attended 440 hours training at the Washington State Criminal Justice
8 Training Center in Burien completing this training in February of 2000. Included in this training
9 I received instruction about drug identification, trafficking, and drug paraphernalia for my duties
10 as a line police officer.

11 Prior to working at Suquamish I worked with the Subase Bangor Security Police Department
12 from July 1996 through May of 1999. While employed there I attended 200 hours of initial
13 training in Law Enforcement and Physical Security and logged numerous hours of other related
14 training. I gained the title and position of Corporal/ Field Training Officer prior to moving on to
15 Suquamish PD.

16 I was also a Reserve Deputy with the Kitsap County Sheriff's Office, in the State of
17 Washington from January 1, 1997 to May of 1999. While working with the Sheriff's Office I was
18 assigned to patrol. I attended a 220 basic law enforcement academy upon employment with the
19 Sheriff's Office. I received instruction about drug identification, trafficking, and drug
20 paraphernalia for my duties as a line Deputy.

21 During my law enforcement career, I have participated in multiple narcotics investigations,
22 most of which resulted in arrests, and seizures of various controlled substances, which consisted
23 of Oxycodone Hydrochloride (Percocet), Powder, and Rock/ Crack Cocaine, Methamphetamine,
24 Black Tar Heroin, methylenedioxy-methamphetamine (MDMA or Ecstasy) and Hallucinogens.
25 In these investigations, I have become familiar with the methods of packaging controlled
26 substances, values of controlled substances, terms associated with the manufacture, distribution,
27 and use of these controlled substances. I have been the affiant in approximately 100 search
28 warrants, a majority being narcotics related

29 Based on my training and experience from 1997 to present, I know:
30
31

1. Persons manufacturing, possessing and distributing controlled substances maintain books, records, receipts, notes, ledgers, airline tickets, money orders, and other papers related to the transportation, ordering, possession, sale and distribution of drugs. The aforementioned items may be carried by the suspect, or in the suspect's vehicle, or be kept in the suspect's house;
2. Individuals manufacturing, possessing and distributing controlled substances more often than not maintain addresses and/or telephone numbers in books or papers or in computers that reflect names, addresses and/or telephone numbers for drug customers and associated in their illegal drug organizations;
3. Individuals manufacturing, possessing and distributing controlled substances take or cause to be taken photographs and video recording of them, their associates, their property and their illegal product. These individuals usually maintain these photographs and recording in their possession or at their premises.
4. Individuals manufacturing, possessing and distributing controlled substances almost always keep paraphernalia for packaging, weighing and distribution of their illegal drugs. That paraphernalia includes, but is not limited to scales, packaging material, and chemicals to cut the drug product, razor blades, straws, and pipes.
5. Individuals manufacturing, possessing and distributing controlled substances commonly hide the drugs, their paraphernalia, the proceeds of their drug sales, and records of drug transactions in vehicles under their control, on their person, or in their residence, not only for easy access, but also to conceal them from law enforcement personnel;
6. Individuals manufacturing, possessing and distributing controlled substances almost always maintain amounts of money, financial instruments, jewelry and valuables, which are proceeds from or intended to be used to facilitate drug transactions. Further, that these individuals often place their assets under false

1 names, or under other persons' names to avoid Detection. Even though these
2 assets are in some other person's name, the drug trafficker continues to use the
3 assets and exercises dominion and control over them. All such items, in
4 addition to being evidence of drug trafficking violations, are forfeitable to the
5 State pursuant to R.C.W. 69.50;

- 6 7. Individuals manufacturing, possessing and distributing controlled substances
7 secrete contraband including drugs, the proceeds and records of drug
8 transactions in secure locations within the premises under their dominion and
9 control, in their vehicles, safe deposit boxes, self storage units and on their
10 person not only for ready access but also to conceal them from law
11 enforcement;
- 12 8. In addition to weapons, people manufacturing, possessing and distributing
13 controlled substances protect their illegal enterprises through the use of
14 surveillance equipment, scanners, binoculars, and other miscellaneous
15 equipment;
- 16 9. In order to conduct their illegal enterprise with the smallest amount of
17 Detection from law enforcement officers, yet to allow their customers easy
18 access to them, people manufacturing, possessing and distributing controlled
19 substances commonly use pagers, cellular telephones, telephones, answering
20 machines, computer monitors, and other types of communication devices;
- 21 10. People manufacturing, possessing and distributing controlled substances will
22 often accept stolen property in exchange for controlled substances. They will
23 also accept jewelry in lieu of cash for their product. From my training and
24 experience this occurs quite often. Most people caught burglarizing homes
25 often take jewelry to trade for controlled substances. These items are not only
26 sizeable as evidence of the trade, but are forfeitable under R.C.W. 69.50.505
27 as proceeds from their illegal operation;
- 28 11. Dogs or other pets are situated on the property to warn suspects of intruders or
29
30
31

1 law enforcement personnel;

- 2 12. Fictitious names on utility records and/or fictitious business names associated
3 with the suspect's property and/or placing property and utility records in the
4 names of others.

5 This affidavit is made in support of an application for search warrant for the property
6 described as:

7
8
9 **A stick built residence, cream colored with dark colored trim and the numbers**
10 **"2503" affixed to the front of the structure, which has an attached carport on the**
11 **south side. This residence is located in the city of Bremerton, the County of Kitsap,**
12 **State of Washington.**

known as 2503 Sargent Place

13 **Probable cause for this search warrant is as follows:**

14 During the month of September 2011 I conducted multiple controlled purchases of Oxycodone
15 Hydrochloride pills from a suspect identified as Tarra D. Denton 11/19/1977 (AKA: Tarra
16 Lawson). These buys were completed with the assistance of a police operative and detectives
17 with the Special Operations Group. All the buys were completed within the City of Bremerton,
18 and/or the County of Kitsap, in the State of Washington.

19
20 The operative in this case is working with the Bremerton Police Department in order to receive a
21 favorable recommendation on pending theft charges. The operative also reported that their
22 addiction to prescription drugs has landed them in the position they are in currently and expressed
23 interest in assisting me and SOG with narcotics investigations they had the ability to complete
24 with drug dealers in the Kitsap County area. The operative has further shown credibility through
25 their own admissions against their interest. The operative has demonstrated a current and
26 accurate knowledge of prescription pill, and Oxycodone Hydrochloride (Percocet) prices, based
27 on their own experiences. The operative was able to accurately describe to me the different drug
28 packaging methods, methods of drug use, and the process of doing illicit drug deals, which are in
29 line with my experiences as a narcotics detective and police officer since 1997. The operative has
30 shown reliability through the completion of controlled substance purchases. I have completed 7
31

1 controlled purchases of prescription pills from three different dealers in the area with the
2 assistance of this operative and detectives from the Bremerton police department. The operative
3 in this case has no criminal history at this time.

4
5 The operative has contacted Denton prior to each buy to arrange the deals SOG has investigated
6 during the month of September 2011. Denton has sent a female only known as Malika, to meet
7 with the operative on multiple occasions. Malika has sold pills to the operative for Denton during
8 those instances. Malika has driven a van belonging to Denton to these deals. Malika was
9 followed back to Baymont Place after she was observed selling Percocet pills to the operative on
10 9/22/2011. Det. Whatley conducted the surveillance of Malika and the van back to Baymont
11 Place on that date. The operative and their vehicle was searched before and after each of the
12 buys.

13
14 The operative was provided with pre-recorded SOG funds or photographed property, which were
15 given to Denton or her associate, Malika, in exchange for prescription pills. The prescription pills
16 that the operative purchased during deals arranged with Denton were all placed into the BPD
17 property room as evidence. They were all confirmed to be schedule 2 drugs. The searches were
18 conducted by me and another detective assigned to SOG.

19
20 Sgt. Plumb did located a baggie with a partial Percocet pill in it and some foil with signs of
21 prescription pill use on it during a search of the operative's car, after one of the buys with Denton.
22 This item was not located during the pre-buy search. The operative said they were not aware that
23 the item was still in there and admitted that they recognized it as a pill they had been provided
24 prior to our working relationship that they had forgotten about. The baggie was marked with a
25 unique print. This print was never used by Denton to package pills sold to the operative before
26 that buy, during that buy, or after that buy. It appeared to be a simple oversight by Sgt. Plumb
27 and forgotten about by the operative.

28
29 Det. Heffernan located a baggie with black and gold print on it in the operative's car during a pre-
30 buy search prior to a controlled buy being completed. This baggie was located under the driver's
31

1 seat and held a very small piece of what appeared to be a marijuana leaf. When the operative was
2 shown the baggie the operative said that they had no idea it was in the car. The operative said
3 that they tried to clean the car out after the incident described above and concluded that it might
4 have been overlooked. The operative also advised that they share a car with a close family
5 member, which is another plausible excuse.

6
7 In the process of identifying Tarra Denton and determining where she lived, Sgt. Plumb located a
8 recent police report in I Leads tying her to an address at 2503 Baymont Place in Bremerton WA.
9 It should be noted that the operative knew that Denton lives near N. Cambrian, which is near
10 Baymont Place. The operative said that Denton lives with her boyfriend, a black male.

11
12 In the report located by Sgt. Plumb (BPD case #11-008414), which was taken on August 31st,
13 2011, Tarra Denton was the victim of what appears to be a home invasion robbery. The robbery
14 occurred at 2503 Baymont Place, Bremerton, Washington. During the robbery the suspects stole
15 360 Vicoden pills and approximately \$2,500.00 in cash, along with her grey "Coach" purse that
16 contained a white I-phone, a Bank of America debit card, a Washington State driver's license,
17 and approximately \$300.00 cash. It was noted that during the 11-008414 interview of Denton,
18 she indicated she was living there with an individual by the name of Isaac Miller. Isaac Miller
19 was fully identified as Isaac Shandon Miller, DOB: 11/15/1982 and happens to be a black male.

20
21 On 9/27/11 I was on duty and assigned to the Special Operations Group of the Bremerton Police
22 Department I was with the police operative in this case when they contacted Tarra Denton via cell
23 phone. I listened to the conversation between them and heard Tarra asking the operative to steal
24 certain specific items from stores. Tarra has a history of giving "boosters", people who steal
25 property for her, prescription drugs in return. It is my understanding that there is a pending case
26 against Tarra for this type of criminal activity at this time.

27
28 During the time I was with the operative they had a conversation with Tarra. Tarra said that she
29 had a list of items that she wanted from Fred Meyers. Tarra asked the operative to steal size 5
30 jeans, perfume, a hair straightener that costs \$59.99 and an Xbox controller from Fred Meyers.

1 She then said that she already had a new controller. There was no discussion regarding the
2 specific amount of pills she would give the operative in return for "stolen items." The operative
3 ended the call with Tarra Denton and advised me that the amount of prescription pills that Denton
4 would trade for stolen goods was dependent on the merchandise she was presented with and her
5 mood.

6
7 I have listened to many calls that the operative has made to Denton since the beginning of this
8 investigation and I can confirm that she is moody, rude and during some calls she has been
9 manipulative. For instance, when the operative called to arrange to buy Oxycodone
10 Hydrochloride from her on one occasion she told the operative she wanted them to "boost" for
11 her and that she would not sell the operative pills for money. She demanded stolen merchandise
12 instead. When the operative refused Denton increased the price of the pills and agreed to sell
13 them at an inflated price.

14
15 On 9/27/11, I purchased Juicy Couture perfume and hair straightener from Fred Meyer on
16 9/27/11. I searched the hair straightener aisle and found the one product that was priced at \$59.99
17 as Denton requested. I photographed these items in detail and copied the codes and numbers
18 from their labels onto my notebook (see attached copies of photos and notes). I met with the
19 operative again as planned after the earlier call to Denton.

20
21 I met with the operative and Det. Heffernan at a secure location where the operative again
22 contacted Denton. Prior to meeting with the operative I asked Det. Whatley to conduct
23 surveillance of Denton's house at 2503 Baymont Place in Bremerton WA. Det. Whatley was
24 prior to and during the time this call to Denton was made. I anticipated Denton agreeing to meet
25 with the operative to do a pill deal. When the operative contacted Denton and advised her that
26 they had some of the "stolen items" she described earlier I heard Denton telling the operative that
27 she could not talk right now because she thought she was "about to be raided." Tarra abruptly
28 hung up the phone at this time.

29
30 I contacted Det. Whatley to tell him to leave the area suspecting someone had seen him on
31

1 surveillance. Det. Whatley advised me that he saw several cars come and go from the area of
2 Baymont, which is a dead end. He also told me that he saw two cars come and go from there
3 more than once, and that the occupants looked at him each time. We concluded that this was in
4 fact why she was concerned about being raided.

5
6 I canceled the operation and asked the operative to call me if Denton called back. At about 1647
7 hrs, I was still on duty and I received a call from the operative. The operative advised me that
8 Tarra Denton had called back and that she was ready to do the deal.

9
10 I advised Sgt. Plumb, Det. Whatley, Det. Heffernan and Det. Musselwhite (all of SOG) and they
11 were assigned different responsibilities for the impending operation with Denton and the
12 operative.

13
14 I met with Det. Heffernan and the operative at the pre-buy location. I showed the operative a
15 photo lineup consisting of 6 female photographs. I advised the operative to look at the line up
16 and to point to any photo that they recognized. I advised that it was ok not to identify anyone and
17 that there was a chance that they would not recognize anyone in the photos. I asked the operative
18 to only identify someone if they were 100% certain of their identity. The operative identified one
19 of the photos on the page. The operative said that it was Tarra Denton and was correct in doing
20 so. The operative circled the photo of Denton, initialed and dated it.

21
22 At the pre-buy location I searched the operative and Det. Heffernan searched the operative's car
23 prior to the buy. Nothing of consequence was located during those searches. I was with the
24 operative when they tried to contact Denton on her cell to arrange the meeting. She did not
25 answer. The operative contacted a female associated of Denton's, Malika (unknown spelling).
26 Malika was contacted via cell and she said she was with Denton. The operative advised Malika
27 that they could not reach Denton on her cell. Malika told the operative that Denton would meet
28 them at the Taco Bell on Kitsap Way in Bremerton WA to do the deal.

29
30 I provided the operative with the photographed perfume and straightener from Fred Meyer. The
31

1 operative was then followed to the Taco Bell parking lot arriving at about 1725 hrs. Det. Whatley
2 and Sgt. Plumb were already there on surveillance. The operative contacted me shortly after their
3 arrival at Taco Bell to tell me that Denton called and changed the location to the McDonald's on
4 Kitsap Way. This is a common tactic used by dealers who are concerned about being arrested as
5 a result of an informant working with the police. The surveillance units were advised of the
6 change in locations and they repositioned themselves with a view of the McDonald's lot, which is
7 just west of the Taco Bell location.

8
9 The operative was advised when they were allowed to move from Taco Bell to the McDonald's.
10 I observed the operative entering the McDonald's lot and parking in view of Kitsap Way as
11 instructed at about 1730 hrs.

12
13 I received a call from Det. Musselwhite who was on surveillance on Baymont Place. He advised
14 that three cars just left the area of Denton's house on Baymont. They were a silver Honda, dark
15 colored Jeep Cherokee and a white Mercury Cougar. I advised surveillance units of these vehicle
16 descriptions in case they were being used as counter-surveillance. Shortly after that I observed a
17 dark colored Jeep Cherokee coming from Corbet Dr and turning w/b onto Kitsap Way. I advised
18 units of this and they advised that they could see it as well. I moved to a vantage point where I
19 could see the operative's car in the McDonald's lot. During this time the Jeep pulled into the lot
20 and turned around. I saw the Jeep parking in the lot facing the McDonald's play area. I then
21 observed the operative entering the rear passenger door of the Jeep. They were seated behind the
22 driver. This occurred at about 1741 hrs. The operative was inside the Jeep for a few minutes
23 until emerging at about 1752 hrs and returning to their car.

24
25 The Jeep left the lot and turned westbound onto Kitsap Way. An attempt was made to follow the
26 car, but surveillance units lost it. Det. Musselwhite was still on surveillance on Baymont and
27 advised that the meeting occurred and the Jeep had left the lot. I asked him to report back to me
28 when and if the Jeep returned to Baymont.

29
30 I contacted the operative by phone and asked if the deal occurred. The operative said that Denton
31

1 was the passenger in the Jeep and that it was driven by an unknown white female. The operative
2 said that Denton gave them two 15mg Percocet pills in exchange for the Juicy Couture and hair
3 straightener. I advised the operative that we were following him to the post-buy location.

4
5 At about 1809 Det. Musselwhite contacted me by phone from Baymont Place and he advised that
6 the same Jeep Cherokee just arrived back to the Baymont address. He advised he saw two
7 females exiting the Jeep and entering the house on Baymont. He provided the plate on the Jeep.
8 It was Washington plate #556UTW, registered to Jeannee Brown in Bremerton WA.

9
10 I met the operative at the post-buy location with Det. Heffernan and Det. Whatley. The operative
11 handed me two round, blue, small pills marked with 214. These have been confirmed to be
12 Oxycodone Hydrochloride (15mg pills). These are schedule 2 drugs. I searched the operative at
13 this location and Det. Whatley searched the operative's car. Nothing of consequence was located
14 during these searches.

15
16 I conducted a recorded interview with the operative at this location. I had the operative's
17 permission to record their voice during the interview. In short, the operative described their
18 relationship with Denton, their knowledge that Denton sells prescription pills, and trades stolen
19 property for pills. The operative explained that they had done these types of deals with Denton
20 prior to their relationship with the police. The operative said that they had done over 30 illicit pill
21 deals with Denton as a rough estimate.

22
23 In regards to the deal at McDonald's, the operative advised that Denton was the passenger in the
24 Jeep. The operative did not know the female driver. The operative said that Denton was given
25 the perfume and straightener and that Denton tried to give them one 15mg Percocet in return. She
26 reportedly retrieved this pill from the area of her breasts inside of her shirt. The operative
27 objected to this knowing the value of a 15mg pill is about \$20. The operative said that Denton
28 offered to give them some "weed" (Oxycodone Hydrochloride (Percocet)) in addition to the one
29 15mg pill. The operative objected to this and Denton retrieved another 15mg Percocet from the
30 area of her breasts inside her shirt.

1
2 The operative said that Denton made small talk with them and asked them if they would go steal
3 items from Target. The operative refused. The operative exited the Jeep and returned to their car
4 with the 2 Percocet pills given to them by Denton. The operative then drove to the post-buy
5 search location where we met.

6
7 The two Percocet pills were placed into the Bremerton Police property room after the buy.

8
9 It is my belief that this investigation has shown a repeated pattern of illicit drug dealing by Tarra
10 Denton. Denton has been shown to reside at 2503 Baymont Place in Bremerton WA, through
11 surveillance techniques, and the completion of controlled buys with Denton. The additional
12 evidence that she is involved in drug possession and likely drug dealing from that address is seen
13 in the August 2011 Bremerton Police report where Denton reports a home invasion robbery at her
14 Baymont address, and drugs, and cash were stolen from her during that robbery. It is my belief
15 and the investigation shows that Denton and her associates are still conducting their illegal drug
16 sales crimes out of the Baymont address as demonstrated by the controlled buy operation
17 conducted on 9/27/11 (described above). I believe that evidence of the crime of delivery of a
18 controlled substance, to wit; Oxycodone Hydrochloride is located inside of 2503 Baymont Place,
19 in Bremerton WA.

20
21 A criminal history check of Denton shows that she has been convicted of one felony for Assault
22 2nd degree in 2001. She has been arrested for theft, controlled substance possession (prescription
23 drugs), possession of drug paraphernalia, theft (organized retail), possession of stolen property,
24 assault 1st degree, assault 4th degree, and false reporting.

25
26 **Therefore, I request authority to search for and seize the following items;**

- 27 1. Any and all Oxycodone Hydrochloride (Percocet); and
28 2. Any books, records books, research products and materials, including formulas, tapes,
29 film, photographs, data, calendars, receipts, notes, ledgers, computer disks or records,
30 and other papers relating to the use, sale, ordering, transporting, purchase, possession
31

1 and distribution of Oxycodone Hydrochloride (Percocet);

- 2 3. Drug paraphernalia (all equipment, products, and materials of any kind which are
3 used, intended for use, or designed for use in compounding, converting, producing,
4 processing, weighing, packaging, containing, concealing, inhaling, ingesting or
5 otherwise introducing into a human body: Oxycodone Hydrochloride (Percocet),
6 including, but not limited to: paper bindles, plastic bags, "cutting" agents, scales and
7 other weighing devices, heat sealing devices, pipes, hypodermic, tin foil and
8 containers commonly associated with the storage, sale, and use of Oxycodone
9 Hydrochloride (Percocet); and any items described as drug paraphernalia under RCW
10 69.50.102;
11
- 12 4. All monies, jewelry, proceeds, securities, and negotiable instruments that relate to the
13 possession and distribution of controlled substances;
14
- 15 5. Any weapons and ammunition, including by not limited to, handguns, pistols,
16 revolvers, rifles, shotguns, automatic weapons, parts there of, and any records or
17 receipts pertaining to the firearms and ammunition;
18
- 19 6. Any papers and/or items showing evidence of occupancy, residency, and ownership,
20 or dominion and control of the premises and/or vehicle/s described;
21
- 22 7. Any papers, documents, computer disks that would indicate how drug transaction
23 funds are utilized, such as tax records, bank records, bills, expenditure records and
24 receipts, and any other items of evidence showing the obtaining, secreting, transfer,
25 and/or concealment of assets and expenditures of monies.
26
- 27 8. Telephone and address books, telephone records, bills, and any documents relating to
28 co-conspirators or persons to whom controlled substances have been delivered. Also
29 photographs or video recordings that record drug manufacturing operations, use, or
30 transactions by the suspect or co-conspirators for the manufacture, use, delivery or
31 purchase of controlled substances;
9. Electronic equipment, such as pagers, cell phone, telephones, answering machines,
scanners, computers, facsimile machines, currency counting machines, calculators,

1 cell phones and related manuals used to generate, transfer, count, record and/or store
2 information and photos about drug manufacturing, use and trafficking;
3

4 10. Any items used for surveillance or to protect the premises from law enforcement
5 officers.

IN THE KITSAP COUNTY SUPERIOR COURT

STATE OF WASHINGTON,

Plaintiff,

v.

The lower portion of a stick built residence on Baymont Place. It is cream colored with dark colored trim, and the numbers "2503" affixed to the front of the structure and left of the door. This residence has an attached carport on the south side. Access to the basement in on the back side of the house. This residence is located in the city of Bremerton, the County of Kitsap, State of Washington.

Defendant.

No. 201103410

COMPLAINT FOR SEARCH
WARRANT FOR FRUITS /
INSTRUMENTALITIES AND / OR
EVIDENCE OF A CRIME FOR A
Violation of the Uniformed Controlled
Substances Act ("V.U.C.S.A."), R.C.W.
69.50.401, Delivery/Possession/
Possession with Intent to Deliver and or
Delivery of a Controlled Substance, to
wit: schedule two prescription drugs
such as; Oxycodone Hydrochloride
(Percocet)

RECEIVED AND FILED
SEP 29 2011
DAVID W. PETERSON
KITSAP COUNTY CLERK

STATE OF WASHINGTON TO: Any peace officer in said County:

WHEREAS, upon the sworn complaint heretofore made and filed in the above entitled court, it appears to the undersigned Judge of the above entitled court that there is probable cause to believe that a violation of the following 69.50.401, R.C.W. 69.50.401, Delivery/Possession/ Possession with Intent to Deliver and or Delivery of a Controlled Substance, to wit: schedule two prescription drugs such as; Oxycodone Hydrochloride (Percocet), and/or instrumentalities of said offense(s) are presently being kept, stored, or possessed, in violation of the provisions of the State of Washington, in about and upon certain premises and/or vehicles above described within the State of Washington, hereinafter designated and described as;

The lower portion of a stick built residence on Baymont Place. It is cream colored with dark colored trim, and the numbers "2503" affixed to the front of the structure and left of the door, This residence has an attached carport on the south side. Access to the basement in on the back side of the house. This residence is located in the city of Bremerton, the County of Kitsap, State of Washington.

I am a duly appointed and qualified, acting commissioned police officer with the City of

COMPLAINT FOR SEARCH WARRANT; Page 1

Russell D. Hauge, Prosecuting Attorney
Adult Criminal and Administrative Divisions
614 Division Street, MS-35
Port Orchard, WA 98366-4681
(360) 337-7174; Fax (360) 337-4949

1 Bremerton Police Department assigned to the Special Operations Group. I have been employed
2 by the City of Bremerton Police Department since July of 2000. I was assigned to the Special
3 Operations Group from August of 2003 to March 2008. I was assigned to the Patrol Division in
4 March 2008 and I worked there until May 16th, of 2011 when I was assigned to SOG again.

5 Preceding my employment with the City of Bremerton, I was employed with the Suquamish
6 Police Department from May of 1999 to July of 2000. While working for Suquamish PD, I was
7 assigned to patrol. I attended 440 hours training at the Washington State Criminal Justice
8 Training Center in Burien completing this training in February of 2000. Included in this training
9 I received instruction about drug identification, trafficking, and drug paraphernalia for my duties
10 as a line police officer.

11 Prior to working at Suquamish I worked with the Subase Bangor Security Police Department
12 from July 1996 through May of 1999. While employed there I attended 200 hours of initial
13 training in Law Enforcement and Physical Security and logged numerous hours of other related
14 training. I gained the title and position of Corporal/ Field Training Officer prior to moving on to
15 Suquamish PD.

16 I was also a Reserve Deputy with the Kitsap County Sheriff's Office, in the State of
17 Washington from January 1, 1997 to May of 1999. While working with the Sheriff's Office I was
18 assigned to patrol. I attended a 220 basic law enforcement academy upon employment with the
19 Sheriff's Office. I received instruction about drug identification, trafficking, and drug
20 paraphernalia for my duties as a line Deputy.

21 During my law enforcement career, I have participated in multiple narcotics investigations,
22 most of which resulted in arrests, and seizures of various controlled substances, which consisted
23 of Oxycodone Hydrochloride (Percocet), Powder, and Rock/ Crack Cocaine, Methamphetamine,
24 Black Tar Heroin, methylenedioxy-methamphetamine (MDMA or Ecstasy) and Hallucinogens.
25 In these investigations, I have become familiar with the methods of packaging controlled
26 substances, values of controlled substances, terms associated with the manufacture, distribution,
27 and use of these controlled substances. I have been the affiant in approximately 100 search
28 warrants, a majority being narcotics related

29 Based on my training and experience from 1997 to present, I know:
30
31

1. Persons manufacturing, possessing and distributing controlled substances maintain books, records, receipts, notes, ledgers, airline tickets, money orders, and other papers related to the transportation, ordering, possession, sale and distribution of drugs. The aforementioned items may be carried by the suspect, or in the suspect's vehicle, or be kept in the suspect's house;
2. Individuals manufacturing, possessing and distributing controlled substances more often than not maintain addresses and/or telephone numbers in books or papers or in computers that reflect names, addresses and/or telephone numbers for drug customers and associated in their illegal drug organizations;
3. Individuals manufacturing, possessing and distributing controlled substances take or cause to be taken photographs and video recording of them, their associates, their property and their illegal product. These individuals usually maintain these photographs and recording in their possession or at their premises.
4. Individuals manufacturing, possessing and distributing controlled substances almost always keep paraphernalia for packaging, weighing and distribution of their illegal drugs. That paraphernalia includes, but is not limited to scales, packaging material, and chemicals to cut the drug product, razor blades, straws, and pipes.
5. Individuals manufacturing, possessing and distributing controlled substances commonly hide the drugs, their paraphernalia, the proceeds of their drug sales, and records of drug transactions in vehicles under their control, on their person, or in their residence, not only for easy access, but also to conceal them from law enforcement personnel;
6. Individuals manufacturing, possessing and distributing controlled substances almost always maintain amounts of money, financial instruments, jewelry and valuables, which are proceeds from or intended to be used to facilitate drug transactions. Further, that these individuals often place their assets under false

1 names, or under other persons' names to avoid Detection. Even though these
2 assets are in some other person's name, the drug trafficker continues to use the
3 assets and exercises dominion and control over them. All such items, in
4 addition to being evidence of drug trafficking violations, are forfeitable to the
5 State pursuant to R.C.W. 69.50;

6 7. Individuals manufacturing, possessing and distributing controlled substances
7 secrete contraband including drugs, the proceeds and records of drug
8 transactions in secure locations within the premises under their dominion and
9 control, in their vehicles, safe deposit boxes, self storage units and on their
10 person not only for ready access but also to conceal them from law
11 enforcement;

12 8. In addition to weapons, people manufacturing, possessing and distributing
13 controlled substances protect their illegal enterprises through the use of
14 surveillance equipment, scanners, binoculars, and other miscellaneous
15 equipment;

16 9. In order to conduct their illegal enterprise with the smallest amount of
17 Detection from law enforcement officers, yet to allow their customers easy
18 access to them, people manufacturing, possessing and distributing controlled
19 substances commonly use pagers, cellular telephones, telephones, answering
20 machines, computer monitors, and other types of communication devices;

21 10. People manufacturing, possessing and distributing controlled substances will
22 often accept stolen property in exchange for controlled substances. They will
23 also accept jewelry in lieu of cash for their product. From my training and
24 experience this occurs quite often. Most people caught burglarizing homes
25 often take jewelry to trade for controlled substances. These items are not only
26 sizeable as evidence of the trade, but are forfeitable under R.C.W. 69.50.505
27 as proceeds from their illegal operation;

28 11. Dogs or other pets are situated on the property to warn suspects of intruders or
29
30
31

1 law enforcement personnel;

- 2 12. Fictitious names on utility records and/or fictitious business names associated
3 with the suspect's property and/or placing property and utility records in the
4 names of others.

5 This affidavit is made in support of an application for search warrant for the property
6 described as:

7 **The lower portion of a stick built residence on Baymont Place. It is cream colored**
8 **with dark colored trim, and the numbers "2503" affixed to the front of the structure**
9 **and left of the door, This residence has an attached carport on the south side.**
10 **Access to the basement in on the back side of the house. This residence is located in**
11 **the city of Bremerton, the County of Kitsap, State of Washington.**

12 **Probable cause for this search warrant is as follows:**

13 During the month of September 2011 I conducted multiple controlled purchases of Oxycodone
14 Hydrochloride pills from a suspect identified as Tarra D. Denton 11/19/1977 (AKA: Tarra
15 Lawson). These buys were completed with the assistance of a police operative and detectives
16 with the Special Operations Group. All the buys were completed within the City of Bremerton,
17 and County of Kitsap, in the State of Washington.

18
19 The operative in this case is working with the Bremerton Police Department in order to receive a
20 favorable recommendation on pending theft charges. The operative also reported that their
21 addiction to prescription drugs has landed them in the position they are in currently and expressed
22 interest in assisting me and SOG with narcotics investigations they had the ability to complete
23 with drug dealers in the Kitsap County area. The operative has further shown credibility through
24 their own admissions against their interest. The operative has demonstrated a current and
25 accurate knowledge of prescription pill, and Oxycodone Hydrochloride (Percocet) prices, based
26 on their own experiences. The operative was able to accurately describe to me the different drug
27 packaging methods, methods of drug use, and the process of doing illicit drug deals, which are in
28 line with my experiences as a narcotics detective and police officer since 1997. The operative has
29 shown reliability through the completion of controlled substance purchases. I have completed 7
30 controlled purchases of prescription pills from three different dealers in the area with the
31

1 assistance of this operative and detectives from the Bremerton police department. The operative
2 in this case has no criminal history at this time.

3
4 The operative has contacted Denton in order to arrange the deals SOG has investigated during the
5 month of September 2011. Denton has sent a female only known as Malika, to meet with the
6 operative on multiple occasions. Malika has sold pills to the operative for Denton during those
7 instances. Malika has driven a van belonging to Denton to these deals. Malika was followed
8 back to Baymont Place after she was observed selling Percocet pills to the operative on
9 9/22/2011. Det. Whatley conducted the surveillance of Malika and the van back to Baymont
10 Place on that date. The prescription pills that the operative purchased during deals arranged with
11 Denton were all placed into the BPD property room as evidence. They were all confirmed to be
12 schedule 2 drugs.

13
14 The operative was searched prior to and after each of the controlled buy operations occurring.
15 The searches were conducted by me and another detective assigned to SOG. Sgt. Plumb located a
16 baggie with a partial Percocet pill in it and some foil with signs of prescription pill use on it
17 during a search of the operative's car, after one of the buys with Denton. This item was not
18 located during the pre-buy search. The operative said they were not aware that the item was still
19 in there and admitted that they recognized it as a pill they had been provided prior to our working
20 relationship that they had forgotten about. The baggie was marked with a unique print. This
21 print was never used by Denton to package pills sold to the operative before that buy, during that
22 buy, or after that buy. It appeared to be a simple oversight by Sgt. Plumb and forgotten about by
23 the operative.

24
25 Det. Heffernan located a baggie with black and gold print on it in the operative's car during a pre-
26 buy search prior to a controlled buy being completed. This baggie was located under the driver's
27 seat and held a very small piece of what appeared to be a Oxycodone Hydrochloride (Percocet)
28 leaf. When the operative was shown the baggie the operative said that they had no idea it was in
29 the car. The operative said that they tried to clean the car out after the incident described above
30 and concluded that it might have been overlooked. The operative also advised that they share a
31

1 car with a close family member, which is another plausible excuse.

2
3 In the process of identifying Tarra Denton and determining where she lived, Sgt. Plumb located a
4 recent police report in I Leads tying her to an address at 2503 Baymont Place in Bremerton WA.
5 It should be noted that the operative knew that Denton lives near N. Cambrian, which is near
6 Baymont Place. The operative said that Denton lives with her boyfriend, a black male.

7
8 In the report located by Sgt. Plumb (BPD case #11-008414), which was taken on August 31st,
9 2011, Tarra Denton was the victim of what appears to be a home invasion robbery. The robbery
10 occurred at 2503 Baymont Place, Bremerton, Washington. During the robbery the suspects stole
11 360 Vicoden pills and approximately \$2,500.00 in cash, along with her grey "Coach" purse that
12 contained a white I-phone, a Bank of America debit card, a Washington State driver's license,
13 and approximately \$300.00 cash. It was noted that during the 11-008414 interview of Denton,
14 she indicated she was living there with an individual by the name of Isaac Miller. Isaac Miller
15 was fully identified as Isaac Shandon Miller, DOB: 11/15/1982 and happens to be a black male.

16
17 On 9/27/11 I was on duty and assigned to the Special Operations Group of the Bremerton Police
18 Department I was with the police operative in this case when they contacted Tarra Denton via cell
19 phone. I listened to the conversation between them and heard Tarra asking the operative to steal
20 certain specific items from stores. Tarra has a history of giving "boosters", people who steal
21 property for her, prescription drugs in return. It is my understanding that there is a pending case
22 against Tarra for this type of criminal activity at this time.

23
24 During the time I was with the operative they had a conversation with Tarra. Tarra said that she
25 had a list of items that she wanted from Fred Meyers. Tarra asked the operative to steal size 5
26 jeans, perfume, a hair straightener that costs \$59.99 and an Xbox controller from Fred Meyers.
27 She then said that she already had a new controller. There was no discussion regarding the
28 specific amount of pills she would give the operative in return for "stolen items." The operative
29 ended the call with Tarra Denton and advised me that the amount of prescription pills that Denton
30 would trade for stolen goods was dependent on the merchandise she was presented with and her
31

1 mood.

2
3 I have listened to many calls that the operative has made to Denton since the beginning of this
4 investigation and I can confirm that she is moody, rude and during some calls she has been
5 manipulative. For instance, when the operative called to arrange to buy Oxycodone
6 Hydrochloride from her on one occasion she told the operative she wanted them to "boost" for
7 her and that she would not sell the operative pills for money. She demanded stolen merchandise
8 instead. When the operative refused Denton increased the price of the pills and agreed to sell
9 them at an inflated price.

10
11 On 9/27/11, I purchased Juicy Couture perfume and hair straightener from Fred Meyer on
12 9/27/11. I searched the hair straightener aisle and found the one product that was priced at \$59.99
13 as Denton requested. I photographed these items in detail and copied the codes and numbers
14 from their labels onto my notebook (see attached copies of photos and notes). I met with the
15 operative again as planned after the earlier call to Denton.

16
17 I met with the operative and Det. Heffernan at a secure location where the operative again
18 contacted Denton. Prior to meeting with the operative I asked Det. Whatley to conduct
19 surveillance of Denton's house at 2503 Baymont Place in Bremerton WA. Det. Whatley was
20 prior to and during the time this call to Denton was made. I anticipated Denton agreeing to meet
21 with the operative to do a pill deal. When the operative contacted Denton and advised her that
22 they had some of the "stolen items" she described earlier I heard Denton telling the operative that
23 she could not talk right now because she thought she was "about to be raided." Tarra abruptly
24 hung up the phone at this time.

25
26 I contacted Det. Whatley to tell him to leave the area suspecting someone had seen him on
27 surveillance. Det. Whatley advised me that he saw several cars come and go from the area of
28 Baymont, which is a dead end. He also told me that he saw two cars come and go from there
29 more than once, and that the occupants looked at him each time. We concluded that this was in
30 fact why she was concerned about being raided.

1
2 I canceled the operation and asked the operative to call me if Denton called back. At about 1647
3 hrs, I was still on duty and I received a call from the operative. The operative advised me that
4 Tarra Denton had called back and that she was ready to do the deal.

5
6 I advised Sgt. Plumb, Det. Whatley, Det. Heffernan and Det. Musselwhite (all of SOG) and they
7 were assigned different responsibilities for the impending operation with Denton and the
8 operative.

9
10 I met with Det. Heffernan and the operative at the pre-buy location. I showed the operative a
11 photo lineup consisting of 6 female photographs. I advised the operative to look at the line up
12 and to point to any photo that they recognized. I advised that it was ok not to identify anyone and
13 that there was a chance that they would not recognize anyone in the photos. I asked the operative
14 to only identify someone if they were 100% certain of their identity. The operative identified one
15 of the photos on the page. The operative said that it was Tarra Denton and was correct in doing
16 so. The operative circled the photo of Denton, initialed and dated it.

17
18 At the pre-buy location I searched the operative and Det. Heffernan searched the operative's car
19 prior to the buy. Nothing of consequence was located during those searches. I was with the
20 operative when they tried to contact Denton on her cell to arrange the meeting. She did not
21 answer. The operative contacted a female associated of Denton's, Malika (unknown spelling).
22 Malika was contacted via cell and she said she was with Denton. The operative advised Malika
23 that they could not reach Denton on her cell. Malika told the operative that Denton would meet
24 them at the Taco Bell on Kitsap Way in Bremerton WA to do the deal.

25
26 I provided the operative with the photographed perfume and straightener from Fred Meyer. The
27 operative was then followed to the Taco Bell parking lot arriving at about 1725 hrs. Det. Whatley
28 and Sgt. Plumb were already there on surveillance. The operative contacted me shortly after their
29 arrival at Taco Bell to tell me that Denton called and changed the location to the McDonald's on
30 Kitsap Way. This is a common tactic used by dealers who are concerned about being arrested as
31

1 a result of an informant working with the police. The surveillance units were advised of the
2 change in locations and they repositioned themselves with a view of the McDonald's lot, which is
3 just west of the Taco Bell location.

4
5 The operative was advised when they were allowed to move from Taco Bell to the McDonald's.
6 I observed the operative entering the McDonald's lot and parking in view of Kitsap Way as
7 instructed at about 1730 hrs.

8
9 I received a call from Det. Musselwhite who was on surveillance on Baymont Place. He advised
10 that three cars just left the area of Denton's house on Baymont. They were a silver Honda, dark
11 colored Jeep Cherokee and a white Mercury Cougar. I advised surveillance units of these vehicle
12 descriptions in case they were being used as counter-surveillance. Shortly after that I observed a
13 dark colored Jeep Cherokee coming from Corbet Dr and turning w/b onto Kitsap Way. I advised
14 units of this and they advised that they could see it as well. I moved to a vantage point where I
15 could see the operative's car in the McDonald's lot. During this time the Jeep pulled into the lot
16 and turned around. I saw the Jeep parking in the lot facing the McDonald's play area. I then
17 observed the operative entering the rear passenger door of the Jeep. They were seated behind the
18 driver. This occurred at about 1741 hrs. The operative was inside the Jeep for a few minutes
19 until emerging at about 1752 hrs and returning to their car.

20
21 The Jeep left the lot and turned westbound onto Kitsap Way. An attempt was made to follow the
22 car, but surveillance units lost it. Det. Musselwhite was still on surveillance on Baymont and
23 advised that the meeting occurred and the Jeep had left the lot. I asked him to report back to me
24 when and if the Jeep returned to Baymont.

25
26 I contacted the operative by phone and asked if the deal occurred. The operative said that Denton
27 was the passenger in the Jeep and that it was driven by an unknown white female. The operative
28 said that Denton gave them two 15mg Percocet pills in exchange for the Juicy Couture and hair
29 straightener. I advised the operative that we were following him to the post-buy location.

1 At about 1809 Det. Musselwhite contacted me by phone from Baymont Place and he advised that
2 the same Jeep Cherokee just arrived back to the Baymont address. He advised he saw two
3 females exiting the Jeep and entering the house on Baymont. He provided the plate on the Jeep.
4 It was Washington plate #556UTW, registered to Jeannee Brown in Bremerton WA.

5
6 I met the operative at the post-buy location with Det. Heffernan and Det. Whatley. The operative
7 handed me two round, blue, small pills marked with 214. These have been confirmed to be
8 Oxycodone Hydrochloride (15mg pills). These are schedule 2 drugs. I searched the operative at
9 this location and Det. Whatley searched the operative's car. Nothing of consequence was located
10 during these searches.

11
12 I conducted a recorded interview with the operative at this location. I had the operative's
13 permission to record their voice during the interview. In short, the operative described their
14 relationship with Denton, their knowledge that Denton sells prescription pills, and trades stolen
15 property for pills. The operative explained that they had done these types of deals with Denton
16 prior to their relationship with the police. The operative said that they had done over 30 illicit pill
17 deals with Denton as a rough estimate.

18
19 In regards to the deal at McDonald's, the operative advised that Denton was the passenger in the
20 Jeep. The operative did not know the female driver. The operative said that Denton was given
21 the perfume and straightener and that Denton tried to give them one 15mg Percocet in return. She
22 reportedly retrieved this pill from the area of her breasts inside of her shirt. The operative
23 objected to this knowing the value of a 15mg pill is about \$20. The operative said that Denton
24 offered to give them some "weed" (Oxycodone Hydrochloride (Percocet)) in addition to the one
25 15mg pill. The operative objected to this and Denton retrieved another 15mg Percocet from the
26 area of her breasts inside her shirt.

27
28 The operative said that Denton made small talk with them and asked them if they would go steal
29 items from Target. The operative refused. The operative exited the Jeep and returned to their car
30 with the 2 Percocet pills given to them by Denton. The operative then drove to the post-buy
31

1 search location where we met.

2
3 The two Percocet pills were placed into the Bremerton Police property room after the buy.

4
5 It is my belief that this investigation has shown a repeated pattern of illicit drug dealing by Tarra
6 Denton. Denton has been shown to reside at 2503 Baymont Place in Bremerton WA, through
7 surveillance techniques, and the completion of controlled buys with Denton. The additional
8 evidence that she is involved in drug possession and likely drug dealing is seen in the August
9 2011 Bremerton Police report where Denton reports a home invasion robbery at her Baymont
10 address, and drugs, and cash were stolen from her during that robbery. It is my belief and the
11 investigation shows that Denton and her associates are still conducting their illegal drug sales
12 crimes out of the Baymont address as demonstrated by the controlled buy operation conducted on
13 9/27/11 (described above). I believe that evidence of the crime of delivery of a controlled
14 substance, to wit; Oxycodone Hydrochloride is located inside of 2503 Baymont Place, in
15 Bremerton WA.

16
17 A criminal history check of Denton shows that she has been convicted of one felony for Assault
18 2nd degree in 2001. She has been arrested for theft, controlled substance possession (prescription
19 drugs), possession of drug paraphernalia, theft (organized retail), possession of stolen property,
20 assault 1st degree, assault 4th degree, and false reporting.

21
22 On 9/27/2011 while discussing the service of a warrant at 2503 Baymont Plc with other SOG
23 detectives, I was advised that there was indication in the robbery investigation that Denton lived
24 in the basement portion of 2503 Baymont Plc. I contacted the owner of the residence who
25 advised me that her daughter, Sarah Mercer, lives in the upstairs portion and that a female friend
26 of Sarah's lives in the bottom half. It should be noted that the lower portion of this residence is
27 not visible from the street view. In attempt to gain further information on how entry is made to
28 the lower portion of the residence, Det. Musselwhite, Det. Heffernan and I conducted more
29 surveillance on the Baymont address. I saw a female, whom I believe is Malika (based on
30 description) walking from the rear of the residence along the south end of the carport. She
31

1 entered the trunk of a silver car parked at the end of the street near the house. She returned to the
2 house they way she came.

3
4 I am seeking the ability to search only the lower portion of the residence located at 2503 Baymont
5 Plc.

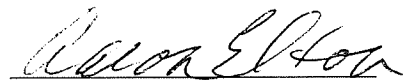

6 **Therefore, I request authority to search for and seize the following items;**

- 7 1. Any and all Oxycodone Hydrochloride (Percocet); and
8 2. Any books, records books, research products and materials, including formulas, tapes,
9 film, photographs, data, calendars, receipts, notes, ledgers, computer disks or records,
10 and other papers relating to the use, sale, ordering, transporting, purchase, possession
11 and distribution of Oxycodone Hydrochloride (Percocet);
12 3. Drug paraphernalia (all equipment, products, and materials of any kind which are
13 used, intended for use, or designed for use in compounding, converting, producing,
14 processing, weighing, packaging, containing, concealing, inhaling, ingesting or
15 otherwise introducing into a human body: Oxycodone Hydrochloride (Percocet)),
16 including, but not limited to: paper bindles, plastic bags, "cutting" agents, scales and
17 other weighing devices, heat sealing devices, pipes, hypodermic, tin foil and
18 containers commonly associated with the storage, sale, and use of Oxycodone
19 Hydrochloride (Percocet); and any items described as drug paraphernalia under RCW
20 69.50.102;
21 4. All monies, jewelry, proceeds, securities, and negotiable instruments that relate to the
22 possession and distribution of controlled substances;
23 5. Any weapons and ammunition, including by not limited to, handguns, pistols,
24 revolvers, rifles, shotguns, automatic weapons, parts there of, and any records or
25 receipts pertaining to the firearms and ammunition;
26 6. Any papers and/or items showing evidence of occupancy, residency, and ownership,
27 or dominion and control of the premises and/or vehicle/s described;
28 7. Any papers, documents, computer disks that would indicate how drug transaction
29
30
31

1 funds are utilized, such as tax records, bank records, bills, expenditure records and
2 receipts, and any other items of evidence showing the obtaining, secreting, transfer,
3 and/or concealment of assets and expenditures of monies.

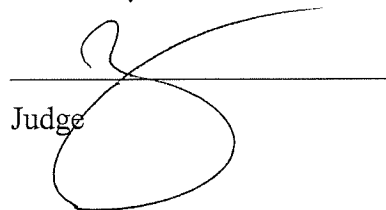

- 4 8. Telephone and address books, telephone records, bills, and any documents relating to
5 co-conspirators or persons to whom controlled substances have been delivered. Also
6 photographs or video recordings that record drug manufacturing operations, use, or
7 transactions by the suspect or co-conspirators for the manufacture, use, delivery or
8 purchase of controlled substances;
9
10 9. Electronic equipment, such as pagers, cell phone, telephones, answering machines,
11 scanners, computers, facsimile machines, currency counting machines, calculators,
12 cell phones and related manuals used to generate, transfer, count, record and/or store
13 information and photos about drug manufacturing, use and trafficking;
14 10. Any items used for surveillance or to protect the premises from law enforcement
15 officers.

25 Judge

THE SUPERIOR COURT OF THE STATE OF WASHINGTON
IN AND FOR THE COUNTY OF KITSAP

RECEIVED AND FILED
SEP 29 2011
DAVID W. PETERSON
KITSAP COUNTY CLERK

STATE OF WASHINGTON

Plaintiff,

vs.

The lower portion of a stick built residence on Baymont Place. It is cream colored with dark colored trim, and the numbers "2503" affixed to the front of the structure and left of the door. This residence has an attached carport on the south side. Access to the basement in on the back side of the house. This residence is located in the city of Bremerton, the County of Kitsap, State of Washington.

Defendant

) NO. 20110346
)
) SEARCH WARRANT FOR FRUITS /
) INSTRUMENTALITIES AND/OR
) EVIDENCE OF A CRIME FOR:

A Violation of the Uniformed Controlled Substances Act ("V.U.C.S.A."), R.C.W. 69.50.401, Delivery/Possession/ Possession with Intent to Deliver and or Delivery of a Controlled Substance, to wit: schedule two prescription drugs such as; Oxycodone Hydrochloride (Percocet)

STATE OF WASHINGTON TO: Any peace officer in said County:

WHEREAS, upon the sworn complaint heretofore made and filed in the above entitled court, it appears to the undersigned Judge of the above entitled court that there is probable cause to believe that, in violation of the laws of the State of Washington with respect to the Possession, Possession with Intent to Deliver and/or Delivery of a Controlled Substance, to wit: Oxycodone Hydrochloride (Percocet), as defined by law in violation of the Uniformed Controlled Substances Act ("V.U.C.S.A."), R.C.W. 69.50.401, Delivery/Possession/ Possession with Intent to Deliver and or Delivery of a Controlled Substance, to wit: schedule two prescription drugs such as; Oxycodone Hydrochloride (Percocet) and evidence, fruits, and/or instrumentalities of said offense(s) are presently being kept, stored, or possessed, in violation of the provisions of the State of Washington, in about and upon certain premises and/or vehicles above described within the State of Washington, hereinafter designated and described as;

The lower portion of a stick built residence on Baymont Place. It is cream colored with dark colored trim, and the numbers "2503" affixed to the front of the structure and left of the door, This residence has an attached carport on the south side. Access to the basement in on the

1 back side of the house. This residence is located in the city of Bremerton, the County of
2 Kitsap, State of Washington.

3
4 NOW THEREFORE, in the name of the State of Washington, you are hereby commanded,
5 with the necessary and proper assistance, to enter and search the said premises and/or vehicle and to
6 seize any fruits, instrumentalities and/or evidence of a crime, to wit:

- 7 1. Any and all Oxycodone Hydrochloride (Percocet); and
- 8 2. Any books, records books, research products and materials, including formulas, tapes, film,
9 photographs, data, calendars, receipts, notes, ledgers, computer disks or records, and other papers
10 relating to the use, sale, ordering, transporting, purchase, possession and distribution of
11 Oxycodone Hydrochloride (Percocet);
- 12 3. Drug paraphernalia (all equipment, products, and materials of any kind which are used, intended
13 for use, or designed for use in compounding, converting, producing, processing, weighing,
14 packaging, containing, concealing, inhaling, ingesting or otherwise introducing into a human
15 body: Oxycodone Hydrochloride (Percocet)), including, but not limited to: paper bindles,
16 plastic bags, "cutting" agents, scales and other weighing devices, heat sealing devices, pipes,
17 hypodermic, tin foil and containers commonly associated with the storage, sale, and use of
18 Oxycodone Hydrochloride (Percocet); and any items described as drug paraphernalia under
19 RCW 69.50.102;
- 20 4. All monies, jewelry, proceeds, securities, and negotiable instruments that relate to the possession
21 and distribution of controlled substances;
- 22 5. Any weapons and ammunition, including by not limited to, handguns, pistols, revolvers, rifles,
23 shotguns, automatic weapons, parts there of, and any records or receipts pertaining to the
24 firearms and ammunition;
- 25 6. Any papers and/or items showing evidence of occupancy, residency, and ownership, or dominion
26 and control of the premises and/or vehicle/s described;
- 27 7. Any papers, documents, computer disks that would indicate how drug transaction funds are
28 utilized, such as tax records, bank records, bills, expenditure records and receipts, and any other
29 items of evidence showing the obtaining, secreting, transfer, and/or concealment of assets and
30 expenditures of monies.
- 31 8. Telephone and address books, telephone records, bills, and any documents relating to co-

1 conspirators or persons to whom controlled substances have been delivered. Also photographs
2 or video recordings that record drug manufacturing operations, use, or transactions by the
3 suspect or co-conspirators for the manufacture, use, delivery or purchase of controlled
4 substances;

5 9. Electronic equipment, such as pagers, cell phone, telephones, answering machines, scanners,
6 computers, facsimile machines, currency counting machines, calculators, cell phones and related
7 manuals used to generate, transfer, count, record and/or store information and photos about drug
8 manufacturing, use and trafficking;

9 10. Any items used for surveillance or to protect the premises from law enforcement officers.

10
11 And to safely keep that same and to make a return of said warrant within (10) days; with a
12 particular statement of all the articles seized and the name of the person or persons in whose
13 possession the same were found, if any; and if no person is found in possession of said articles, the
14 return shall so state. A copy of said warrant shall be served upon the person or persons found in
15 possession thereof; if no such persons are found, a copy of said warrant shall be posted upon said
16 premises and/or vehicle(s) where the same are found, then in any conspicuous place upon the
17 premises and/or vehicle(s), together with a receipt for all the articles seized.

Case #B11-009105

Date of Seizure: 9/30/11

PROPERTY: Item # P10: \$393.00 US Currency

WHEREAS, the items listed on the enclosed property list were seized by Officers of the Bremerton Police Department Special Operations Group on or about September 20, 2010 incidental to an Arrest or Search Warrant for Violation of the Uniform Controlled Substance Act; and:

WHEREAS, the owner of said properties was served with Notice of Seizure and Intended Forfeiture by certified return mail within 15 days following the seizure; and:

WHEREAS, no person notified the seizing law enforcement agency in writing, of a claim of ownership or right to possession of said properties, within 45 days of the seizure; and:

WHEREAS, RCW 69.50.505 provides for the forfeiture of ownership and right to possession of said properties in such cases; now, therefore, it is hereby

ORDERED, that any right, right to possession, title, and interest in said listed properties, herein attach by list, is hereby forfeited to the Bremerton Police Department Special Operations Group and it, and it alone, is hereinafter entitled to, and vested with, said properties.

Dated this Tuesday, November 22, 2011.

Craig E. Rogers, Chief of Police
Bremerton Police Department

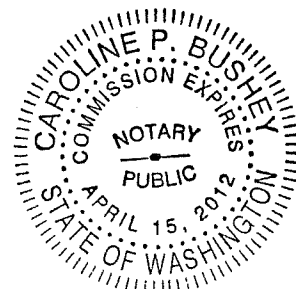

Randy Plumb #413

by Randy Plumb, Sergeant

The money (\$393.00) seized during this investigation was forfeited to the City of Bremerton. On May 4th, 2012, the money was deposited into the City of Bremerton's seizure fund (110 fund) by way of a check (ck#1064) from the Bremerton Police Department's Pending Seizure Account. See the attached receipt for additional information.

Report with case file.

On January 11th, 2012, I was working as the detective sergeant assigned to the Bremerton Police Department's Special Operations Group (SOG). Also on this date, at approximately 1000 hours, I went to the Bremerton Police Department's Property and Evidence Division and met with Evidence Technician Cathy Mattson. At that time, I took custody of and signed for item #P10 (\$393.00) from this case. After taking custody of the item, I opened the packaging and re-counted the money. After counting this money, and money quantities from several other cases, Lt. Olan and I transported the money to the Bank of America, located at 6th Street and Warren Avenue in Bremerton, Washington. Once there, we deposited the money into the City of Bremerton Police Department's pending seizure account. See the attached receipt and other documents for further information.

I CERTIFY OR DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

NOTICE OF SEIZURE AND INTENDED FORFEITURE

October 6, 2011

TO: Tarra Denton

RE: Report # B11-009105

Date of Seizure: 9/30/11

YOU ARE HEREBY NOTIFIED THAT THE PROPERTY IDENTIFIED BELOW HAS BEEN SEIZED BY THE BREMERTON POLICE DEPARTMENT - SPECIAL OPERATIONS GROUP UNDER AUTHORITY OF RCW 69.50.505. THE ARTICLES SEIZED ARE:

Item # P10: \$393.00 US Currency

THE INTENT OF THE BREMERTON POLICE DEPARTMENT SPECIAL OPERATIONS GROUP IS TO HAVE THE ABOVE DESCRIBED PROPERTY FORFEITED PURSUANT TO RCW 69.50.505. THIS STATUTE STATES THAT PROPERTY USED IN CONNECTION WITH AN OFFENSE INVOLVING A CONTROLLED SUBSTANCE IS SUBJECT TO FORFEITURE.

If you fail to notify this agency in writing of any claim of ownership or right to possession of the said items within forty-five (45) days of seizure, the items seized shall be deemed forfeited. If you notify this agency in writing of a claim of ownership or right of possession of the said items within forty-five (45) days of this seizure, you shall be afforded a reasonable opportunity to be heard as to the claim of right. This notice and any such hearing shall be in accordance with RCW 34.05. Write to the following: **Bremerton Police Department Special Operations Group, 1025 Burwell Street, Bremerton, WA 98337**

Craig Rogers, Chief of Police

Randy Plumb #413

by Detective Sergeant Randy Plumb
Special Operations Group

RETURN OF SERVICE

I, the undersigned officer of the Kitsap County Corrections Division, do hereby state that I served a copy of the Notice of Seizure and Intended Forfeiture in the above entitled case on the _____ Day of October, 2011, at _____ hours, at the address of 614 Division Street (Kitsap County Jail), Kitsap County, Washington, by personally delivering such

NOTICE OF SEIZURE AND INTENDED FORFEITURE to: _____
SIGNATURE of Terra Denton

I certify under penalty of perjury under the laws of the State of Washington, that the foregoing is true and correct.

Dated: _____

By: _____

CERTIFICATE OF PROBABLE CAUSE**SUSPECT NAME:** Tarra D. Denton (11/19/1977)**COURT:** ☒ Superior ☐ District ☐ Juvenile ☐ Bremerton Municipal**ARREST CRIME:** VUCSA Delivery of a Controlled Substance (4 counts) – Schedule 2 prescription drugs.**ARREST DATE & TIME:** 9/29/11 at about 1658 hrs**ARREST LOCATION:** 2503 Baymont Plc Bremerton WA.**PROBABLE CAUSE**

I conducted multiple controlled purchases of Oxycodone Hydrochloride (Percocet pills) with suspect Tarra D. Denton. These deals occurred within the city of Bremerton during the month of September 2011.

Each deal occurred in the same manner. I met with a police operative and another detective from SOG before each buy occurred. I searched the operative and the other detective searched the operative's car at this meeting. I provided the operative with the pre-recorded SOG funds used to purchase the drugs in this case. I was present at this meeting with the operative who would contact Tarra Denton each time to arrange the deal. I could hear their conversation via the operative's speaker phone. Denton is the main source of supply in this case. Denton would then arrange the pill deals with the operative and then either Tarra or Malaika Angevine would meet the operative in order to complete the purchase.

In each case the operative ended the call with Denton, and then the operative was followed to the deal location where they were observed meeting with Angevine or Tarra Denton. Denton used a van registered to her under the name Tarra Denton on a few of these occasions. I was on surveillance during four buys that were arranged with Denton. I visually observed Denton arriving and leaving from the deal locations during buy #1 and #4.

The operative was followed away from the controlled buys and met at a post-buy secure location. I met with the operative and at least one other detective, after the buys

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct		
Signature: 	Print Name: Detective Aaron Elton	# 452

Date: September 29, 2011	Place: City of Bremerton	Agency: Bremerton PD
	Case #: 11-009105	Page 1 of 2

occurred. The operative provided me with the purchased drugs while at this location. The operative and their vehicle were again searched at this location. The operative provided a description of what transpired during the buys with Denton or Malaika at this location as well. The operative said that Denton handed them the pills that were purchased with the SOG funds we provided during buy #1 and #4.

I put the purchased evidence into the BPD evidence room after each buy. I was able to confirm that the purchases drugs from buys #1 and 4 were schedule 2 drugs. This was determined by their appearance and the use of a pill identifier. They were specifically indentified as Oxycodone Hydrochloride.

I located and arrested Denton at about 1658 hrs today while serving a warrant on Baymont Place in Bremerton WA. She was arrested on the probable cause detailed above and advised of her rights. After a short interview she was transported to jail where she was booked for Delivery of a CS (prescription drugs – schedule 2) \$75,000 bail.

I was contacted by Ofc. Rauback who had transported Denton to the jail. He advised that Denton swallowed evidence when she had the opportunity during a more intimate search of her by female jail staff. I requested this search based on my investigation, and in the interest of keeping any drugs that were hiding in or on her person, out of the jail population. They were not able to recover the item she swallowed, she would not give details about what she swallowed. I provided what information I had learned through this investigation to Sgt. Craig Dick of the Kitsap County Jail so that they could monitor Denton's health in case she swallowed the type of drugs we were buying or that we located during the search of her and her residence (meth or marijuana).

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct

CERTIFICATE OF PROBABLE CAUSE**SUSPECT NAME:** Malaika Laurie Angevine 06/25/1993**COURT:** ☒ Superior ☐ District ☐ Juvenile ☐ Bremerton Municipal**ARREST CRIME:** VUCSA Delivery of a Controlled Substance (2 counts) – Schedule 2 prescription drugs.**ARREST DATE & TIME:** 9/29/11 at about 1658 hrs**ARREST LOCATION:** 2503 Baymont Plc Bremerton WA.**PROBABLE CAUSE**

I conducted multiple controlled purchases of Oxycodone Hydrochloride (Percocet pills) from Malaika Angevine. These deals occurred within the city of Bremerton during the month of September 2011.

Each deal occurred in the same manner. I met with a police operative and another detective from SOG before each buy occurred. I searched the operative and the other detective searched the operative's car at this meeting. I provided the operative with the pre-recorded SOG funds used to purchase the drugs in this case. I was present at this meeting with the operative who would contact Tarra Denton. Denton is the main source of supply in this case. Denton would then arrange the pill deals with the operative and then send Angevine to meet the operative in order to complete the purchase.

In each case the operative ended the call with Denton, and then the operative was followed to the deal location where they were observed meeting with Angevine. Angevine showed up to the arranged meet location in Denton's van. I recognized this van due to the fact it was registered to Tarra and it was used to transport drugs to a police operative in other buys. I was on surveillance during the two buys that Angevine helped facilitate and complete for Denton. She showed up to those deals alone. I visually observed her arriving and leaving from the deal locations each time. The operative in this case knew Malaika by first name and provided a description of her for me.

The operative was followed away from the pill buys completed with Malaika. I again met with the operative and at least one other detective, after the buys occurred. The

Randy,

We did not receive a hold on 11-011816, #A-3, this amount yet, \$1,300.00, but wanted to bring it up in case you want to pick it up also.

X 1. Dispose of Property

Please dispose with the property/evidence as noted below. If the owner is unknown, dispose of the property pursuant to your rules and procedures in accordance with the Revised Code of Washington. If you have any questions, please contact me.

Personal, non-contraband items—Items such as clothing, wallets, keys, etc. should be returned to the Defendant unless otherwise noted.

Evidence that could be DNA tested—Any evidence that could be tested for DNA comparison shall **not** be destroyed by the investigative agency that has custody of it because inmates have the statutory right to have such evidence tested at their request.

Forfeit / Destroy firearms, knives, or other weapons, if any, unless otherwise stated.

Forfeit / Destroy all drugs, drug paraphernalia, or drug-related contraband, unless otherwise stated.

Dispose of any other property and/or evidence as follows: Release all legally returnable items to owner. Dispose of, forfeit, or destroy property pursuant to your rules or procedures.

☐ **2. Hold Property** until further notice from our office.

☐ **3. Other**—
